Anatomy: A Love Story Dana Schwartz,2022-01-18 \*INSTANT #1 NEW YORK TIMES BESTSELLER\* \*INSTANT #1 INDIE BESTSELLER\* \*INSTANT USA TODAY BESTSELLER\* \*A REESE'S YA BOOK CLUB PICK\* Schwartz's magical novel is at once gripping and tender, and the intricate plot is engrossing as the reader tries to solve the mystery. She doesn't miss a beat in either the characterization or action, scattering clues with a delicate, precise hand. This is, in the end, the story of the anatomy of the human heart. - Booklist (starred review) Dana Schwartz's *Anatomy: A Love Story* is a gothic tale full of mystery and romance. Hazel Sinnett is a lady who wants to be a surgeon more than she wants to marry. Jack Currer is a resurrection man who's just trying to survive in a city where it's too easy to die. When the two of them have a chance encounter outside the Edinburgh Anatomist's Society, Hazel thinks nothing of it at first. But after she gets kicked out of renowned surgeon Dr. Beecham's lectures for being the wrong gender, she realizes that her new acquaintance might be more helpful than she first thought. Because Hazel has made a deal with Dr. Beecham: if she can pass the medical examination on her own, Beecham will allow her to continue her medical career. Without official lessons, though, Hazel will need more than just her books—she'll need corpses to study. Lucky that she's made the acquaintance of someone who digs them up for a living. But Jack has his own problems: strange men have been seen skulking around cemeteries, his friends are disappearing off the streets, and the dreaded Roman Fever, which wiped out thousands a few years ago, is back with a vengeance. Nobody important cares—until Hazel. Now, Hazel and Jack must work together to uncover the secrets buried not just in unmarked graves, but in the very heart of Edinburgh society.

From Dust, a Flame Rebecca Podos,2022-03-08 Rebecca Podos, Lambda Award-winning author of *Like Water*, returns with a contemporary Jewish fantasy of enduring love, unfathomable loss, and the power of stories to hold us together when it seems that nothing else can. Hannah's whole life has been spent in motion. Her mother has kept her and her brother, Gabe, on the road for as long as she can remember, leaving a trail of rental homes and faded relationships behind them. No roots, no family but one another, and no explanations. All that changes on Hannah's seventeenth birthday when she wakes up transformed, a pair of golden eyes with knife-slit pupils blinking back at her from the mirror—the first of many such impossible mutations. Promising that she knows someone who can help, her mother leaves Hannah and Gabe behind to find a cure. But as the days turn to weeks and their mother doesn't return, they realize it's up to them to find the truth. What they discover is a family they never knew and a history more tragic and fantastical than Hannah could have dreamed—one that stretches back to her grandmother's childhood in Prague under the Nazi occupation, and beyond, into the realm of Jewish mysticism and legend. As the past comes crashing into the present, Hannah must hurry to unearth their family's secrets in order to break the curse and save the people she loves most, as well as herself.

Stolen Science Ella Schwartz,2021-08-31 A fresh approach to a timely topic, *Stolen Science* is a fascinating compendium of stories of uncredited scientists and inventors throughout the ages. Over the centuries, women, people from underrepresented communities, and immigrants overcame prejudices and social obstacles to make remarkable discoveries in science--but they weren't the ones to receive credit in history books. People with more power, money, and prestige were remembered as the inventor of the telephone, the scientists who decoded the structure of DNA, and the doctor who discovered the cause of yellow fever. This book aims to set the record straight and celebrate the nearly forgotten inventors and scientists who shaped our world today.

**Eat My Schwartz** Geoff Schwartz,Mitch Schwartz,Seth Kaufman,2016-09-06 Geoff and Mitchell Schwartz are the NFL's most improbable pair of offensive linemen. They started their football careers late, not playing a down of organized football until they joined their low-key high school program. Despite all that, they wound up at top-tier college programs and became the first Jewish brothers in the league since 1923. In *Eat My Schwartz*, Geoff and Mitch talk about the things that have made them the extraordinary people that they are: their close-knit and supportive family, their Jewish faith and traditions, their love of the game and drive for excellence and, last but not least, the food they love to eat, whether at home or on the road. Theirs is an inspiring story not just for every football fan but for everybody wanting to figure out what it takes for dreams to come true—and how to stay well-fed throughout the process.

*No Bad Parts* Richard Schwartz, Ph.D.,2021-07-06 Discover an empowering new way of understanding your multifaceted mind—and healing the many parts that make you who you are. Is there just one “you”? We’ve been taught to believe we have a single identity, and to feel fear or shame when we can’t control the inner voices that don’t match the ideal of who we think we should be. Yet Dr. Richard Schwartz’s research now challenges this “mono-mind” theory. “All of us are born with many sub-minds—or parts,” says Dr. Schwartz. “These parts are not imaginary or symbolic. They are individuals who exist as an internal family within us—and the key to health and happiness is to honor, understand, and love every part.” Dr. Schwartz’s Internal Family Systems (IFS) model has been transforming psychology for decades. With *No Bad Parts*, you’ll learn why IFS has been so effective in areas such as trauma recovery, addiction therapy, and depression treatment—and how this new understanding of consciousness has the potential to radically change our lives. Here you’ll explore: • The IFS revolution—how honoring and communicating with our parts changes our approach to mental wellness • Overturning the cultural, scientific, and spiritual assumptions that reinforce an outdated mono-mind model • The ego, the inner critic, the saboteur—making these often-maligned parts into powerful allies • Burdens—why our parts become distorted and stuck in childhood traumas and cultural beliefs • How IFS demonstrates human goodness by revealing that there are no bad parts • The Self—discover your wise, compassionate essence of goodness that is the source of healing and harmony • Exercises for mapping your parts, accessing the Self, working with a challenging protector, identifying each part’s triggers, and more IFS is a paradigm-changing model because it gives us a powerful approach for healing ourselves, our culture, and our planet. As Dr. Schwartz teaches, “Our parts can sometimes be disruptive or harmful, but once they’re unburdened, they return to their essential goodness. When we learn to love all our parts, we can learn to love all people—and that will contribute to healing the world.”

**John the Posthumous** Jason Schwartz,2013-08-01 John the Posthumous exists in between fiction and poetry, elegy and history: a kind of novella in objects, it is an anatomy of marriage and adultery, an interlocking set of fictional histories, and the staccato telling of a murder, perhaps two murders. This is a literary album of a pre-Internet world, focused on physical elements — all of which are tools for either violence or sustenance. Knives, old iron gates, antique houses in flames; Biblical citations, blood and a history of the American bed: the unsettling, half-perceived images, and their precise but alien manipulation by a master of the language will stay with readers. Its themes are familiar — violence, betrayal, failure — its depiction of these utterly original and hauntingly beautiful.

**Eat My Schwartz** Geoff Schwartz,Mitch Schwartz,Seth Kaufman,2016-09-06 The first Jewish brothers in the NFL since 1923 take readers inside their lives and into the locker rooms in a revealing book on football, food, family, and faith. Geoff and Mitchell Schwartz are the NFL's most improbable pair of offensive linemen. They started their football careers late, not playing a down of organized football until they joined their low-key high school program. Despite all that, they wound up at top-tier college programs and became the first Jewish brothers in the league since 1923. In *Eat My Schwartz*, Geoff and Mitch talk about the things that have made them the extraordinary people that they are: their close-knit and supportive family, their Jewish faith and traditions, their love of the game and drive for excellence and, last but not least, the food they love to eat, whether at home or on the road. Theirs is an inspiring story not just for every football fan but for everybody wanting to figure out what it takes for dreams to come true—and how to stay well-fed throughout the process.

**The Paradox of Choice** Barry Schwartz,2009-10-13 Whether we're buying a pair of jeans, ordering a cup of coffee, selecting a long-distance carrier, applying to college, choosing a doctor, or setting up a 401(k), everyday decisions—both big and small—have become increasingly complex due to the overwhelming abundance of choice with which we are presented. As Americans, we assume that more choice means better options and greater satisfaction. But beware of excessive choice: choice overload can make you question the decisions you make before you even make them, it can set you up for unrealistically high expectations, and it can make you blame yourself for any and all failures. In the long run, this can lead to decision-making paralysis, anxiety, and perpetual stress. And, in a culture that tells us that there is no excuse for falling short of perfection when your options are limitless, too much choice can lead to clinical depression. In *The Paradox of Choice*, Barry Schwartz explains at what point choice—the hallmark of individual freedom and self-determination that we so cherish—becomes detrimental to our psychological and emotional well-being. In accessible, engaging, and anecdotal prose, Schwartz shows how the dramatic explosion in choice—from the mundane to the profound challenges of balancing career, family, and individual needs—has paradoxically become a problem instead of a solution. Schwartz also shows how our obsession with choice encourages us to seek that which makes us feel worse. By synthesizing current research in the social sciences, Schwartz makes the counter intuitive case that eliminating choices can greatly reduce the stress, anxiety, and busyness of our lives. He offers eleven practical steps on how to limit choices to a manageable number, have the discipline to focus on those that are important and ignore the rest, and ultimately derive greater satisfaction from the choices you have to make.

**The Last Schwartz** Deborah Zoe Laufer,2008 3m, 3f / Comedy The Schwartz family is on its last legs. Their father's dead and their Catskills home is up for sale. Norma's husband hasn't spoken to her since she turned their 15 year old son in for smoking pot. After five miscarriages it appears Herb's wife won't provide him with an heir. Simon has one foot on the moon. Gene's girlfriend is about to have an abortion. And nobody seems very clear about what it is to be a family anyway. What is it to be a family? Does anybody care any more? Is

**That's Entertainment** Tighe E. Zimmers,2021-05-19 Arthur Schwartz (1900-1984), a premier composer of American Popular Song during the mid-20th century, has been overlooked by historians. This first full-length biography covers his work on Broadway and in Hollywood, where he was known as the master of the intimate revue for his songs in the 1930s with Howard Dietz. Schwartz wrote music for films in the 1940s--with Academy Award nominations for *They're Either Too Young or Too Old* and *A Gal in Calico*--produced two popular movie musicals--*Cover Girl* and *Night and Day*--and was among the first songwriters to work in the new medium of television. The author describes his creative process and includes behind-the-scenes stories of each of his major musicals.

**All You Need** Howard Schwartz,2022-04-05 A little girl grows up to be an accomplished artist in this sumptuously illustrated book about the small things that lead to a rich and fulfilling life. All You need Is a planet to live on, A sun to give you light, And warmth. . . In *All You Need*, poet Howard Schwartz's graceful, deceptively simple text describes a handful of things anyone needs to live a rich and fulfilling life, made all the more potent by the illustrations of debut picture book artist Jasu Hu, who uses her talents to create a rich and powerful narrative describing her own journey, creative and otherwise, from a childhood in China to her arrival to study art in New York. Ultimately, she creates her own book, this book, a gift to her distant parents.

**The Lost Chapters** Leslie Schwartz,2018-07-10 Leslie Schwartz's powerful, skillfully woven memoir of redemption and reading, as told through the list of books she read as she served a 90 day jail sentence In 2014, novelist Leslie Schwartz was sentenced to 90 days in Los Angeles County Jail for a DUI and battery of an officer. It was the most harrowing and holy experience of her life. Following a 414-day relapse into alcohol and drug addiction after more than a decade clean and sober, Schwartz was sentenced and served her time with only six months' sobriety. The damage she inflicted that year upon her friends, her husband, her teenage daughter, and herself was nearly impossible to fathom. Incarceration might have ruined her altogether, if not for the stories that sustained her while she was behind bars--both the artful tales in the books she read while there, and, more immediately, the stories of her fellow inmates. With classics like Edith Wharton's *Ethan Frome* to contemporary accounts like Laura Hillenbrand's *Unbroken*, Schwartz's reading list is woven together with visceral

recollections of both her daily humiliations and small triumphs within the county jail system. Through the stories of others--whether rendered on the page or whispered in a jail cell--she learned powerful lessons about how to banish shame, use guilt for good, level her grief, and find the lost joy and magic of her astonishing life. Told in vivid, unforgettable prose, The Lost Chapters uncovers the nature of shame, rage, and love, and how instruments of change and redemption come from the unlikelyst of places.

**Screeno** Delmore Schwartz,2004 Delmore Schwartz (1913-1966) was one of the finest writers of his generation. Winner of the prestigious Bollingen prize and the Poetry Society of America's Shelley Memorial Award, he was hailed by John Ashbery as one of the major twentieth-century poets. Schwartz's stories were also widely read and loved, admired by James Atlas for their unique style that enabled Schwartz to depict his characters with a sort of childlike verisimilitude. Graced with an introduction by Cynthia Ozick, this New Directions Bibelot, Screeno: Stories and Poems, gathers many of Schwartz's most popular stories and poems, including: Screeno, In Dreams Begin Responsibilities, America, America and The Heavy Bear who Goes with Me. Also included is a newly discovered story, The Heights of Joy, which appeared in the magazine Boulevard in 2002. Delmore Schwartz's life is legendary; yet it is his work that endures: What complicates and enriches Schwartz's comedy, says Irving Howe, is, I think, a reaching out toward nobility, a shy aspiring spirituality, a moment or two of achieved purity of feeling.

**The Life of the Rev. C. F. Schwartz** Christian Friedrich SCHWARTZ,1832

**Schwartz** David Christie Murray,2014-05-18 I was expatriated by a man with an axe. The man and the axe were alike visionary and unreal, though it needed a very considerable effort of the will to hold them at mental arm's length. I had work on hand which imperatively demanded to be finished, and I was so broken down by a long course of labour that it was a matter of actual difficulty with me when I sat down at my desk of a morning to lay hold of the thread of last night's work, and to recall the personages who had moved through my manuscript pages for the past three or four months. The day's work always began with a fog, which at first looked impenetrable, but would brighten little by little until I could see my ideal friends moving in it, and could recognise their familiar lineaments. Then the fog would disperse altogether, and a certain indescribable, exultant, feverish brightness would succeed it, and in this feverish brightness my ideal friends would move and talk as it were of their own volition.

**Once and for All: The Best of Delmore Schwartz** Delmore Schwartz,2016-05-03 The publication of this book restores a missing chapter in the history of twentieth-century American literature With his New Directions debut in 1938, the twenty-five-year-old Delmore Schwartz was hailed as a genius and among the most promising writers of his generation. Yet he died in relative obscurity in 1966, wracked by mental illness and substance abuse. Sadly, his literary legacy has been overshadowed by the story of his tragic life. Among poets, Schwartz was a prototype for the confessional movement made famous by his slightly younger friends Robert Lowell and John Berryman. While his stories and novellas about Jewish American experience laid the groundwork for novels by Saul Bellow (whose Humboldt’s Gift is based on Schwartz’s life) and Philip Roth. Much of Schwartz’s writing has been out of print for decades. This volume aims to restore Schwartz to his proper place in the canon of American literature and give new readers access to the breadth of his achievement. Included are selections from the in-print stories and poems, as well as excerpts from his long unavailable epic poem Genesis, a never-completed book-length work on T. S. Eliot, and unpublished poems from his archives.
