**Hinduism and the Religious Arts** Heather Elgood,2000-04-01 The roots between the Hindu religion and the wider culture are deep and uniquely complex. No study of either ancient or contemporary Indian culture can be undertaken without a clear understanding of Hindu visual arts and their sources in religious belief and practice. Defining what is meant by religion - no such term exists in Sanskrit - and what is understood by Hindu ideals of beauty, Heather Elgood provides the best synthesis and critical study of recent scholarship on the topic. In addition, this book offers critical background information for anyone interested in the social and anthropological roots of artistic creativity, as well as the rites, practices and beliefs of the hundreds of millions of Hindus in the world today.

Painted Prayers Stephen P. Huyler,1994 For hundreds of years, Indian women have passed to their daughters the knowledge of the ritual wall and ground paintings and decorations of the home that function as messages to the deities for the health and well-being of Indian families. Some ground paintings are daily rituals, made every morning at dawn, while wall paintings and mud bas-reliefs are often made for special festivals to honor the deities and attract their benevolent attentions. It is the women of India who are responsible for communication with the gods on behalf of their families, governing the activities of family members, and maintaining the sanctity and order of the home. Painted Prayers is a fascinating account of the centuries-old artistic traditions of women in village India, set forth in 170 full-color photographs that evoke the women's rich artistic heritage, and the pride and pleasure with which they regard their creative responsibilities. The knowledgeable text details the traditions, rituals, and beliefs behind this little-known art form and places this art in the context of contemporary Indian women's lives and the social realities of India today. This book is a splendid gallery of this diverse aspect of Indian art and a pictorial tour of the India travelers rarely see. Designs vary between the representational and the purely graphic: painted and sculpted images such as mounds of rice are drawn from local iconography, while elephants, peacocks and lotus blooms are symbols of the deities. Colors ranging from earth tones to reds, blues, yellow, green, and white make the designs stand out from the mud-covered walls and dusty streets, a vibrant testament to centuries of Indian women's artistic voices.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
