Tropical Storm Gladys is heading straight toward coastal Texas, and locals are anxious as they prepare for devastation. Haley, a Realtor, has an appointment to show a property and is determined to keep it, but a hurricane isn't the only looming danger: news reports talk of two prisoners who've escaped from a nearby penitentiary, only a few miles from the house Haley's headed for. When Sam's phone rings with his ex-wife's number, he immediately remembers the card he'd given her when they parted on the courthouse steps. If you ever need me, call and I'll be there. She hasn't called in three years, and Sam is sure this can only mean one thing: Haley is in danger, and it's up to him to save her. Lightning Storm Patrick Kirk,2020-01-08 Over the last twenty years of the 20th Century, set in Georgia and primarily in southern California, Patrick Kirk writes a fictional account of the lives of Bryan and Carolyn Jenkins as they traverse the “yuppies gotta have it all” lifestyle. The story is in some ways a high tech suspense thriller; part romance, part spy novel. It is about business, mentorship, career changes and their effects on a marriage and having a family in the 90’s. It’s also about corporate corruption and greed and how the PC software revolution assisted in the decline in American business values. It’s a dissection of the Enron-driven rolling electrical blackouts and the company’s ultimate demise. Some of the story lines are imagined after people, places, events and technology encountered by the author during his thirty years in the PC software business.
