**Roots and Fences** Sharon Gregory Duncan, 2013-07 Meet Jackie, Chuck, Jonathon, and Jamee—four people intricately linked by the common thread of disability. *Roots and Fences* tells of their life experiences, as well as their friends and families, from a phenomenological perspective. It's a compelling collection that exposes the reality of life for those with intellectual disabilities and the people who love them. Through these connective stories spanning over 50 years, you will laugh, cry, share in the adventures, meet the families, and perhaps even change your views about those who are labeled disabled. As I read, I felt I was reading something epic. Sharon calls it generational. She seems to be in the ideal location to witness all these stories of disability and how they progressed to more positive outcomes. The story starts with Jackie in 1937, then moves through the '60s with Chuck and continues to the present with Jonathon and Jamee. Through all the stories an epic meta-story takes form. - Adam Baez, Special Educator. Instructive and entertaining, *Roots and Fences* takes us to a place inside families that encourages us to consider possibilities rather than focus on limitations. Along the way, we are saddened, angered, amused, touched, uplifted, and empowered. Above all, we find reasons to be optimistic about the future of people with disabilities. -Tom Mihail, PhD, Chair of Special Education, Graduate Studies in Education, Purdue University Calumet.

The Storyteller's Daughter Sharon Dawn Selby, 2015-02-10 On her seventeenth birthday, Skye MacNamara loses both her parents after their car plunges into a river. With unseemly haste, her parents are declared dead (despite the absence of bodies) and every trace that they existed is erased. Suspicious, Skye begins asking questions and soon the carefully constructed lies that held her life together fall apart. Nothing and no one is what it seems as Skye finds herself thrust into a mythical world where stories shape reality; where memories are so tangible she physically steps into

them. At the heart of The Storyteller's Daughter lies the legend of the seannachie (pronounced shawn-aw-key), the traditional storyteller and myth-keeper of the Scottish clans. Combining realism and fantasy, readers are drawn into a world at once familiar and unsettling. Gods and mythical creatures walk in this world, brought here by Skye's mother, a seannachie who has become spellbound by a story that lets her forget a harsh reality. Skye and her two best friends set out on a quest to rescue her-even if she no longer wants to be saved....

**Played in Britain** Kate Dorney, Frances Gray, 2013-05-14 Published in collaboration with the Victoria & Albert Museum, *Played in Britain: Modern Theatre in 100 Plays* explores the best and most influential plays from 1945 to date. Fully illustrated with photos from the V&A's collections and featuring a foreword by Richard Griffiths O.B.E., the book provides a sumptuous treat for theatre-lovers. It was awarded the 2014 David Bradby Award for research by the Theatre and Performance Research Association. Opening with J. B. Priestley's classic play from 1946, *An Inspector Calls*, and ending with Laura Wade's examination of class privilege and moral turpitude in *Posh* over sixty years later, *Played in Britain* offers a visual history of post-war theatre on the British stage. Arranged chronologically the featured plays illustrate and respond to a number of themes that animate post-

war society: censorship and controversy; race and immigration; gender and sexuality; money and politics. An essay on each period first sets the context and explores trends, while the commentary accompanying each play illuminates the plot and themes, considers its original reception and subsequent afterlife, and finishes by suggesting other plays to explore. Photographs from the V&A's extensive collection illustrate each play, providing further insight into stage and costume designs, and include iconic images from the premieres of major plays such as *Waiting for Godot* and *Look Back in Anger*. Illustrated throughout with stage production photography, *Played in Britain: Modern Theatre in 100 Plays* presents a unique and visually stunning panorama of key dramatic works produced in Britain over the past seventy years. From *An Inspector Calls* to *The Rocky Horror Show*, or *Abigail's Party* to *Waiting for Godot*, fresh light is thrown on the impact, aesthetics and essence of these key plays.

**The Perils of Sharon** Sharon Wiegand, 2012-09-25 I frantically called my therapist, Susan. I was in deep distress and felt positive Susan was the only one who could help me out of it. But it was the unsympathetic secretary who answered the phone, and she refused to do anything but take a message. I pleaded with her to put me through, but was told I should go straight to the hospital instead, and was asked to put my husband on the phone. While I waited for him to make her decision for her, I went into the bathroom and confronted my bottle of pills. On impulse, I swallowed thirty. That was Thursday. I woke up on Saturday night in the psychiatric ward of the Redland Hospital without any real memory of the last three days. But at least I lived through it. Tragically, severe depression and PTSD affect millions of people every day. Sharon survived with the love of her family and their unending devotion to her welfare. In this harrowing memoir of abuse, depression, and terror, there emerges a tale of love, redemption, and healing. Join Sharon and discover how to write your own version of *The Perils of Sharon*.

The Spice Must Flow Ryan Britt, 2023-09-26 Geek-culture expert Ryan Britt takes us behind the pages and scenes of the science-fiction phenomenon *Dune*, charting the series' life from cult sci-fi novels to some of the most visionary movies of all time. Using original, deep-access reporting, extensive research, and insightful commentary, *The Spice Must Flow* brings the true popularity of *Dune* out into the light for the very first time. With original interviews with the beloved actors and directors behind the films—including Timothée Chalamet, Kyle MacLachlan, Denis Villeneuve, Patrick Stewart, Rebecca Ferguson, Alec Newman, and many more—*The Spice Must Flow* also examines the far-reaching influence of *Dune* on art, music, politics, and, most notably, its status as the first ecological science-fiction story specifically concerned with climate change. Britt skillfully and

entertainingly guides readers through the history of how the Dune universe has unfolded, including the novel's unlikely evolution from a failed piece of journalism about Oregon sand dunes into an epic science-fiction story, the way Herbert's work inspired George Lucas, untold stories from the 1984 David Lynch film, the knife-edge balance between blockbuster hit and indie film Timothée Chalamet brings to the 2021 movie, and the exciting future of the franchise. Through a blend of narrative, oral history elements, and fascinating trivia, *The Spice Must Flow* is the new essential guide to the behind-the-scenes story of Dune. The fiction of Dune is deadly serious, but the real-life story of how it came into existence is full of wonder, surprises, and spice.

**Contemporary Storytelling Performance** Stephe Harrop, 2023-08-04 This book focuses on a rising generation of female storytellers, analysing their innovation in interdisciplinary collaboration, and their creation of new multimedia platforms for story-led performance. Blending ethnographic research and performance analysis, this book documents the working lives of professional storytelling artists. It also sheds light on the practices, values, aspirations, and achievements of a generation actively redefining storytelling as a contemporary performance practice, taking on topics from ecology and maternity to griefwork and neuroscience, while working collaboratively with diverse creative partners to generate new, inclusive presences for a traditionally-inspired artform. **Adjusting the contrast** Sarita Malik, Darrell M. Newton, 2017-08-17 This volume looks at a range of texts and practices that address race and its relationship with television. The chapters explore television policy and the management of race, how transnationalism can diminish racial diversity, historical questions of representation, the myth of a multicultural England and more. They also provide analyses of programmes such as *Doctor Who*, *Shoot the Messenger*, *Desi DNA*, *Survivors* and *Top Boy*, all of which are considered in the context of the broadcast environments that helped to create them. While efforts have been made to put diverse portrayals on screen, there are still significant problems with the stories being told.
