

Rooterbuster

Joss Whedon

Star Wars Origami ,2012-08-07 Kids love origami—and what could be cooler than transforming a piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like *The Joy of Origami* and *Origami on the Go*, this book puts an original spin on an ancient art. And like Star Wars® *Scanimation*® and Star Wars® *Fandex*®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. Star Wars Origami includes a foreword by Tom Angleberger, author of the New York Times bestsellers *The Strange Case of Origami Yoda* and *Darth Paper Strikes Back*, and is scheduled to be published at the same time as Angleberger's upcoming book, *The Secret of the Fortune Wookiee*.

Papercuttables David Landis,2017-01-02 Are you up to the challenge of becoming the world's greatest papercutter? Then get ready to dive into a whole new papercrafting world filled with wonderful creatures only you can create! Welcome to the world of the Papercuttables! Part adventure story, part papercraft, and 100% fun and engaging, this isn't your typical run-of-the mill craft book. Not only do you get to build your own unique Papercutable, but you'll also be participating in an exciting action-packed story as you race against time in order to save your creations from a dark and mysterious force set out to destroy the land of the Papercuttables once and for all!With imaginative

images of creatures as wild as a sugar-loving plant called Sweet Root, as sleepy as a little dinosaur that goes by the name of Sleepysaurus, and more exciting characters, readers won't be able to get enough of crafting these unique creations!Papercuttables: No need for glue or tape, all you need is a pair of scissors...and a wild imagination!

Firefly Original Graphic Novel: Watch How I Soar Joss Whedon,2020-12-09 Return to the critically-acclaimed world of Joss Whedon's *Firefly* and *Serenity*, in an all new graphic novel spotlighting Hoban "Wash" Washburne, pilot of the spaceship *Serenity*...who has just realized he's about to die. As Wash's life flashes before him, he revisits untold moments in his life, from growing up on a planet ravaged by pollution, to meeting the woman of his dreams in Zoe. And in those final moments, Wash will reach out to connect with a surprising someone he never thought possible to meet...proving that some bonds transcend our mortal coils. With original short stories from superstar creative teams, learn the untold past, present, and maybe even future of the best pilot in the 'Verse—Hoban "Wash" Washburne.

Exquisite Modular Origami Meenakshi Mukerji,2011 Publisher information from iPage.IngramContent.com.

Misao u arhitekturi Velimir Neidhardt,2018 The book is a collection of theoretical texts written and published by academician Velimir Neidhardt in the last 50 years (starting in 1968). The editor of the book, Alen Žunić, selected 120 seminal texts written by Mr. Neidhardt including some that have never been published before. The texts belong to diverse genres: from short notes, essays, interviews, project presentations to serious research studies. They are grouped into nine thematic sections: topics about Zagreb, urban planning, theoretical and historical reflections on architecture, architects, methodological aspects of architectural design, problems of professional activity, books

and exhibitions, and the author's own works.

Cultural Urban Heritage Mladen Obad Šćitaroci, Bojana Bojanić Obad Šćitaroci, Ana Mrđa, 2019-01-28 This book presents strategies and models for cultural heritage enhancement from a multidisciplinary perspective. It discusses identifying historical, current and possible future models for the revival and enhancement of cultural heritage, taking into consideration three factors – respect for the inherited, contemporary and sustainable future development. The goal of the research is to contribute to the enhancement of past cultural heritage renovation and enhancement methods, improve the methods of spatial protection of heritage and contribute to the development of the local community through the use of cultural, and in particular, architectural heritage. Cultural heritage is perceived primarily through conservation, but that comes with limitations. If heritage is perceived and experienced solely through conservation, it becomes a static object. It needs to be made an active subject, which implies life in heritage as well as new purposes and new life for abandoned heritage. Heritage can be considered as a resource that generates revenue for itself and for the sustainability of the local community. To achieve this, it should be developed in accordance with contemporary needs and technological achievements, but on scientifically based and professional criteria and on sustainable models. The research presented in this book is based on the approach of Heritage Urbanism in a combination of experiments (case studies) and theory.

Exquisite Modular Origami III Meenakshi Mukerji, 2021-09-26 This third volume of her prior two highly acclaimed volumes of Exquisite Modular Origami contains her newest, spectacular works that are not only of high aesthetic value but also sturdy. Presented in this richly illustrated full color book are three dozen polyhedral modular origami designs, also called kusudamas. Expect hours of fun folding exquisite designs that can be given as gifts or used as decorations around the house. They

also make great holiday ornaments. Included are some hand-picked beauties by guest contributors Valentina Minayeva and Enrica Dray as well, both known in the origami world for their beautiful work. For ages 12 and up. Follow the author on linktr.ee/origamee, origamee.net, Instagram @origamee
