The Wild Things Dave Eggers, 2010-03-02 Max is a rambunctious eight-year-old, living with his mother and his sister, terrorizing the neighborhood on his bicycle. But Max's world is changing around him: His father is absent and his mother is increasingly distracted. Max's teenage sister is outgrowing him, leaving him alone in favor of her friends. Sad and angry, Max dons his wolf suit and makes terrible, ruinous mischief. Setting off into the night, Max finds a boat and sails away to an island. Here he meets strange and giant creatures. Creatures that rage and break things. Creatures that trample and scream. These monsters do everything Max feels inside! And so, Max appoints himself their king. Here, on a magnificent adventure with the creatures, Max can be the wildest thing of all. In this visionary new novel, Eggers brings an imaginary world vividly to life, filling it with monsters, chaos, and one very real little boy. By turns beautiful and joyful, sorrowful and strange, *The Wild Things* is an astonishing literary triumph.

Under Radar Michael Tolkin, 2007-12-01 A “provocative” psychological suspense novel about “a character who is bound inevitably to a disastrous past” (The Oregonian). Years ago, Tom Levy worked an insurance scam that left him rich, but he is about to learn that wealth can’t always protect you from bad decisions. While vacationing in Jamaica, Tom witnesses a man goading his four-year-old daughter into a vulgar display on the dance floor. The man also happens to be married to the woman who has been capturing Tom’s own attention. Enraged, Tom vows he must pay with his life. The next day, atop the Dunn’s River Falls, Tom kills the man in cold blood, in full view of witnesses—condemning himself to life in prison among the most brutal and hardened men of Jamaica. Does an elusive story hold the key to their salvation, and Tom’s own? And once Tom has told it, can he find a way to reenter the hearts of those he has left behind? From the author of *The Player*, *Under Radar* was a Village Voice Favorite Book of the Year and blends elements of crime fiction and fable with an edge of black comedy. “Applies an Old Testament vision with an up-to-the-second feel for the details of contemporary affluence . . . Compelling.” —The New York Times Book Review

The Animal Family Randall Jarrell, 1965 This is the story of how, one by one, a man found himself a family. Almost nowhere in fiction is there a stranger, dearer, or funnier family -- and the life that the members of *The Animal Family* live together, there in the wilderness beside the sea, is as extraordinary and as enchanting as the family itself.

The House of Sixty Fathers Meindert De Jong, 1956 How the Chinese boy, Tien Po, makes his way back from Japanese-occupied territory with only

the family pig for company.

Storm George R. Stewart, 2021-08-17 A thrilling, innovative novel about the interplay between nature and humankind by the author of *Names on the Land*. With *Storm*, first published in 1941, George R. Stewart invented a new genre of fiction: the eco-novel. California has been plunged into drought throughout the summer and fall when a ship reports an unusual barometric reading from the far western Pacific. In San Francisco, a junior meteorologist in the Weather Bureau takes note of the anomaly and plots “an incipient little whorl” on the weather map, a developing storm, he suspects, that he privately dubs Maria. Stewart’s novel tracks Maria’s progress to and beyond the shores of the United States through the eyes of meteorologists, linemen, snowplow operators, a general, a couple of decamping lovebirds, and an unlucky owl, and the storm, surging and ebbing, will bring long-needed rain, flooded roads, deep snows, accidents, and death. *Storm* is an epic account of humanity’s relationship to and dependence on the natural world.

The Perfect Storm Sebastian Junger, 1999-10 A true story of men against the sea.

Outside Over There Maurice Sendak, 1989-02-28 With Papa off to sea and Mama despondent, Ida must go outside over there to rescue her baby sister from goblins who steal her to be a goblin’s bride.

Let the Storm Break Shannon Messenger, 2014-03-04 Breathtaking action and romance continue in the sequel to the epic *Let the Sky Fall*, from the author of the New York Times and USA TODAY bestselling *Keeper of the Lost Cities* series. Vane Weston is haunted. By the searing pull of his bond to Audra. By the lies he’s told to cover for her disappearance. By the treacherous winds that slip into his mind, trying to trap him in his worst nightmares. And as his enemies grow stronger, Vane doesn’t know how much longer he can last on his own. But Audra’s still running. From her past. From the Gales. Even from Vane, who she doesn’t believe she deserves. And the farther she flees, the more danger she finds. She possesses the secret power her enemy craves, and protecting it might be more than she can handle—especially when she discovers Raiden’s newest weapon. With the Gale Force weakened by recent attacks, and the power of four collapsing, Vane and Audra are forced to make a choice: keep trusting the failing winds, or turn to the people who’ve betrayed them before. But even if they survive the storms sent to destroy them, will they have anything left to hold on to?

In the Eye of the Storm Steven M. Banka,2010-10-11 In 2005 hurricane Katrina hit the gulf coast. In New Orleans it wasn't the hurricane you had to survive but the aftermath that came. Everyone thought the water flooding the city was the worst that could happen, they were wrong. With every chapter seemingly at the end, it got worse. See how one man survived the odds and cheated death. The Convention Center in New Orleans turned into hell for one week. Everything you can imagine bad happened. Be prepared for what you are about to read.

The Storm Defoe D., On the evening of 26th November 1703, a cyclone from the north Atlantic hammered into southern Britain at over seventy miles an hour, claiming the lives of over 8,000 people. For Defoe, bankrupt and just released from prison for seditious writings, the storm struck during one of his bleakest moments. But it also furnished him with the material for his first book, and in his powerful depiction of private suffering and individual survival played out against a backdrop of public calamity.

Storm Surge Ramsey Coutta,2016-01-18 A parish minister is callously murdered by corrupt local authorities. A generation later, his son finds himself unexpectedly caught up in the murderous paranoia of one of his father's killers. Daniel Trahan and his friend Rachel Breland, race against time to avoid the evil designs of the killer, as a deadly hurricane bears down on their southern Louisiana parish. Murder in the Marsh is a fast paced story of murder and it's cover-up, as well as a realistic account of the terrible destruction wrought by Hurricane Katrina on a small, coastal Louisiana town.

The Great Storm Lisa Waller Rogers,2002 A teenage boy keeps a diary of events during the devastating hurricane which struck Galveston, Texas, in 1900, and of the rescue operations that followed.

Category 5 Ernest Zebrowski,Judith A. Howard,2007-05-08 The epic story of the real victims of a perfect storm—overwhelmingly the poor—left

behind in the aftermath of a deadly hurricane “A riveting new book.” —Tallahassee Democrat “Not simply an historical account of a storm thirty-seven years ago but a living, breathing entity brimming with the modern-day reality that, yes, it can happen again.” —American Meteorological Society Bulletin Fascinating, easy-to-read, yet informative.” —Richmond Times-Dispatch “Almost like sitting in front of the television watching the events unfold. A page-turner from the very first page.” —Ruston Morning Paper “There is much we can all learn from this relevant and highly engaging chronicle.” — Biloxi Sun Herald “A must-read for anyone who wants to take an emotional stroll through the rubble of these Gulf Coast fishing communities and learn what happened.” —Apalachicola Times “Should be required reading for anyone living in the path of these terrible storms.” —Moondance.org As the unsettled social and political weather of summer 1969 played itself out amid the heat of antiwar marches and the battle for civil rights, three regions of the rural South were devastated by the horrifying force of Category 5 Hurricane Camille. Camille’s nearly 200 mile per hour winds and 28-foot storm surge swept away thousands of homes and businesses along the Gulf Coast of Louisiana and Mississippi. Twenty-four oceangoing ships sank or were beached; six offshore drilling platforms collapsed; 198 people drowned. Two days later, Camille dropped 108 billion tons of moisture drawn from the Gulf onto the rural communities of Nelson County, Virginia—nearly three feet of rain in 24 hours. Mountainsides were washed away; quiet brooks became raging torrents; homes and whole communities were simply washed off the face of the earth. In this gripping account, Ernest Zebrowski and Judith Howard tell the heroic story of America’s forgotten rural underclass coping with immense adversity and inconceivable tragedy. Category 5 shows, through the riveting stories of Camille’s victims and survivors, the disproportionate impact of natural disasters on the nation’s poorest communities. It is, ultimately, a story of the lessons learned—and, in some cases, tragically unlearned—from that storm: hard lessons that were driven home once again in the awful wake of Hurricane Katrina. Ernest Zebrowski is founder of the doctoral program in science and math education at Southern University, a historically black university in Baton Rouge, Louisiana, and Professor of Physics at Pennsylvania State University’s Pennsylvania College of Technology. His previous books include *Perils of a Restless Planet: Scientific Perspectives on Natural Disasters*. Judith Howard earned her Ph.D. in clinical social work from UCLA, and writes a regular political column for the Ruston, Louisiana, Morning Paper.

Penthesilea Heinrich von Kleist, 1998-11-25 An army of Amazons sets out to conquer Greek heroes for the purpose of stocking their women's state with new female offspring. They blast into the midst of the Trojan War, confusing Greeks and Trojans alike and for a moment forcing those enemies into a terrified alliance. When Achilles, the pride and mainstay of the Greeks, and Penthesilea (Pen-te-sil-lay-uh), queen of the Amazons, meet, a chase begins, The like of which not even the wildest storms Set loose to thunder across the plain of heaven Have yet presented to the astonished world, and it is the queen who is hunting Achilles, to the uncomprehending horror of the Greeks. Thus begins a tragedy of love in a world governed by the rules of war, on which the gods look down but from afar.
