This book opens up a comprehensive exploration in the fields of art, design, architecture and fashion. It outlines rigorous research efforts examining topics ranging from proposing innovative solutions for color identification among individuals with color blindness in clothing to analyzing the complex relationship between social media influences such as TikTok and consumption patterns on platforms such as Shein. Moreover, the discourse extends to the subtle use of non-woven fabric in the textile, clothing, and fashion industries, providing a comprehensive look at industry practices. The chapters also shed light on practical applications of theoretical knowledge, as evidenced in the study detailing professional practices at Braz Fashion Company, particularly the curation of visual content for social media platforms, further highlighting the synergy between industry practices and academic research. This collaborative effort, curated by expert participants, aims not only to expand knowledge horizons in relevant fields but also to serve as a catalyst for interdisciplinary dialogue and innovation. I would like to express my heartfelt gratitude to the valuable authors who enriched this book with their dedication. A Short History of Trans Misogyny Jules Gill-Peterson,2024-01-30 An accessible, bold new vision for the future of intersectional trans feminism, called one of the best books in trans studies in recent years by Susan Stryker “A beautifully written and argued book.” - Torrey Peters, author of Detransition, Baby There is no shortage of voices demanding everyone pay attention to the violence trans women suffer. But one frighteningly basic question seems never to be answered: why does it happen? If men are not inherently evil and trans women do not intrinsically invite reprisal—which would make violence unstoppable—then the psychology of that violence had to arise at a certain place and time. The trans panic had to be invented. Award-winning historian Jules Gill-Peterson takes us from the bustling port cities of New York and New Orleans to the streets of London and Paris in search of the emergence of modern trans misogyny. She connects the colonial and military districts of the British Raj, the Philippines, and Hawai’i to the lively travesti communities of Latin America, where state violence has stamped a trans label on vastly different ways of life. Weaving together the stories of historical figures in a richly detailed narrative, the book shows how trans femininity emerged under colonial governments, the sex work industry, the policing of urban public spaces, and the area between the formal and informal economy. A Short History of Trans Misogyny is the first book to explain why trans women are burdened by such a weight of injustice and hatred.

Trans Studies En Las Americas Cole Rizki,Juana Mar Rodriguez,2019-05-10 Shifting the geopolitics of trans studies, travesti theory is a Latinx American body of work with an extensive transregional history. As a particular body politics, travesti identification is not only a sexed, gendered, classed, and racialized form of relation, but a critical mode and an epistemology. Throughout the Américas, trans and travesti studies take a multiplicity of forms: scholarly work that engages identitarian and anti-identitarian analytical frameworks as well as interventions into state practices, cultural production, and strategic activist actions. These multiple critical approaches--both travesti and trans--are regionally inflected by the flows of people, ideas, technologies, and resources that shape the hemisphere, opening up space to explore the productive tensions and expansive possibilities within this body of work. This special issue of TSQ prompts a conversation between trans and travesti studies scholars working across the Américas to investigate how shifts in cultural practices, aesthetics, geographies, and languages enliven theories of politics, subjectivity, and embodiment. Contributors to this issue offer a hemispheric perspective on trans and travesti issues to the Anglophone academy, expand transgender studies to engage geopolitical connections, and bring interdisciplinary approaches to topics ranging from policy to cultural production. This issue is an unprecedented English-language collection by Latin American and Latinx scholars on trans and travesti issues. Contributors. The Woman in Black Susan Hill, 2016-12-19 "Wajahnya sarat dengki dan keputusasaan, seakan tengah mencari sesuatu yang telah direnggut darinya. Dan, wanita itu bersumpah mencurahkan seluruh kebencian dan kesumat dalam dirinya." Ketika Arthur Kipps, pengacara muda, ditugaskan untuk menghadiri pemakaman seorang klien di kota kecil Crythin Gifford, dia menganggapnya sebagai batu pijakan untuk naik jabatan. Sang klien, Nyonya Drablow, tinggal sendiri di Eel Marsh House yang dikelilingi rawa-rawa berkabut. Rumah besar dan kuno ini yang hanya dapat didatangi ketika air sedang surut. Ternyata tak ada warga Crythin Gifford yang sudi berurusan dengan Nyonya Drablow maupun Eel Marsh House. Mereka bilang tempat itu dikutuk, sering terdengar lolongan mengenaskan dari balik kabut. Kipps menguatkan diri dan nekad bermalam di Eel Marsh House, meski banyak orang mencegahnya. Di rumah angker itu, Kipps bertemu dengan sesosok wanita bergaun hitam. Sosok arwah legenda yang kemunculannya selalu diikuti oleh kematian misterius. Sosok penuh dendam dan kebencian yang selalu ingin memakan korban. Dan kini dia mengejar Kipps. Siapakah sebenarnya wanita bergaun hitam itu? [Mizan Publishing, Qanita, Novel, Klasik, Terjemahan, Indonesia]

The Revised Fundamentals of Caregiving Jonathan Evison, 2013-05-07 In *The Revised Fundamentals of Caregiving* (releasing June 24, 2016 as a Netflix Original Film titled *The Fundamentals of Caring*, starring Paul Rudd and Selena Gomez), Jonathan Evison, author of the new novel *This Is Your Life*, *Harriet Chance!* and the New York Times bestseller *West of Here*, has crafted a novel of the heart, a story of unlikely heroes in a grand American landscape. For Ben Benjamin, all has been lost--his wife, his family, his home, his livelihood. Hoping to find a new direction, he enrolls in a night class called *The Fundamentals of Caregiving*, where he will learn to take care of people with disabilities. He is instructed about professionalism, about how to keep an emotional distance between client and provider, and about the art of inserting catheters while avoiding liability. But when Ben is assigned his first client--a tyrannical nineteen-year-old boy named Trevor, who is in the advanced stages of Duchenne muscular dystrophy--he soon discovers that the endless service checklists have done nothing to prepare him for the reality of caring for a fiercely stubborn, sexually frustrated teenager who has an ax to grind with the whole world. Over time, the relationship between Ben and Trev, which had begun with mutual misgivings, evolves into a close friendship, and the traditional boundaries between patient and caregiver begin to blur. The bond between them strengthens as they embark on a road trip to visit Trev's ailing father--a journey rerouted by a series of bizarre roadside attractions that propel them into an impulsive adventure disrupted by one birth, two arrests, a freakish dust storm, and a six-hundred-mile cat-and-mouse pursuit by a mysterious brown Buick Skylark. By the end of that journey, Trev has had his first taste of love, and Ben has found a new reason to love life. Bursting with energy and filled with moments of absolute beauty, this big-hearted and inspired novel ponders life's terrible surprises as well as what it takes to truly care for another human being.

Kretek Capitalism Marina Welker, 2024-04-09 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. Indonesia is the world's second-largest cigarette market: two out of three men smoke, and clove-laced tobacco cigarettes called kretek make up 95 percent of the market. Each year, more than 250,000 Indonesians die of tobacco-related diseases. To account for the staggering success of this lethal industry, *Kretek Capitalism* examines how kretek manufacturers have adopted global tobacco technologies and enlisted Indonesians to labor on their behalf in fields and factories, at retail outlets and social gatherings, and online. The book charts how Sampoerna, a Philip Morris subsidiary, uses contracts, competitions, and gender, age, and class hierarchies to extract labor from workers, influencers, artists, students, retailers, and consumers. Critically engaging nationalist claims about the commodity's cultural heritage and the jobs it supports, Marina Welker shows how global capitalism has transformed both kretek and the labor required to make and promote it.

Great Powers and Geopolitical Change Jakub J. Grygiel, 2007-02-01 Named by Foreign Affairs as a book to read on geopolitics. In an era of high technology and instant communication, the role of geography in the formation of strategy and politics in international relations can be undervalued. But the mountains of Afghanistan and the scorching sand storms of Iraq have provided stark reminders that geographical realities continue to have a profound impact on the success of military campaigns. Here, political scientist Jakub J. Grygiel brings to light the importance of incorporating geography into grand strategy. He argues that states can increase and maintain their position of power by pursuing a geostrategy that focuses on control of resources and lines of communication. Grygiel examines case studies of Venice, the Ottoman Empire, and China in the global fifteenth century--all great powers that faced a dramatic change in geopolitics when new routes and continents were discovered.

The location of resources, the layout of trade networks, and the stability of state boundaries played a large role in the success or failure of these three powers. Grygiel asserts that, though many other aspects of foreign policy have changed throughout history, strategic response to geographical features remains one of the most salient factors in establishing and maintaining power in the international arena.

All people of faith struggle at times to sustain a flourishing prayer life--a loss felt all the more keenly in times like ours of confusion, political turbulence, and global calamity. The Prayer Wheel introduces an ancient prayer practice that offers a timeless solution for the modern faithful. The Prayer Wheel is a modern interpretation of the Liesborn Prayer Wheel, a beautiful, almost wholly forgotten, scripture-based mode of prayer that was developed in a medieval times. The Liesborn Prayer Wheel resurfaced in 2015 in a small private gallery near New York's Metropolitan Museum of Art. It faithfully and beautifully presents seven prayer paths for personal or group use. Each path invites contemplation on the big ideas of the Christian faith--the Lord's Prayer, the Beatitudes, the gifts of the Holy Spirit, and key words from the life of Christ. In the tradition of lectio divina and walking a labyrinth, The Prayer Wheel simply and directly takes readers into a daily, wholly unique encounter with God. As the prayers in this book unfold, readers will find an appealing guide for contemplation, a way of seeing God in new ways, and an essential new tool for Christian formation.
