**Snow-Storm in August** Jefferson Morley,2013-04-09 In 1835, the city of Washington simmered with racial tension as newly freed African Americans from the South poured in, outnumbering slaves for the first time. Among the enslaved was nineteen-year-old Arthur Bowen, who stumbled home drunkenly one night, picked up an axe, and threatened his owner, respected socialite Anna Thornton. Despite no blood being shed, Bowen was eventually arrested and tried for attempted murder by district attorney Francis Scott Key, but not before news of the incident spread like wildfire. Within days Washington's first race riot exploded as whites, fearing a slave rebellion, attacked the property of free blacks. One of their victims was gregarious former slave and successful restaurateur Beverly Snow, who became the target of the mob's rage. With *Snow-Storm in August*, Jefferson Morley delivers readers into an unknown chapter in history with an absorbing account of this uniquely American battle for justice.

**Superstorm Sandy** Bronville Scott,2016-10-07 The front cover design (picture) is of the post office located in Beach Heaven, which is a part of Long Beach Island and is located at the Jersey Shore. This particular picture is the first building, that I helped work on, when the refurbishing process began after Super Storm Sandys devastation. There are residents, tourists, visitors, property owners that live elsewhere and have rental properties at the shore as well as many others familiar with the area, whereby they will recognize what has been photographed in this published book. The south Shore holds a multitude of memories of just how far reaching the destruction was for thousands of people at the shore. In Mantoloking at the foot of the bridge a house fully furnished, which was approximately one thousand feet from the Metedeconk river, was totally lost at the bottom of all that water. Not one item was recovered. As a result of the wind and water damage the cleaning process, very expensive and tedious.

**Storm Over the Lightning L** Clifford Blair,1993 As a young couple starting a homestead in the Oklahoma Territory, Tom and Sharon Langston had more than a few problems, but they were also lucky enough to have friends and family help them out. After a tornado nearly destroyed the Lightning L, Tom turned to the local banker for help with the needed repairs but was thwarted by a wealthy landowner, Ellis Carterton, who planned to own the Lightning L whether Tom and Sharon wanted to sell or not.

*Storm 2* Linda Scott,2017-03-08 Storm has grown up to be a very successful defense attorney living in a mini mansion in Miami with her heart surgeon husband Dashawn and young daughter Salena. Life is going better than she ever expected and she has no idea that her abusive ex-boyfriend is out of jail and on the hunt for her. Train has been given a second chance at freedom but instead of doing something constructive with his life he goes on the hunt for Storm. Once he discovers where Storm now lives he sets out to find her with the twisted delusion of revenge in mind hurting and killing anyone that he deems an obstacle in his path to Storm.

*Fall of Night* Jonathan Maberry,2014-09-02 Stebbins Little School is full of bodies. It's unthinkable to Desdemona Fox. Children are sobbing as panicked teachers and neighbors beat down their family members outside of the school...or the things that used to be their family members. Parents don't eat their children do they? Officers Fox and Hammond, along with journalist Billy Trout, are calling it the beginning of the end. This is the zombie apocalypse. An insane escaped serial killer is infecting Stebbins County with a deadly virus, and now the whole world is watching while Fox, Trout, and the remaining inhabitants of Stebbins fight for their life against...what? The undead? The President and the National Guard are ready to nuke Stebbins, PA off the map and cut their losses. But the infection is spreading and fast. Worse, the scientist who created the virus is missing. It's a numbers game as the body count rises; Fox has to contain the infected and evacuate the living before it's too late, and the clock is ticking... *Fall of Night*, Maberry's nail-biting sequel to *Dead of Night*, picks up where the first novel left off—on a wild goose chase for a madman and the missing scientist who gave him new un-life. Chilling, gory, and hair-raisingly scary, Maberry fans won't be able to read this fast-paced thriller with the lights off.

*Storm 2* Linda Scott,2016-05-30 Storm has grown up to be a very successful defense attorney living in a mini mansion in Miami with her heart surgeon husband Dashawn and young daughter Salena. **Two Men Before the Storm** Gregory Wallance,2006 In the early 1850s, Arba Crane, a young Harvard Law School graduate, arrived in St Louis to begin his law career. Working alone late in the evenings, Crane forms a friendship with the office janitor, a slave named Dred Scott. As Scott recounts his life as a slave, Crane realizes that Scott has a legal claim to freedom and persuades him to file a lawsuit. Crane fights for Scott's rights for years. The case reaches the US Supreme Court before a spellbound country. But the Court's catastrophic decision in *Scott v. Sandford* holds that slaves are property without rights and that Congress has no power to halt the spread of slavery. While the decision marks the beginning of the path to civil war, it is not the end of Dred Scott's quest for freedom. *Two Men Before the Storm* is a work of fiction (with detailed historical endnotes) based on historical events: the profound friendship between a young lawyer and a slave and a fight for justice that fundamentally changed our nation.

**Hell's Dust Storm** Scott Hayes,2023-06-05 In the sweltering heat of a typical summer day, the bustling city of Phoenix, Arizona, goes about its usual business. However, an unprecedented natural disaster looms on the horizon. A massive dust storm, known as a haboob, brews in the south, and with each passing moment, its intensity grows. As the haboob envelops the city, a sense of chaos takes hold. Violent winds whip through the streets, uprooting trees and tossing debris in a menacing dance. Making matters worse a volcano hundreds of miles away in Mexico erupts, spewing tons of volcanic ash into the atmosphere. Carried by the force of the storm, this ash becomes entangled with the swirling dust, engulfing Phoenix in a thick blanket of death and darkness. Can Phoenix survive the Dust Storm from Hell?

**The Storm Breaks Forth** Terri Wangard,2021-04-06 World War I rages in Europe, and now the United States joins in. Peter Bloch heads to France with the Wisconsin National Guard, but his wife Maren is the one under attack. She's German born, and anti-German hysteria is running high.Simple suggestions for coping with wartime measures lead Maren into an active role in the community, but her service doesn't help deflect suspicion from her. Zealous patriots target her with a vengeance.Peter caught the eye of a major who seems intent on using him as a spy. He's been fortunate to avoid injury so far, but these activities are likely to get him killed.Peter and Maren dream of the day they will be reunited, but more and more, that day appears to be a mirage.

**The Night Swim** Megan Goldin,2020-08-04 “A blistering plot and crisp writing make *The Night Swim* an unputdownable read.” –Sarah Pekkanen, bestselling author of *The Wife Between Us* In *The Night Swim*, a new thriller from Megan Goldin, author of the “gripping and unforgettable” (Harlan Coben) *The Escape Room*, a true crime podcast host covering a controversial trial finds herself drawn deep into a small town’s dark past and a brutal crime that took place there years before. Ever since her true-crime podcast became an overnight sensation and set an innocent man free, Rachel Krall has become a household name—and the last hope for people seeking justice. But she’s used to being recognized for her voice, not her face. Which makes it all the more unsettling when she finds a note on her car windshield, addressed to her, begging for help. The new season of Rachel's podcast has brought her to a small town being torn apart by a devastating rape trial. A local golden boy, a swimmer destined for Olympic greatness, has been accused of raping the beloved granddaughter of the police chief. Under pressure to make Season 3 a success, Rachel throws herself into her investigation—but the mysterious letters keep coming. Someone is following her, and she won’t stop until Rachel finds out what

happened to her sister twenty-five years ago. Officially, Jenny Stills tragically drowned, but the letters insist she was murdered—and when Rachel starts asking questions, nobody in town wants to answer. The past and present start to collide as Rachel uncovers startling connections between the two cases—and a revelation that will change the course of the trial and the lives of everyone involved. Electrifying and propulsive, *The Night Swim* asks: What is the price of a reputation? Can a small town ever right the wrongs of its past? And what really happened to Jenny?

Demarest takes you inside the storm with these real-life adventurers who risk their lives to keep our shorelines safe.

**Weather Spotter's Field Guide** National Oceanic and Atmospheric Administration (U.S.),2014-08-28 The United States is the most severe weather-prone country in the world. Each year, people in this country cope with an average of 10,000 thunderstorms, 5,000 floods, 1,200 tornadoes, and two land-falling hurricanes. Approximately 90% of all presidentially declared disasters are weather-related, causing around 500 deaths each year and nearly \$14 billion in damage. SKYWARN® is a National Weather Service (NWS) program developed in the 1960s that consists of trained weather spotters who provide reports of severe and hazardous weather to help meteorologists make life-saving warning decisions. Spotters are concerned citizens, amateur radio operators, truck drivers, mariners, airplane pilots, emergency management personnel, and public safety officials who volunteer their time and energy to report on hazardous weather impacting their community. Although, NWS has access to data from Doppler radar, satellite, and surface weather stations, technology cannot detect every instance of hazardous weather. Spotters help fill in the gaps by reporting hail, wind damage, flooding, heavy snow, tornadoes and waterspouts. Radar is an excellent tool, but it is just that: one tool among many that NWS uses. We need spotters to report how storms and other hydro-meteorological phenomena are impacting their area. SKYWARN® spotter reports provide vital ground truth to the NWS. They act as our eyes and ears in the field. Spotter reports help our meteorologists issue timely, accurate, and detailed warnings by confirming hazardous weather detected by NWS radar. Spotters also provide critical verification information that helps improve future warning services. SKYWARN® Spotters serve their local communities by acting as a vital source of information when dangerous storms approach. Without spotters, NWS would be less able to fulfill its mission of protecting life and property. This guide provides the procedures for Spotter Reporting, their role in severe storms that may result in hazardous conditions, and provides safety tips for extreme weather conditions. Section 2 of this guide showcases Basics of several elements that impact severe or strong storms. A significant portion of Section 2 is dedicated to thunderstorms and how they can evolve into tornadoes, and Supercells. Section 3 takes a closer look at tornadoes, the impact with lightning, wind, Supercells, and more. Section 4 features Technology and Storm Spotting covering Doppler weather radar from types of radar to radar imaging; satellites - types of ...to satellite imaging; storm movement and spotter location is also addressed in this section.
