Stories Are What Save Us David Chrisinger, 2021-07-06 A foreword by former soldier and memoirist Brian Turner, author of *My Life as a Foreign Country*, and an afterword by military wife and memoirist Angela Ricketts, author of *No Man's War: Irreverent Confessions of an Infantry Wife*, bookend the volume.

A Story to Save Your Life Sarah Bishop, 2022-08-16 Winner, 2023 OHA Book Award, Oral History Association A young woman flees violence in Mexico and seeks protection in the United States—only to be trafficked as a domestic worker in the Bronx. A decorated immigration judge leaves his post when the policies he proudly upheld capsize in the wake of political turmoil. A Gambian translator who was granted asylum herself talks with other African women about how immigration officers expect victims of torture to behave. A border patrol officer begins to question the training that instructs him to treat the children he finds in the Arizona desert like criminals. Through these and other powerful firsthand accounts, *A Story to Save Your Life* offers new insight into the harrowing realities of seeking protection in the United States. Sarah C. Bishop argues that cultural differences in communication shape every stage of the asylum process, playing a major but unexamined role. Migrants fleeing persecution must reconstruct the details of their lives so governmental authorities can determine whether their experiences justify protection. However, Bishop shows, many factors influence whether an applicant is perceived as credible, from the effects of trauma on the ability to recount an experience chronologically to culturally rooted nonverbal behaviors and displays of emotion. For asylum seekers, harnessing the power of autobiographical storytelling can mean the difference between life and death. *A Story to Save Your Life* emphasizes how memory, communication, and culture intertwine in migrants' search for safety.

The Story of Captain Nemo Dave Eggers, Jules Verne, 2019-03-26 Don't you worry, son. Whatever it is that's been killing the sailors, I will kill it. In this science-fiction classic - reimaged by Dave Eggers in modern times, and from the point of view of the fourteen-year-old Consuelo - the famous oceanographer Pierre Arronax sets sail from New York to hunt down a mysterious sea-monster which has been terrorizing the oceans, wrecking ship after ship and causing countless deaths. But they discover an even stranger truth: the sea-monster is in fact a submarine, captained by Nemo, who is living in self-imposed exile in international waters. Consuelo and Arronax join Nemo on the submarine, and so begin their exciting adventures ... Dave Eggers says, of the series: I couldn't be prouder to be a part of it. When two brothers, Eteocles and Polynices, die in a vicious battle over the crown of Thebes, the new ruler, King Creon, decides that Eteocles will be buried as a hero, while Polynices will be left outside as a feast for the dogs and crows. But the young Antigone, daughter of Oedipus, will defy the cruel tyrant and attempt to give her brother the burial he deserves. This simple act of love and bravery will set in motion a terrible course of events that will reverberate across the entire kingdom... Dave Eggers says, of the series: I couldn't be prouder to be a part of it. Ever since Alessandro conceived this idea I thought it was brilliant. The editions that they've complied have been lushly illustrated and elegantly designed.

How to Save a Life Lynette Rice, 2021-09-21 THE NEW YORK TIMES BESTSELLER The first inside story of one of TV's most popular and beloved dramas, *Grey's Anatomy*. More than fifteen years after its premiere, *Grey's Anatomy* remains one of the most beloved

dramas on television and ABC's most important property. It typically wins its time slot and has ranked in the Top 20 most-watched shows in primetime for most of its seventeen-season run. It currently averages more than eight million viewers each week. Beyond that, it's been a cultural touchstone. It introduced the unique voice and vision of Shonda Rhimes; it made Ellen Pompeo, Sandra Oh and T.R. Knight household names; and injected words and phrases into the cultural lexicon, such as "McDreamy," seriously, and "you're my person." And the behind-the-scenes drama has always been just as juicy as what was happening in front of the camera, from the controversial departure of Isaiah Washington to Katherine Heigl's fall from grace and Patrick Dempsey's shocking death episode. The show continued to hemorrhage key players, but the beloved hospital series never skipped a beat. Lynette Rice's *How to Save A Life* takes a totally unauthorized deep dive into the show's humble start, while offering exclusive intel on the behind-the-scenes culture, the most heartbreaking departures and the more polarizing plotlines. This exhaustively enthusiastic book is one that no *Grey's Anatomy* fan should be without.

Greta's Story Valentina Camerini, 2019-11-26 The inspiring true story of Greta Thunberg, a young eco-activist whose persistence sparked a global movement. You are never too young to make a difference. Ever since she learned about climate change, Greta Thunberg couldn't understand why politicians weren't treating it as an emergency. In August 2018, temperatures in Sweden reached record highs, fires raged across the country, and fifteen-year-old Greta decided to stop waiting for political leaders to take action. Instead of going to school on Friday, she made a sign and went on strike in front of Stockholm's parliament building. Greta's solo protest grew into the global Fridays for Future—or School Strike 4 Climate—movement, which millions have now joined. She has spoken at COP24 (the UN summit on climate change) and has been nominated for the Nobel Peace Prize. This timely, unofficial biography is her story, but also that of many others around the world willing to fight against the indifference of the powerful for a better future.

Sing, Memory: The Remarkable Story of the Man Who Saved the Music of the Nazi Camps Makana Eyre,2023-05-23 A Polish musician, a Jewish conductor, a secret choir, and the rescue of a trove of music from the Sachsenhausen concentration camp. On a cold October night in 1942, SS guards at the Sachsenhausen concentration camp violently disbanded a rehearsal of a secret Jewish choir led by conductor Rosebery d'Arguto. Many in the group did not live to see morning, and those who survived the guards' reprisal were deported to Auschwitz-Birkenau just a few weeks later. Only one of its members survived the Holocaust. Yet their story survives, thanks to Aleksander Kulisiewicz. An amateur musician, he was not Jewish, but struck up an unlikely friendship with d'Arguto in Sachsenhausen. D'Arguto tasked him with a mission: to save the musical heritage of the victims of the Nazi camps. In Sing, Memory, Makana Eyre recounts Kulisiewicz's extraordinary transformation from a Polish nationalist into a guardian of music and culture from the Nazi camps. Aided by an eidetic memory, Kulisiewicz was able to preserve for posterity not only his own songs about life at the camp, but the music and poetry of prisoners from a range of national and cultural backgrounds. They composed symphonies, organized clandestine choirs, arranged great pieces of music by illustrious composers, and gathered regularly over the course of the war to perform for one another. For many, music enabled them to resist, bear witness, and maintain their humanity in some of the most brutal conditions imaginable. After the war, Kulisiewicz returned to Poland and assembled an archive of camp music, which he went on to perform in more than a dozen countries. He dedicated the remainder of his life to the memory of the Nazi camps. Drawing on oral history and testimony, as well as extensive archival research, Eyre tells this rich and affecting human story of musical resistance to the Nazi regime in full for the first time.

Stories for Kids Who Want to Save the World Carola Benedetto,Luciana Ciliento,2022-03-22 Sixteen biographies of extraordinary people--ranging from Sebastião Salgado to Björk and Greta Thunberg--who came of age fighting climate change Every

person has a path in life, one that is intertwined with the fate of the earth. The life stories in this collection begin and end with that realization. First, as children, in different countries and eras, they witness how humans provoke environmental degradation. Each leads a life that not only minimizes their individual contribution to climate change at a local scale, but also that of their generation on a global scale. Then, as adults, they recognize the maturity and agency acquired at that moment which defined their lives. The biographies depict concrete initiatives that contribute to climate preservation, from a physicist who promotes organic farming techniques in India to a designer that only uses ecological fabrics and dyes in Italy. Rock climber Yvon Chouinard, biologist Rachel Carson, and designer Adriana Santanocito are included in this diverse cast of environmental activists. Together they show us that regardless of culture, class, or profession it is never too early or late to find your way to improve the world our children will inhabit. The stakes couldn't be higher: Our house is on fire, as Greta Thunberg rightly said.
