S 71 INS CHAKRA Cmde Arun Kumar,2021-09-15 This book is the firsthand account of the first nuclear powered submarine of the Indian Navy, a Charlie class SSGN, leased from the USSR for three years, 1988 - 1991. The lease of the SSGN enabled the Indian Navy to base, maintain and operate nuclear powered submarines. It also facilitated development of design for indigenous construction of atomic submarines. An ecosystem for radiation monitoring, safety services and waste management was also created. The author was associated with the submarine from selection of the crew to the return of the submarine. The training of the crew in Vladivostok from 1983 - 1986 is detailed in Part 1 and the commissioning in Jan 1988 and exploitation of the boat in India till its return to the USSR in Jan 1991 is illustrated in Part 2. Cmde Arun Kumar graduated from the National Defence Academy in Dec 1971 and was commissioned in the rank of Sub Lt on 01 Jul 1973. He joined the Submarine Arm in May 1975 and served for 28 years in the arm eventually swallowing the anchor as a Cmde in May 2004. In the submarine arm the officer has held all major appointments. He commanded two Kilo class boats INS Sindhuraj, INS Sindhughosh. He also held command of the submarine base INS Virbahu, Submarine School, INS Satavahana and as COMSUB East Commanded the 8th and 11th submarine Squadrons as also the 10th Submarine Squadron as Capt SM. He played an important part in the growth of the Arm as The Principal Director Submarine Acquisition in steering the 30 year SM building Plan at NHQ in his last appointment. The officer also commanded the missile destroyer INS Rajput. The Officer also graduated in Basic Submarine Course, Long Navigation and Direction Course, Submarine COQC standing first in all. He also underwent the Defence Services Staff and Naval Higher Command and Defence Management courses with distinction. He was selected for nuclear submarine training in Aug 1982 and completed the 30 months (Oct 83-Apr 1986) training in Vladivostok, USSR. He was part of the Commissioning and Decommissioning crew of Chakra as the First Lt and Executive Officer respectively. For his dedicated services of exceptionally high order, he was decorated twice by the President of India with Nau Sena Medal (NM) and Ati Vishisht Seva Medal (AVSM) in 1991 and 2003 respectively.

High Stakes Vic Flinham,2008-10-15 After the dust of World War II had settled, the military position of the UK was far from straightforward. It was of course allied to the USA and part of NATO, but it was at odds with the former in maintaining an Empire and the two nations also had competing oil interests in the Middle East. The UK's engagement in war after 1945 was thus a strange mixture ranging from homeland security through insular actions within the colonies or protectorates to preserve empire - to playing a major role in confronting the USSR. The types of active involvement of the RAF, Fleet Air Arm and Army Air Corps between 1945 and 1995 include the following, with examples. Maintaining Local Stability - Greece, Netherlands East Indies. Maintaining Empire - Malaya, Kenya. Defending Empire - Borneo. Defending Interests - Suez, Kuwait. Homeland Security - Northern Ireland, air defence. Confrontation - Berlin Airlift, Korea. Covert Action - Albania, strategic reconnaissance. Humanitarian and Peacekeeping- Jordan, Cyprus. Development of Deterrent - Bombs, bombers and missiles.

Navies in Modern World History Lawrence Sondhaus,2004-05-04 Navies in Modern World History traces the role of navies in world history from the early nineteenth century, through both World Wars, to the onset of the twenty-first century. Lawrence Sondhaus examines the navies of Britain, France, Germany, the United States, Japan, Brazil, Chile and the Soviet Union, demonstrating the variety of ways in which these countries have made decisive use of naval power, and the challenges these navies faced when assembling equipment and stores, training sailors, and undertaking various missions, and shows in what ways the results helped change the course of modern world history. This book also deals with aircraft carrier design and naval aviation in the second half of the twentieth century, and the leading role of navies and shipbuilders in key technological innovations of the nineteenth century and early twentieth, including advances in steam power, armour, guns and torpedoes. Today, technological break-throughs are centred around naval stealth and maritime propulsion systems. Special attention is devoted to the evolving state of naval technology, showing how the relative industrial capabilities of seafaring countries have been reflected in their maritime building programmes, providing an important link between the evolution of modern national fleets and the broader history of the period. Spur Called Courage Alan Ogden,2011-07-01 A vivid recount of the little known exploits of 17 courageous Special Operations Executive (SOE) officers in Italy during World War II In this inspiring new study of the SOE and Italian Resistance, 17 extraordinary stories of individual SOE officers illustrate the many and varied tasks of SOE missions throughout the different regions of Italy from 1943-1945. Through their gallantry, ingenuity, and determination, a small handful of SOE missions were able to arm and inspire thousands of Italians to fight the occupying German army after 1943 and in the process give invaluable support to the advancing Allied armies as they pushed north towards Austria.

Officer On Deck Cdr Sudarshan Ghosh,2021-12-17 Comidom and amusement over and under the seas and on shorelines: yes, it did and does exist. As sea gulls cluck and float in the air with dolphins and porpoises moving smoothly at speed alongside accompanying ships over the big blue yonder-we humans in the Naval arena add our bit of fun, dark humour and many times-downright mirthful laughter. Here then are collection of 52 of the best real-life anecdotes I have encountered or heard, during a supremely exciting journey in the domain of Varuna or Poseidon or Neptune (take your pick-all are sea Lords and Gods). As you float in a hammock on a balmy afternoon on the Sea of Life, with a cool breeze ruffling your hair and dreaming of lands afar, let these tales add zest and raise chuckles and chortles... *Officer On Deck* by Cdr Sudarshan Ghosh: Cdr Sudarshan Ghosh's book, *Officer On Deck*, offers readers an insider's view of life and experiences in the Indian Navy. It provides personal anecdotes and insights into the challenges and adventures of a naval officer's career. *Key Aspects of the Book Officer On Deck: Naval Adventures: The book recounts thrilling naval adventures and experiences at sea. Life in the Navy: Cdr Sudarshan Ghosh offers a glimpse into the daily life and duties of a naval officer. Personal Reflections: Officer On Deck provides personal reflections and insights into the author's journey in the Indian Navy. Cdr Sudarshan Ghosh is a retired naval officer who shares his experiences and adventures in the Indian Navy through his book, providing readers with a unique perspective on military life.*
