Red Storm Andy Coombs, Sarah Scho, 2021-09-02 *Red Storm* When the strange girl washes up on the beach, Jianyu and his mother take her in, naming her Xiao Tong because of her red hair. Scissors will not cut the girl's hair and her nails grow long and sharp. And when pirates attack the small island in the South China Seas, her true nature is unleashed. This series is about the warrior women Valkyrie searching for humans throughout history to help them in the fight against the gods at the end of time, Ragnarok. The *Viking Kite* stories are written by English-Swedish writers, Andy Coombs and Sarah Scho - both authors and teachers with more than 40 books published and a million books sold in Sweden. They are the all-time, best-selling educational authors in Scandinavia and live just outside Stockholm in a forest cottage with their little black and white dog, Nimly. *Viking Kite* celebrates Scandinavia's progressive approach to gender, race, identity, social fairness and inclusivity. Andy and Sarah have been educating and entertaining Sweden's youth for twenty years - and now, finally, in the Spring of 2021, their stories can be read anywhere in the world. All Swedish/English translations are done by Inger Strömsten. These 23 stories are

aimed at MG and YA and range from alien angels to time travelling Romans. Bullying to the closest friendships. Personal identity and growth, to animal minds and ancient tribes of wild horses. The Stories Viking Kite stories take us to alien worlds, the distant past, Neanderthal life, lonely mermaids, lost Valkyrie, hungry vampires and powerful wizards. Genre-spanning and fast-paced. The books are in three exciting genres: Strange Life, Different Minds and Shadow Side. Strange life stories explore ideas like identity, fitting-in, bullying, family dynamics, and social issues. Different minds are an exploration of the other; if evolution were a living being what would it say? What is animal consciousness and how would the ancient Romans see us? New ways of thinking; different minds to explore. Empathy. Learning. Imagination. Shadow side stories are darker in tone. From cheating to parental neglect. Coping with inner rage to ending hatred. Living with death and loss and crime. There are also a few monsters, vampires and ghosts...but not as you might expect.

Rock, Paper, Scissors A. Burgess, 2016-07-08 When Nathan Jung wakes up from an ominous dream one morning, he senses trouble is coming. His devious brother, Alec, has returned to Seattle, bringing with him the consequences of bad decisions that, unfortunately, have seeped over into Nathan's quiet life. Rumors of money laundering, embezzlement, and murder now surround him, risking the career he has worked so long to build. But that pales when a ghost from his past, Emily Hwang, gets swept into the storm, and they are forced to flee for their lives. In hiding, can Nathan figure out who is after them before they are discovered? Or will he and Emily have to leave the country? And can he hope for something he once believed lost to him? The clock is ticking, and Nathan's options are running out. His brother is missing, his

loved ones are in danger, the police and criminals are searching for him, and only Nathan can resolve the matter. In the end, can they work together to catch the culprit so they can return to the lives they left behind? If they don't, what will it cost them? More importantly, what will it cost them if they do?

The Watery Part of the World Michael Parker, 2012-06-05 Calling all Hamilton fans! Spend more time with the remarkable Theodosia Burr by reading this fascinating novel inspired by a little-known incident in her life. It's the stuff of song. Michael Parker's vast and involving novel about pirates and slaves, treason and treasures, madness and devotion, takes place on a tiny island battered by storms and cut off from the world. Inspired by two forgotten moments in history, it begins in 1813, when Theodosia Burr, en route to New York by ship to meet her father, Aaron Burr, disappears off the coast of North Carolina. It ends a hundred and fifty years later, when the last three inhabitants of a remote island—two elderly white women and the black man who takes care of them—are forced to leave their beloved spot of land. Parker tells an enduring story about what we'll sacrifice for love, and what we won't.

The Metal Within Len Gizinski, 2016-12-08 "A breezy, smart apocalyptic tale that makes sequels look tempting." — Kirkus Reviews Within the dark shadows of a dystopian future, Jack is a street-smart pastor in an urban ghetto. But when the local street gang defends their turf from well-funded outsiders willing to

sacrifice the entire population for profit and power, he is forced to deal with ghosts from the past he had abandoned years ago. Corey and Sue are thrown together when an outlaw motorcycle gang destroys their hometowns. Uniting to endure the lawless mayhem, the bond developing between them may help them overcome the trauma of their flight – if they survive. Josanne and Melissana are friends from opposite sides of the tracks; Josanne's Dad provided everything, while Melissana was thrown out of a broken home by the father who liked to do the breaking. The enigmatic Johnny has a name but no traceable past. So lucky he seems skilled or so skilled he appears lucky, neither his luck nor his skill has provided what he's really searching for. Each is targeted for recruitment by an elite government agency founded as a last-ditch effort to covertly protect its citizens from what the U.S. has become by fielding autonomous teams of cybernetic agents. Implanted ultratech alone, however, won't ensure the safety of the fledgling team; they need a leader. But the best person to lead them is a jaded former agent haunted by tragedy and setbacks of his own... Together they must overcome their pasts as well as their present fears, doubts, suspicions, and ultimately, the threat to an entire city.
