Leaf Storm Gabriel García Márquez,2022-10-11 Leaf Storm is the first book García Márquez wrote. Already we see the colorful historical background that forms the basis for his later work. It covers the history of Macondo from 1903 to 1928, ending the year the author was born. A man dies and three people reflect on the story of Macondo's boom and decline as shown in the family fortunes over three generations. As they attend the wake, the members of the family recall the tragedy that involves them all. Grim, ironic, powerful, Leaf Storm creates a mysterious and ominous atmosphere that lingers on in the reader's mind.

The Storm in Her Eyes Julieta Garzón-Campos,2019-04-27 My grey eyes reflect the storms from far away: An unimaginable wind and rain pouring and a sky that cackles, yet I'm unable to show what I truly feel. The storm in my eyes is invisible, unseen. And it stays this way. Arianna doesn't know who she is anymore. Life on Earth has come to an end, and mankind, reluctant of the mistakes of their past, have set off to find a new planet to call home. No one knows what they will find on this unknown planet. But what's for certain is that nothing will ever be the same again...

Winds of Providence Christine Wheeler Beauchaine,2016-07-11 On September 21, 1938 a hurricane charged up the East Coast of the United States. It made landfall without warning. It devastated Long Island, New York and Southern New England. Over 600 people lost their lives. Thousands of houses were damaged. The storm did what would be over \$4 Billion worth of damage by today's standards. The storm made landfall in Rhode Island in the late afternoon during high tide. Intertwined with the dramatic story of the storm is the story of Lilly and Richard, a troubled young couple who need to lose one another in order to find each other.

Under the Storm Charlotte M Yonge,2020-12 Most of us have heard of the sad times in the middle of the seventeenth century, when Englishmen were at war with one another and quiet villages became battlefields. We hear a great deal about King and Parliament, great lords and able generals, Cavaliers and Roundheads, but this story is to help us to think how it must have gone in those times with quiet folk in cottages and farmhouses. There had been peace in England for a great many years, ever since the end of the wars of the Roses. So the towns did not want fortifications to keep out the enemy, and their houses spread out beyond the old walls; and the country houses had windows and doors large and wide open, with no thought of keeping out foes, and farms and cottages were freely spread about everywhere, with their fields round them.
