A psychic who peers into the future, he is able to use the information to alert the authorities to pending trouble. Peter is taken to another plane, where he confronts a serial killer about to claim his next victim. It's a harrowing encounter that Peter only barely manages to survive. Peter soon realizes that the shadow people are connected to the serial killer, and that he is a member of the Order of Astrum, a group of evil psychics who murdered his parents years ago. Steam and Shadow Grayson Cole, 2017-03-14 A protg private eye with a knack for getting into trouble, a disillusioned senior police detective struggling to get by, and a city coroner moonlighting as a mad scientist—these three must work together to solve horrific crimes in the corrupt city of New Sierra. Even as the world itself seems bent on turning against them, they will fight to bring a light into the darkness.

The Shadow Men Christopher Golden, Tim Lebbon, 2011-06-28 From Beacon Hill to Southie, historic Boston is a town of vibrant neighborhoods knit into a seamless whole. But as Jim Banks and Trix Newcomb learn in a terrifying instant, it is also a city divided—split into three separate versions of itself by a mad magician once tasked with its protection. Jim is happily married to Jenny, with whom he has a young daughter, Holly. Trix is Jenny's best friend, practically a member of the family—although she has secretly been in love with Jenny for years. Then Jenny and Holly inexplicably disappear—and leave behind a Boston in which they never existed. Only Jim and Trix remember them. Only Jim and Trix can bring them back. With the help of Boston's Oracle, an elderly woman with magical powers, Jim and Trix travel between the fractured cities, for that is where Jenny and Holly have gone. But more is at stake than one family's happiness. If Jim and Trix should

fail, the spell holding the separate Bostons apart will fail too, and the cities will reintegrate in a cataclysmic implosion. Someone, it seems, wants just that. Someone with deadly shadow men at their disposal.

Shadow Seduction Teddy Bart,2011-08-10 Why do decent people do shameful things? While media attention focuses on the misbehavior of the rich and famous, every day, thousands of ordinary people make choices for which they suffer humiliation, emotional pain, and loss. They can hide behind the cloak of anonymity and their stories are rarely told. Such was the case of Jonathan Feldman, a respected sixty-nine-year-old businessman. Since childhood, Jonathan has had an ongoing relationship with what Dr. Carl Jung would call his shadoweverything that is repressed, undeveloped, and denied in ones self. For Jonathan, this darker alter ego is the famous actor he had aspired to become. Jonathans shadow manifests as an apparitional entity co-existing as the antagonist, snidely debating with Jonathan as he wrestles with his

options, cleverly influencing him to make a series of bad choices. And if Jonathan isn't careful, his shadow could ultimately lead him into planning his final exit. As he did with *A Particle of God*, author Teddy Bart probes one of life's enigmas through the journey toward self-discovery of Jonathan Feldman.

Collecting Shadows David Mecklenburg, 2023-12 What is a shadow? In the 21st Century our scientific minds may dismiss them as simply the absence of light, but a deeper part of our brain still knows them as tangible things full of meaning. Without them, the world would be a bleak, blinding continuum. Just as shadows make a painting or a film come alive, they define us and our families, our hopes, our mistakes and our dark triumphs. *Collecting Shadows* represents the seven short stories and a novella from the plural reality of the Hagengard, a particularly baroque and fabulist continent in Ada's World. Whether you are dragging your hooks through the darkness of your past, yearning to fly away like a raven, or find yourself uncomfortably close to a tank of eels, these stories explore the chiaroscuro of being human in a shadowy universe. Published by Blue Forge Press.

Shadow House Elaine Ewertz, 2018-05-14 Book 2 of the Black Shadows Series Cecilia's home is filled with shadows. And lies. But what's hidden in the dark always comes to light. The key is patience. And beating the liar at his own game. My name is Cecilia. When I met Aiden, he blackmailed me. I even married him. I thought I was in love. That's before I knew the real man behind the charming façade. It doesn't help that my husband is an ancient

demigod more powerful than I ever dreamed. Luckily for me, I have powerful goddesses on my side. And when they appear with shocking information about Aiden, I learn that the man I love has been hiding the awful truth from me. He's been manipulating every aspect of my life. Including my memories. Me and my goddess cousins must stop Aiden for good. Because if we don't, I stand to lose much more than just my life. He's fooled me once, but I will not let him do it again. Fans of Liv Constantine, B.A. Paris, and Gillian Flynn will love this domestic thriller with a fantasy twist. A magical and disturbing tale of good vs. evil with wicked twists you won't see coming. It's *Sleeping With the Enemy 2.0*. The bad guys are powerful but never underestimate a woman who will stop at nothing to protect the ones she loves.

Shadows Keanu Reeves, 2016 What exactly is a shadow? Is it light tracing an object or the shape a body throws when it comes between a light source and a surface? Is it a metaphor for the intimate, darker side of a person's nature—as Carl Jung postulated—and the unconscious side of one's self, where daemons and secrets are kept hidden or repressed? Is it an allegorical place between darkness and light, death and living? Or is it a state of illusion, like Plato's cave? Is it a verb that means to follow or accompany, or even to spy on? *Shadows*, a new collaborative series by Alexandra Grant and Keanu Reeves, explores the real and symbolic nature of the shadow as image and figure of speech. Grant's photographs capture Reeves's shadow at times as a silhouette and at others as traces of light as he and the camera move together. In

transforming the images into color and reversing light for dark, Grant has made the shadows themselves the source of light. Reeves's texts, written in tandem with the creation of the images, give voice to the multiple manifestations of the shadow: as a projected figure, a place of concealed emotion and an invocation to shadow play.
