Birsa Munda and His Movement, 1872-1901 Kumar Suresh Singh, 2002 This work is a complete account of probably the best-known millenarian movement in tribal India. The movement of the Mundas led by Birsa was typical of the resistance and revitalization movements in the latter half of the nineteenth century. A combination of a religious and a political movement, it represented the struggle and aspirations of his people, sowing the first stirrings of nationalism among them and featuring an urge to recreate the old world which had disappeared under the onslaught of colonialism. Since the second revised edition of Birsa Munda and His Movement was published in 1983, the Birsa cult has developed further, and Birsa Munda has emerged as the icon of tribal people all over India. His movement Ulgulan (the upheaval) has been appropriated by all sorts of people, and by all political parties in Chotanagpur to further their agenda. The legend of the lad from Chalkad has travelled far and wide; and his portrait hangs in the Central Hall of Parliament, the only tribal leader to have been so honoured. Acclaimed as the first of its kind, this study is based on anthropological data and archival material. It traces Birsa's early life and his transformation into a black Christ against the background of the processes of transformation of the tribal society in Chotanagpur. His political movement and his religion are closely studied in the context of their impact on the course of history. The book was translated into various languages of the country and inspired various forms of creative adaptation in contemporary folk and regional literature, including Mahasweta Devi s major novel Aranyer Adhikar. This centennial edition marks the centenary of the martyrdom of Birsa Munda, and is also the third edition in English, restoring official documents and maps which appeared in the first edition, and includes a rare photograph of Birsa Munda, contemporary missionary accounts and additions to the bibliography, besides a fresh updating of the Birsa story as it is seen today. K. S. Singh, formerly of the Indian Administrative Service, spent many years in the Jharkhand region serving and studying tribal people. He has researched and written extensively on tribes, their history and anthropology. Among his well-known works are The Indian Famine 1967: A Study in Crisis and Change (1974), Birsa Munda and His Movement (1983), Tribal Society in India: An Anthropo-Historical Perspective (1985) and the introduction to People of India (1992/2002). The last book is part of his magnum opus, the 43 volume project on the people of India, based on the first pan-Indian survey of all communities of India, conceptualized, spearheaded, and edited by him, as Director General of the Anthropological Survey of India. (1984-1993).

Long Walk to Freedom Nelson Mandela,2008-03-11 The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality.
