Hand Shadows to Be Thrown Upon the Wall Henry Bursill,2019-11-20 This book is a collection of illustrations depicting possible shapes that a person could make using their hands and the shadow left behind from low light conditions; also known today as shadowgraphy. It was written by Henry Bursill, who authored several books, including this one, on the subject.

What Lies in Shadows John Piernicky,2011

Shadows Keanu Reeves,2016 What exactly is a shadow? Is it light tracing an object or the shape a body throws when it comes between a light source and a surface? Is it a metaphor for the intimate, darker side of a person's nature-as Carl Jung postulated-and the unconscious side of one's self, where daemons and secrets are kept hidden or repressed? Is it an allegorical place between darkness and light, death and living? Or is it a state of illusion, like Plato's cave? Is it a verb that means to follow or accompany, or even to spy on? Shadows, a new collaborative series by Alexandra Grant and Keanu Reeves, explores the real and symbolic nature of the shadow as image and figure of speech. Grant's photographs capture Reeves's shadow at times as a silhouette and at others as traces of light as he and the camera move together. In transforming the images into color and reversing light for dark, Grant has made the shadows themselves the source of light. Reeves's texts, written in tandem with the creation of the images, give voice to the multiple manifestations of the shadow: as a projected figure, a place of concealed emotion and an invocation to shadow play.

Under the Shadow Gilbert Sorrentino,1991 Under the Shadow?takes the form of fifty-nine brief sketches with simple nouns as titles. These exquisite vignettes take place on a plane at once surreal, abstract, and ominous, describing a set of people and incidents derived largely from fragments of conversation and gossip gathered here and there. They are reminiscent of Raymond Roussel's characters amid his inimitable ersatz pastorals, with tableaux both innocent and grotesque. There is something ambiguous about these passages, something deliberately closed and dreamlike. Many of them read like primal scenes of private pathologies; others are memories that, many years later, retain their power to haunt.

The Shadow Mary White Ovington,2014-12-20 When George Ogilvie, distinguished Judge of Palmetto County, Florida, read of the death in the papers-the quick death after the surgeon's knife-he felt glad and inexpressibly relieved. To play the part of avenger was sadly out of keeping with his gentle temperament. His wife could have done it without a qualm but since this was not permitted her she would in time have forced the role upon him. Fate, however, had taken her revenge without using him as her instrument, and the man who had brought disgrace into his home had slipped from the world honored by his associates, without visible taint upon his career. Remembering this, the Judge's sense of relief changed to a desire to play the familiar role, to sit himself upon the throne of justice and pronounce sentence upon this fresh-faced, laughing, persuasive criminal. Would he at the Most High Tribunal be given his full penalty?

Shadow Seduction Teddy Bart,2011-08-10 Why do decent people do shameful things? While media attention focuses on the misbehavior of the rich and famous, every day, thousands of ordinary people make choices for which they suffer humiliation, emotional pain, and loss. They can hide behind the cloak of anonymity and their stories are rarely told. Such was the case of Jonathan Feldman, a respected sixty-nine-year-old businessman. Since childhood, Jonathan has had an ongoing relationship with what Dr. Carl Jung would call his shadow—everything that is repressed, undeveloped, and denied in one’s self. For Jonathan, this darker alter ego is the famous actor he had aspired to become. Jonathan’s shadow manifests as an apparitional entity co-existing as the antagonist, snidely debating with Jonathan as he wrestles with his options, cleverly influencing him to make a series of bad choices. And if Jonathan isn’t careful, his shadow could ultimately lead him into planning his final exit. As he did with A Particle of God, author Teddy Bart probes one of life’s enigmas through the journey toward self-discovery of Jonathan Feldman.

The Shadow Maurice Level,2018-12-10 I am neither a rou nor a degenerate; yet there are days when certain visions rise so definitely before me and I am a prey to such violent desires, that if, hitherto, I have been able to resist their attraction, it is impossible for me to say whether, an hour hence, I shall be able to do so. At other times, I feel strangely weary, as though I had just accomplished some gigantic task. I feel that my bones are broken, my muscles torn, and it is when I wake up that I feel this--when I wake up, after eight hours' sleep and rest, following no excess and troubled by no dreams. . . . I also have fits of inexplicable rage; of fury that would urge me to any crime; preconceived dislikes; I am so sensitive and excitable, that a word, a gesture, are sufficient to unhinge me: I suffer almost physically from all these things.

A Darker Shadow Jake Keplin,2017-08-14 Imagine a shadow darker than any shadow you have ever seen before. Imagine that shadow is hungry, and that if you aren't fast enough, you're invited to dinner.

Collecting Shadows David Mecklenburg,2023-12 What is a shadow? In the 21st Century our scientific minds may dismiss them as simply the absence of light, but a deeper part of our brain still knows them as tangible things full of meaning. Without them, the world would be a bleak, blinding continuum. Just as shadows make a painting or a film come alive, they define us and our families, our hopes, our mistakes and our dark triumphs. Collecting Shadows represents the seven short stories and a novella from the plural reality of the Hagengard, a particularly baroque and fabulist continent in Ada's World. Whether you are dragging your hooks through the darkness of your past, yearning to fly away like a raven, or find yourself uncomfortably close to a tank of eels, these stories explore the chiaroscuro of being human in a shadowy universe. Shadow Mere Joyce,2018-01-30 In this high-interest novel for middle readers, blind filmmaker Preston Craft investigates the case of the missing movie reel.
