Dark shadow

Shadow Michael S. Booker,2011-06-12 Nathan Grayson, Blake Coleman, and Justin Bronson are three close friends, living together in a three bedroom home in a quiet Bay Area town. For the most part, they lead relatively normal lives, although each of them possesses a special skill: Nathan can see glimpses of the future and past, Blake can read minds, and Justin can move objects by thought. They have managed to keep these abilities hidden, until a sudden incident arises that threatens their safety. Nearly one year after their break-up, Nathan has a premonition that he will receive a call from his former boyfriend, Russell, whom he has not heard from in months. His prediction proves to be accurate, as Russell calls and asks for aid in finding his current lover, Andrew, who has mysteriously vanished. Still healing from the emotional wounds from their failed relationship, Nathan reluctantly agrees to use his psychic abilities to help Russell, against the wishes of Blake and Justin, who doubts Russell's motives. As Nathan delves deeper into the investigation of Andrew's disappearance, he and his friends unwittingly become the target of a malevolent, relentless supernatural force that weaves itself into their minds, and releases an explosion of terror that will jeopardize their friendship, their sanity, and their lives..

The Shadow's Shadow Walter Brown Gibson,1977

Hand Shadows to Be Thrown Upon the Wall Henry Bursill,2019-11-20 This book is a collection of illustrations depicting possible shapes that a person could make using their hands and the shadow left behind from low light conditions; also known today as shadowgraphy. It was written by Henry Bursill, who authored several books, including this one, on the subject.

Shadows Keanu Reeves,2016 What exactly is a shadow? Is it light tracing an object or the shape a body throws when it comes between a light source and a surface? Is it a metaphor for the intimate, darker side of a person's nature-as Carl Jung postulated-and the unconscious side of one's self, where daemons and secrets are kept hidden or repressed? Is it an allegorical place between darkness and light, death and living? Or is it a state of illusion, like Plato's cave? Is it a verb that means to follow or accompany, or even to spy on? *Shadows*, a new collaborative series by Alexandra Grant and Keanu Reeves, explores the real and symbolic nature of the shadow as image and figure of speech. Grant's photographs capture Reeves's shadow at times as a silhouette and at others as traces of light as he and the camera move together. In transforming the images into color and reversing light for dark, Grant has made the shadows themselves the source of light. Reeves's texts, written in tandem with the creation of the images, give voice to the multiple manifestations of the shadow: as a projected figure, a place of concealed emotion and an invocation to shadow play.

The Shadow Mary White Ovington,2010

The dark shadow; or, The blast Dark shadow,1879

The Shadow Mary White Ovington,2014-12-20 When George Ogilvie, distinguished Judge of Palmetto County, Florida, read of the death in the papers-the quick death after the surgeon's knife-he felt glad and inexpressibly relieved. To play the part of avenger was sadly out of keeping with his gentle temperament. His wife could have done it without a qualm but since this was not permitted her she would in time have forced the role upon him. Fate, however, had taken her revenge without using him as her instrument, and the man who had brought disgrace into his home had slipped from the world honored by his associates, without visible taint upon his career. Remembering this, the Judge's sense of relief changed to a desire to

play the familiar role, to sit himself upon the throne of justice and pronounce sentence upon this fresh-faced, laughing, persuasive criminal. Would he at the Most High Tribunal be given his full penalty?

SHADOW Mary White 1865-1951 Ovington,2016-08-29

Shadow Weaver R.J.Parry,2017-02-17 If a demon takes an interest in you, then run. Run fast, and run as far as you can. Ignore the voices in your head, and most important of all, stay out of the shadows. Whatever you do, stay out of the shadows.

What is a Shadow? Jackie Holderness,Jim Pipe,2002 Simple text and experiments illustrate the properties of light.

The Shadow Maurice Level,2018-12-10 I am neither a rou nor a degenerate; yet there are days when certain visions rise so definitely before me and I am a prey to such violent desires, that if, hitherto, I have been able to resist their attraction, it is impossible for me to say whether, an hour hence, I shall be able to do so. At other times, I feel strangely weary, as though I had just accomplished some gigantic task. I feel that my bones are broken, my muscles torn, and it is when I wake up that I feel this--when I wake up, after eight hours' sleep and rest, following no excess and troubled by no dreams. . . . I also have fits of inexplicable rage; of fury that would urge me to any crime; preconceived dislikes; I am so sensitive and excitable, that a word, a gesture, are sufficient to unhinge me: I suffer almost physically from all these things.

The Shadow's Shadow Maxwell Grant,Walter Gibson,2005-07-30

Shadow Seduction Teddy Bart,2011-08-10 Why do decent people do shameful things? While media attention focuses on the misbehavior of the rich and famous, every day, thousands of ordinary people make choices for which they suffer humiliation, emotional pain, and loss. They can hide behind the cloak of anonymity and their stories are rarely told. Such was the case of Jonathan Feldman, a respected sixty-nine-year-old businessman. Since childhood, Jonathan has had an ongoing relationship with what Dr. Carl Jung would call his shadoweverything that is repressed, undeveloped, and denied in ones self. For Jonathan, this darker alter ego is the famous actor he had aspired to become. Jonathans shadow manifests as an apparitional entity co-existing as the antagonist, snidely debating with Jonathan as he wrestles with his options, cleverly influencing him to make a series of bad choices. And if Jonathan isnt careful, his shadow could ultimately lead him into planning his final exit. As he did with A Particle of God, author Teddy Bart probes one of lifes enigmas through the journey toward self-discovery of Jonathan Feldman.

Collecting Shadows David Mecklenburg,2023-12 What is a shadow? In the 21st Century our scientific minds may dismiss them as simply the absence of light, but a deeper part of our brain still knows them as tangible things full of meaning. Without them, the world would be a bleak, blinding continuum. Just as shadows make a painting or a film come alive, they define us and our families, our hopes, our mistakes and our dark triumphs. Collecting Shadows represents the seven short stories and a novella from the plural reality of the Hagengard, a particularly baroque and fabulist continent in Ada's World. Whether you are dragging your hooks through the darkness of your past, yearning to fly away like a raven, or find yourself uncomfortably close to a tank of eels, these stories explore the chiaroscuro of being human in a shadowy universe. Published by Blue Forge Press.

The Prey of the Shadow Deborah Allen,2002-10 Colleen Duncan is suddenly thrust into a world of danger-a world where shadows haunt her and deception twists the truth. Unsure of her instincts and surrounded by danger, she trusts no one-until an accommodating stranger enters her life...

Shadow Mere Joyce,2018-01-30 In this high-interest novel for middle readers, blind filmmaker Preston Craft investigates the case of the missing movie reel.
