Scale Elements for Design Elevations Richard M. McGarry,Greg Madsen,1991 Elevation drawings exhibit no depth of field, and thus clip art done in perspective is not suitable, yet elevations are essential to the early design and planning stages of projects in a wide variety of fields. This is the first book to deal exclusively with elevating entourage. It contains over 3,000 copyright-free scale drawings for use in elevations, the most common type of illustration done by architects and interior, graphic and industrial designers.
