**Wings of Madness** Paul Hoffman,2004-06-16 Now in paperback, an unforgettably good book [told] with compassion and sympathy (Simon Winchester, New York Times) about an eccentric aviator and the thrilling early days of flight.p"From Paul Hoffman, the acclaimed author of emThe Man Who Loved Only Numbers/em, comes this engaging true story of the man who was once hailed worldwide as the conqueror of the air -- Alberto Santos-Dumont. Because the Wright brothers worked in secrecy, word of their first flights had not reached Europe when Santos-Dumont took to the skies in 1906. The dashing and impeccably dressed aeronaut stunned and delighted Paris, barhopping around the city in a one-man dirigible he invented, circling above crowds and crashing into rooftops.pYet Santos-Dumont was a frenzied genius tortured by the weight of his own creation. emWings of Madness

**The Fire Line** Fernanda Santos, 2016-05-03 "In Fernanda Santos' expert hands, the story of 19 men and a raging wildfire unfolds as a riveting, pulse-pounding account of an American tragedy; and also as a meditation on manhood, brotherhood and family love. The Fire Line is a great and deeply moving book about courageous men and women." - Héctor Tobar, author of *Deep Down Dark: The Untold Stories of 33 Men Buried in a Chilean Mine and the Miracle that Set Them Free*. When a bolt of lightning ignited a hilltop in the sleepy town of Yarnell, Arizona, in June of 2013, setting off a blaze that would grow into one of the deadliest fires in American history, the twenty men who made up the Granite Mountain Hotshots sprang into action. An elite crew trained to combat the most challenging wildfires, the Granite Mountain Hotshots were a ragtag family, crisscrossing the American West and wherever else the fires took them. The Hotshots were loyal to one another and dedicated to the tough job they had. There's Eric Marsh, their devoted and demanding superintendent who turned his own personal demons into lessons he used to mold, train and guide his crew; Jesse Steed, their captain, a former Marine, a beast on the fire line and a family man who wasn't afraid to say "I love you" to the firemen he led; Andrew Ashcraft, a team leader still in his 20s who struggled to balance his love for his beautiful wife and four children and his passion for fighting wildfires. We see this band of brothers at work, at play and at home, until a fire that burned in their own backyards leads to a national tragedy. Impeccably researched, drawing upon more than a hundred hours of interviews with the firefighters' families, colleagues, state and federal officials, and fire historians and researchers, New York Times Phoenix Bureau Chief Fernanda Santos has written a riveting, pulse-pounding narrative of an unthinkable disaster, a remarkable group of men and the raging wildfires that threaten our country's treasured wild lands. The Fire Line is the winner of the 2017 Spur Award for Best First Nonfiction Book, and Spur Award Finalist for Best Western Contemporary Nonfiction.

*A Community Called Taizé* Jason Brian Santos, 2010-01-09 Taizé--the word is strangely familiar to many throughout the contemporary church. Familiar, perhaps, because the chanted prayers of Taizé are well practiced in churches throughout the world. Strangely, however, because so little is known about Taizé--from its historic beginnings to how the word itself is pronounced. The worship of the Taizé community, as it turns out, is best understood in the context of its greater mission. On the day Jason Brian Santos arrived in the Taizé community its leader was brutally murdered before his eyes. Instead of making Santos want to leave, the way the community handled this tragedy made him long to stay and learn more about this group of people who could respond to such evil with grace and love. In this book he takes us on a tour of one of the world's first ecumenical monastic orders, from its monastic origins in the war-torn south of 1940s France to its emerging mission as a pilgrimage site and spiritual focal point for millions of young people throughout the world. In *A Community Called Taizé* you'll meet the brothers of the order and the countless visitors and volunteers who have taken upon themselves a modest mission: pronouncing peace and reconciliation to the church and the world.

*Saved for Service* Dale Slongwhite, 2015-03-05

*For Love of God and Family* Nancy West, 2014-11-11 In 1923, a daughter was born to a hard-working couple in Acushnet, Massachusetts. She grew up to be the eldest of six children, a girl who helped care for her younger siblings

while still finding time to study, pray, and have fun with her friends. At the age of sixteen, she met the man who would soon become her husband. Over a lifetime nine decades long, she would endure tragedies and celebrate joys, all while raising nine children and cultivating a life full of nurturing, loving, and tending to others, while also maintaining steadfast devotion to her church and her God. This is her story - the memoir of Bertha Olivier Santos.

The Farthest Home Is in an Empire of Fire John Phillip Santos, 2010-04-01 A family's epic origins in the hinterlands of Mexico that became Texas-and earlier, in Iberia In his acclaimed 1999 memoir *Places Left Unfinished* at the Time of Creation, John Phillip Santos told the story of one Mexican family-his father's-set within the larger story of Mexico itself. In this beautifully written new book, he tells of how another family-this time, his mother's-erased and forgot over time their ancient origins in Spain. Every family has a forgotten tale of where it came from. Who is driven to tell it and why? Weaving together a highly original mix of autobiography, conquest history, elegy, travel, family remembrance, and time travelling narration, Santos offers an unforgettable testimony to this calling and describes a lifelong quest to find the missing chronicle of his mother's family, one that takes him to various locations in South Texas and Mexico, to New York City, to Spain, and ultimately to the Middle East. Blending genres brilliantly, Santos raises profound questions about whether we can ever find our true homeland and what we can learn from our treasured, shared cultural legacies.

Santos and Saints Thomas J. Steele, 1994 A revised version of the classic guide to the religious folk art of New Mexico analyzes the pictures and statues of saints in New Mexico employing disciplines of formal criticism, theology, sociology, and psychology.

Blue Flames, Black Gold Kristin Weidenbach, 2014 *Blue Flames, Black Gold* is a story of persistence. It's the intrepid wildcatters who ventured into Australia's dead heart and took a punt on drilling an oil well in virgin territory. It's the young Adelaide lawyer who dared to dream, and those on the sidelines who watched and scoffed. It's two school chums who started an exploration company amidst the oil fervour of 1954--a company that, 60 years later, would be the biggest company in South Australia. The history of Santos covers the excitement of exploration and discovery in the 1950s and '60s, the boardroom tussles and political wrangles of the 1970s and '80s, and the rise of technological developments in the new millennium. It tells the tale of an industrial township that forms in the remote Australian outback; of Alan Bond's controversial stock market deal which led to the South Australian government capping shareholdings for 28 years; the construction of the 1,100-km Moomba-to-Sydney pipeline bringing natural gas to Sydney for the first time; and the birth of the Coal Seam Gas industry. *Blue Flames, Black Gold* is not just the story of South Australia's biggest company but a story that encompasses the social and political history of the state and Australia's transition to the new energy sources of the future. It is the story of pioneers exploring new frontiers. It is a story of faith and vision and perseverance.

**Half Lives** Lucy Jane Santos, 2021-07-06 The fascinating, curious, and sometimes macabre history of radium as seen in its uses in everyday life. Of all the radioactive elements discovered at the end of the nineteenth century, it was radium that became the focus of both public fascination and entrepreneurial zeal. *Half Lives* tells the fascinating, curious, sometimes macabre story of the element through its ascendance as a desirable item – a present for a queen, a prize in a treasure hunt, a glow-in-the-dark dance costume – to its role as a supposed cure-all in everyday twentieth-century life, when medical practitioners and business people (reputable and otherwise) devised ingenious ways of commodifying the new wonder element, and enthusiastic customers welcomed their radioactive wares into their homes. Lucy Jane Santos—herself the proud owner of a formidable collection of radium beauty treatments—delves into the stories of these products and details the gradual downfall and discredit of the radium industry through the eyes of the people who bought, sold and eventually came to fear the once-fetishized substance. *Half Lives* is a new history of radium as part of a unique examination of the interplay between science and popular culture.

*A Forgotten Love Story* Hortensia De Los Santos, 2016-10-15 This is a story about how the life of Jesus could have happened. Only a few of his parables and sermons have reached us of those he spoke during his brief passage on Earth. His teachings were transmitted orally for decades until they were written by those who had never heard him, based on their own unenlightened interpretation of the Word, men who knew not of his deep love for humanity. Why were his sayings not recorded by his followers at the moment they were taught? How much of what he said was lost? If his message of unconditional love had reached all the corners of the Earth at the time He walked among us, perhaps the conflict now prevailing among nations would not be such. Perhaps ours would be a wonderful world of peace and love. Crucified, they took control of his teachings and the fear he would have banished embittered and poisoned his self-proclaimed followers leading them to commit heinous crimes. Even less is known about his life, the truth hidden in shrouds of mystery we have tried to unravel for centuries. Have we learned all about his life, or is there a record kept safe by those who know the truth? Perhaps this is the way how his life took place.
