Origins of the Dred Scott Case Austin

Allen, 2010-01-25 The Supreme Court's 1857 Dred Scott decision denied citizenship to African Americans and enabled slavery's westward expansion. It has long stood as a grievous instance of justice perverted by sectional politics. Austin Allen finds that the outcome of Dred Scott hinged not on a single issue—slavery—but on a web of assumptions, agendas, and commitments held collectively and individually by Chief Justice Roger B. Taney and his colleagues. Allen carefully tracks arguments made by Taney Court justices in more than 1,600 reported cases in the two decades prior to Dred Scott and in its immediate aftermath. By showing us the political, professional, ideological, and institutional contexts in which the Taney Court worked, Allen reveals that Dred Scott was not simply a victory for the Court's pro-southern faction. It was instead an outgrowth of Jacksonian jurisprudence, an intellectual system that charged the Court with protecting slavery, preserving both federal power and state sovereignty, promoting economic development, and securing the legal foundations of an emerging corporate order—all at the same time. Here is a wealth of new insight into the internal dynamics of the Taney Court and the origins of its most infamous decision.

Stories About Storytellers Douglas

Gibson, 2011-10-01 The legendary Canadian book editor presents this “remarkable, four-decade romp through the back rooms of publishing” (Toronto Sun). Scottish-born Douglas Gibson was drawn to Canada by the writing of Stephen Leacock—and eventually made his way across the Atlantic to find a job in book publishing, where he edited a biography of none other than Leacock. But over the decades, his stellar career would lead him to work with many more of the country’s leading literary lights. This memoir shares stories of working—and playing—alongside writers including Robertson Davies, Mavis Gallant, Brian Mulroney, Val Ross, W. O. Mitchell, and many more. Gibson reveals the

projects he brainstormed for Barry Broadfoot; how he convinced future Nobel Prize winner Alice Munro to keep writing short stories; his early-morning phone call from a former prime minister; and his recollection of yanking a manuscript right out of Alistair MacLeod's reluctant hands—which ultimately garnered the author one of the world's most prestigious prizes for fiction. Insightful and entertaining, this collection of tales goes behind the scenes and between the covers to divulge a treasure trove of literary adventures. "He makes his life in publishing sound like great fun." —The Globe and Mail (Toronto)

Governance Stories Mark Bevir, Rod

Rhodes, 2006-04-19 An incisive examination of Britain today, which breaks from traditional studies, and takes a new approach to account for massive changes in the make-up of the nation. Over the last twenty years Britain has changed from being governed as a unitary state to a country ruled by the interplay of various forces: central government, the market, public-private partnerships, new local government structures (eg. the new Mayoral system), greater regional autonomy as well as the EU and transnational businesses and organizations. In their earlier book *Interpreting British Governance*, Bevir and Rhodes examined changes in British government by setting out an interpretative approach to British political science, which focussed on an aggregate analysis of British political traditions. This new study builds on this work to: provide a theoretical defence of situated agency located in the historical context of British political science

compare their approach to British political science with others including, post-structural and institutional analysis present a general account of governance as the context for ethnographic analyses of governance in action deliver studies of the consumers of public services, the National Health Service, government departments and policy networks. This book will be of great interest to advanced students and researchers of political theory, public policy, British politics and British history.

The Night Swim Megan Goldin, 2020-08-04 "A blistering plot and crisp writing make *The Night Swim* an unputdownable read." –Sarah Pekkanen, bestselling author of *The Wife Between Us* In *The Night Swim*, a new thriller from Megan Goldin, author of the "gripping and unforgettable" (Harlan Coben) *The Escape Room*, a true crime podcast host covering a controversial trial finds herself drawn deep into a small town's dark past and a brutal crime that took place there years before. Ever since her true-crime podcast became an overnight sensation and set an innocent man free, Rachel Krall has become a household name—and the last hope for people seeking justice. But she's used to being recognized for her voice, not her face. Which makes it all the more unsettling when she finds a note on her car windshield, addressed to her, begging for help. The new season of Rachel's podcast has brought her to a small town being torn apart by a devastating rape trial. A local golden boy, a swimmer destined for Olympic greatness, has been accused of raping the beloved granddaughter of the police chief. Under pressure to make Season

3 a success, Rachel throws herself into her investigation—but the mysterious letters keep coming. Someone is following her, and she won't stop until Rachel finds out what happened to her sister twenty-five years ago. Officially, Jenny Stills tragically drowned, but the letters insist she was murdered—and when Rachel starts asking questions, nobody in town wants to answer. The past and present start to collide as Rachel uncovers startling connections between the two cases—and a revelation that will change the course of the trial and the lives of everyone involved. Electrifying and propulsive, *The Night Swim* asks: What is the price of a reputation? Can a small town ever right the wrongs of its past? And what really happened to Jenny?

The Sign for Home Blair Fell, 2023-03-14 Arlo
 Dilly is young, handsome and eager to meet the
 right girl. He also happens to be DeafBlind, a
 Jehovah's Witness, and under the strict
 guardianship of his controlling uncle. His chances
 of finding someone to love seem slim to none. And
 yet, it happened once before: many years ago, at a
 boarding school for the Deaf, Arlo met the love of

his life-a mysterious girl with onyx eyes and beautifully expressive hands which told him the most amazing stories. But tragedy struck, and their love was lost forever. Or so Arlo thought. After years trying to heal his broken heart, Arlo is assigned a college writing assignment which unlocks buried memories of his past. Soon he wonders if the hearing people he was supposed to trust have been lying to him all along, and if his lost love might be found again. No longer willing to accept what others tell him, Arlo convinces a small band of misfit friends to set off on a journey to learn the truth. After all, who better to bring on this quest than his gay interpreter and wildly inappropriate Belgian best friend? Despite the many forces working against him, Arlo will stop at nothing to find the girl who got away and experience all of life's joyful possibilities-

Living With Men Type-1 Darlene Loftis,2011-03-03

Fly-fishing the Arctic Circle to Tasmania James W. White,2019-03-18 Marooned on a river island above the Arctic Circle, caught by a flash flood in New Zealand, boated with an NFL cheerleader in the Caribbean, robbed in a British Columbia motel, and bunked with an almost-terrorist in Manitoba, this author-preacher from Colorado has had some interesting experiences when going further out to fish. Twelve ebullient stories of adventure, travel, and international fly-fishing are told here. They are undergirded by a singular autobiographical story that weaves James White's passion for fly-fishing with his vocation in ministry. The book takes the reader from the

Indian Ocean to the River Vltava in Bohemia. The characters met include two-headed Taswegians and Lake Woebegon strong women. In one story, you stand with the author on basement of time metamorphics, beneath the Northern Lights in another, and before the Southern Cross in a third. You'll go on an Ixthus/Christ and Ichthyology/Fishing retreat. With the stories are illuminating photographs of giant rainbows, massive moose antlers, and Jesus Rays coming through a Ukrainian Orthodox church cupola. The book leads to rumination on Henry David Thoreau's observation that Men may go fishing all their life and never know it's not fish they're after.
