**Singing and Teaching Singing** Janice L.Chapman,2016-11-30 Singing and Teaching Singing: A Holistic Approach to Classical Voice, Third Editioncontinues to be a beloved resource for singers and their teachers, speech-language pathologists, and laryngologists and an adopted text for instructors and students in voice, singing, and performing arts courses. Janice L. Chapman is able to draw on her experiences as a singer with some of the world's leading opera companies to present a teaching technique specifically focusing on voice in the areas of classical and opera singing. Interspersed with the concepts and components of Chapman's methods are vignettes from her life and career, animated by her conversational and vibrant style to guide (and entertain) the reader through the book in a step-by-step fashion. The philosophy of teaching presented combines three main facets: Holistic, Physiological, and Incremental. The Holistic segment emphasizes that the act of singing involves the whole person (i.e., body, mind, spirit, emotion, and voice); the Physiological segment stresses anatomy, muscular function, and effects of muscular interactions so that students and teachers alike can understand and visualize the functional workings of the torso, larynx, and the vocal tract and their impact on good singing practices; and the Incremental section shows that the act of singing can be broken down into manageable components that have a natural hierarchy that eventually interact and interlock. This teaching model provides a framework to master one element at a time, with the resulting effect of a complete and integrated mastery of technique. Chapman recommends this framework for rehabilitative work with the dysfunctional singer, for working with the developing singer, and for the ongoing development and maintenance of the technically able professional singer. Case studies, examples, exercises, and contributions from some of the world's best-known voice professionals further highlight the text. New to this edition: The addition of a completely new chapter: an interview with voice specialist osteopath Jacob Lieberman on the subject of manual therapy and voiceA rewriting of Marilyn McCarthy's chapters on teaching and learning in light of advances in the fields of neuroscience and educationUpdates to Pamela Davis's chapter on voice and the brain, as well as John Rubin's chapter on vocal and respiratory anatomy and physiologyClarifications by Ron Morris on the use of the accent method of breathing as a highly effective remedial and training techniqueRefinements to chapters on breathing and support, phonation, and resonance\*Disclaimer: Please note that ancillary content (such as documents, audio, and video, etc.) may not be included as published in the original print version of this book.

**Singing in the Rain** Tim Hopgood,2022-07-07 'I'm singing in the rain, Just singing in the rain. What a glorious feeling. I'm happy again!' Based on the classic song, this beautifully illustrated picture book celebrates rain and all its fun. Jump in puddles, raise umbrellas, and dance with joy through the pages of this gorgeous story. Sweet and positive in its message, with bright, eye-catching art, this book is an uplifting celebration of rain! 'Singing in the Rain' is one of the world's best-loved songs and the centrepiece of one of my favourite films. I love the song's positive message, and the iconic sequence of Gene Kelly dancing in the rain always raises a smile. As adults we tend to think of rain as an inconvenience rather than the joyous thing that it is. Next time it rains, step outside, feel the rain on your face, and give the clouds up above your biggest smile!'

Sing for Your Life Daniel Bergner,2016-09-27 The New York Times bestseller about a young black man's journey from violence and despair to the threshold of stardom: A beautiful tribute to the power of good teachers (Terry Gross, Fresh Air). One of the most inspiring stories I've come across in a long time.-Pamela Paul, New York Times Book Review Ryan Speedo Green had a tough upbringing in southeastern Virginia: his family lived in a trailer park and later a bullet-riddled house across the street from drug dealers. His father was absent; his mother was volatile and abusive. At the age of twelve, Ryan was sent to Virginia's juvenile facility of last resort. He was placed in solitary confinement. He was uncontrollable, uncontainable, with little hope for the future. In 2011, at the age of twenty-four, Ryan won a nationwide competition hosted by New York's Metropolitan Opera, beating out 1,200 other talented singers. Today, he is a rising star performing major roles at the Met and Europe's most prestigious opera houses. *Sing for Your Life* chronicles Ryan's suspenseful, racially charged and artistically intricate journey from solitary confinement to stardom. Daniel Bergner takes readers on Ryan's path toward redemption, introducing us to a cast of memorable characters -- including the two teachers from his childhood who redirect his rage into music, and his long-lost father who finally reappears to hear Ryan sing. Bergner illuminates all that it takes -- technically, creatively -- to find and foster the beauty of the human voice. And *Sing for Your Life* sheds unique light on the enduring and complex realities of race in America.

A Band of Angels Deborah Hopkinson,2013-05-07 *A Band of Angels* is fiction, but it is based on real events and people. The character of Ella was inspired by Ella Sheppard Moore, who was born February 4, 1851, in Nashville, Tennessee. Her father was able to free himself and young Ella from slavery, but before he could buy freedom for Ella's mother she was sold away. Ella was raised in Cincinnati, where she took music lessons. At fifteen, she was left penniless when her father died. She arrived at Fisk School in 1868 with only six dollars. Fisk was opened in 1866 as a school for former slaves and began offering college classes in 1871. That year, in a desperate attempt to save Fisk from closing, a music teacher named George White set out with a group of students on a singing tour to raise money. Although at first they only sang popular music of the day, they soon became famous for introducing spirituals to the world. Ella Sheppard was the pianist for the Jubilee Singers on their historic concert tours, which raised enough money to save the school and build Jubilee Hall, the first permanent structure in the South for the education of black students. Ella later married George Moore, had three children, and located her mother and a sister. She died in 1914. Today her great-granddaughter is a librarian at Fisk University who shares the history of the Jubilee Singers with visitors. Although none graduated from Fisk, the original Jubilee Singers were recognized with honorary degrees in 1978. Today, Jubilee Singers at Fisk University continue to keep alive a rich musical tradition that includes such songs as "Swing Low, Sweet Chariot," "Many Thousand Gone," and "Go Down, Moses."

*The Time of Our Singing* Richard Powers,2004-01-01 "The last novel where I rooted for every character, and the last to make me cry." - Marlon James, *Elle* From the Pulitzer Prize-winning author of *The Overstory* and the Oprah's Book Club selection *Bewilderment* comes Richard Powers's magnificent, multifaceted novel about a supremely gifted—and divided—family, set against the backdrop of postwar America. On Easter day, 1939, at Marian Anderson's epochal concert on the Washington Mall, David Strom, a German Jewish émigré scientist, meets Delia Daley, a young Black Philadelphian studying to be a singer. Their mutual love of music draws them together, and—against all odds and their better judgment—they marry. They vow to raise their children beyond time, beyond identity, steeped only in song. Jonah, Joseph, and Ruth grow up, however, during the civil rights era, coming of age in the violent 1960s, and living out adulthood in the racially retrenched late century. Jonah, the eldest, "whose voice could make heads of state repent," follows a life in his parents' beloved classical music. Ruth, the youngest, devotes herself to community activism and repudiates the white culture her brother represents. Joseph, the middle child and the narrator of this generation-bridging tale, struggles to find himself and remain connected to them both. Richard Powers's *The Time of Our Singing* is a story of self-invention, allegiance, race, cultural ownership, the compromised power of music, and the tangled loops of time that rewrite all belonging.
