**Inorganic Chemistry in Focus III** Gerd Meyer,Dieter Naumann,Lars Wesemann,2006-12-13 Metal clusters are on the brink between molecules and nanoparticles in size. With molecular, nano-scale, metallic as well as non-metallic aspects, metal clusters are a growing, interdisciplinary field with numerous potential applications in chemistry, catalysis, materials and nanotechnology. This third volume in the series of hot topics from inorganic chemistry covers all recent developments in the field of metal clusters, with some 20 contributions providing an in-depth view. The result is a unique perspective, illustrating all facets of this interdisciplinary area: \* Inter-electron Repulsion and Irregularities in the Chemistry of Transition Series \* Stereochemical Activity of Lone Pairs in Heavier Main Group Element Compounds \* How Close to Close Packing? \* Forty-Five Years of Praseodymium Diodide \* Centered Zirconium Clusters \* Titanium Niobium Oxychlorides \* Trinuclear Molybdenum and Tungsten Cluster Chalcogenides \* Current State of (B,C,N)-Compounds of Calcium and Lanthanum \* Ternary Phases of Lithium with Main-Group and Late-Transition Metals \* Polar Intermetallics and Zintl Phases along the Zintl Border \* Rare Earth Zintl Phases \* Structure-Property Relationships in Intermetallics \* Ternary and Quaternary Niobium Arsenide Zintl Phases \* The Building Block Approach to Understanding Main-Group-Metal Complex Structures \* Cation-Deficient Quaternary Thiospinels \* A New Class of Hybrid Materials via Salt Inclusion Synthesis \* Layered Perrhenate and Vanadate Hybrid Solids \* Hydrogen Bonding in Metal Halides \* Syntheses and Catalytic Properties of Titanium Nitride Nanoparticles \* Solventless Thermolysis \* New Potential Scintillation Materials in Borophosphate Systems. The Holy Bible : Old and New Testaments (King James Version) GOD,Various, The Holy Bible : Old and New Testaments (King James Version) This book include History of King James Bible and their work. The King James Version (KJV), commonly known as the Authorized Version (AV) or King James Bible (KJB), is an English translation of the Christian Bible for the Church of England begun in 1604 and completed in 1611. First printed by the King's Printer Robert Barker, this was the third translation into English to be approved by the English Church authorities. The first was the Great Bible commissioned in the reign of King Henry VIII, and the second was the Bishops' Bible of 1568. In January 1604, King James I convened the Hampton Court Conference where a new English version was conceived in response to the perceived problems of the earlier translations as detected by the Puritans, a faction within the Church of England. James gave the translators instructions intended to guarantee that the new version would conform to the ecclesiology and reflect the episcopal structure of the Church of England and its belief in an ordained clergy. The translation was done by 47 scholars, all of whom were members of the Church of England. In common with most other translations of the period, the New Testament was translated from Greek, the Old Testament was translated from Hebrew text, while the Apocrypha were translated from the Greek and Latin. In the Book of Common Prayer (1662), the text of the Authorized Version replaced the text of the Great Bible – for Epistle and Gospel readings – and as such was authorized by Act of Parliament. By the first half of the 18th century, the Authorized Version was effectively unchallenged as the English translation used in Anglican and Protestant churches. Over the course of the 18th century, the Authorized Version supplanted the Latin Vulgate as the standard version of scripture for English speaking scholars. Today, the most used edition of the King James Bible, and often identified as plainly the King James Version, especially in the United States, closely follows the standard text of 1769, edited by Benjamin Blayney at Oxford.

**Andocides** Andocides, 1995 Rational persuasion and appeal to an audience's emotions are elements of most literature, but they are found in their purest form in oratory. The speeches written by the Greek Orators for delivery in law-courts, deliberative councils and assemblies enjoyed an honoured literary status, and rightly so, for the best of them have great vitality.

**The Forgotten Rohingya: Their Struggle for Human Rights in Burma** Habib Habib Siddiqui, 2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal

silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
