**Studies in Aramaic Poetry (c. 100 B.C.E.-c. 600 C.E.)** Rodrigues

Pereira,2018-07-17 The paucity of material, which has limited the study of Aramaic for too long, is gradually being alleviated. An ever growing body of well-edited texts is being made available to the scholarly world. These publications have provoked a number of important and penetrating linguistical and grammatical studies. Generally, however, corresponding literary studies of these texts are still lacking. The present work is an attempt to add a literary approach to the earlier analyses. The study deals with Aramaic poetry of the period between c. 100 B.C.E. and c. 600 C.E. The discussion of the textual material is organized in a number of levels, one superimposed upon the other. The basis is formed by a close exegetical and literary reading of the poems to elucidate essential elements of content, style and form. Particular attention is paid to structure and composition as a function of the content of the poems, and to the use made by the poets of stylistic devices as structural elements.

**Space and Time in the Religious Life of the Near East** Nick Wyatt,2001-12-17

Space and time are basic features of the world-view, even the theology, of many religions, ancient and modern. How did the world begin, and how will it end? What is the importance of religious architecture in symbolizing sacred space? Where and how do we locate the self? The divine world? Wyatt's textbook treats ancient Near Eastern religions from a perspective that allows us to access how religion shapes and orders the world of human thought and experience. The book is designed especially for classroom use, each chapter provided with suggested reading, copious quotations from ancient texts and summaries. The subject matter is treated by topic, not according to individual religions, so that the reader understands the essential points of similarity and difference between religious systems and how they model their universe.

**The Splintered Gods**

Stephen Deas,2014-06-19 Praised by the likes of Joe Abercrombie and Brent Weeks, Stephen Deas has made dragons his own. Captured by an unknown enemy and forced to wage war on his rivals, the Dragon Queen has found herself hated and feared by all the people of this new land. There is little they can do to hurt her while she has her dragon, but she cannot escape while the magic necklace she is forced to wear remains active - or it will throttle her. And the enemies of her new master are gathering for revenge ... Lost in a body that isn't his own, Berren - the Bloody Judge - continues his search for the man who stole his life. Accompanied by a single Adamantine soldier, they scramble to survive in a world shaken by the Dragon Queen's attack and suspicious of all those who are strangers. But there is another power inside Berren, one which escapes when he is in danger and has the habit of disintegrating those around him. And that power has its own agenda ... One that will lead it to the Dragon Queen, and battle. The critics, fellow authors and readers alike are agreed - if you love dragons and epic fantasy, Stephen Deas is the writer for you. The man who brought dragons back to their full glory, might and terror.

**Sacred Founders**

Diliana N. Angelova,2015-09-02 Diliana Angelova argues that from the time of Augustus through early Byzantium, a discourse of "sacred founders"-articulated in artwork, literature, imperial honors, and the built environment-helped legitimize the authority of the emperor and his family. The discourse coalesced around the central idea, bound to a myth of origins, that imperial men and women were sacred founders of the land, mirror images of the empire's divine founders. When Constantine and his formidable mother Helena established a new capital for the Roman Empire, they initiated the Christian transformation of this discourse by brilliantly reformulating the founding myth. Over time, this transformation empowered imperial women, strengthened the cult of the Virgin Mary, fueled contests between church and state, and provoked an arresting synthesis of imperial and Christian art. Sacred Founders presents a bold interpretive framework that unearths deep continuities between the ancient and medieval worlds, recovers a forgotten

transformation in female imperial power, and offers a striking reinterpretation of early Christian art.

**Hurricane Season** Neal Thompson,2007-07-31 There's always a point in the season when you're faced with a challenge and you see what you're capable of. And you grow up. -- J.T. Curtis, head coach, John Curtis Christian School Patriots On Saturday, August 27, 2005, the John Curtis Patriots met for a grueling practice in the late summer New Orleans sun, the air a visible fog of humidity. They had pulled off a 19-0 shutout in their pre-season game the night before, but it was a game full of dumb mistakes. Head coach J.T. Curtis was determined to drill those mistakes out of them before their highly anticipated next game, which sportswriters had dubbed the Battle of the Bayou against a big team coming in all the way from Utah. As fate played out, that afternoon was the last time the Patriots would see one another for weeks; some teammates they'd never see again. Hurricane Katrina was about to tear their lives apart. The Patriots are a most unlikely football dynasty. There is a small, nondescript, family-run school, the buildings constructed by hand by the school's founding patriarch, John Curtis Sr. In this era of high school football as big business with 20,000 seat stadiums, John Curtis has no stadium of its own. The team plays an old-school offense, and Coach Curtis insists on a no-cut policy, giving every kid who wants to play a chance. As of 2005, they'd won nineteen state championships in Curtis's thirty-five years of coaching, making him the second most winning high school coach ever. Curtis has honed to a fine art the skill of teaching players how to transcend their natural talents. No screamer, he strives to teach kids about playing with purpose, the power of respect, dignity, poise, patience, trust in teamwork, and the payoff of perseverance, showing them how to be winners not only on the gridiron, but in life, and making boys into men. Hurricane Katrina would put those lessons to the test of a lifetime. Hurricane Season is the story of a great coach, his team, his family, and their school -- and a remarkable fight back from shocking tragedy. It is a story of football and faith, and of the transformative power of a team that rises above adversity, and above its own abilities, to come together again and prove what they're made of. It is the gripping story of how, as one player put it, football became my place of peace.

*Chronicle of the Living Christ* Robert A. Powell,1996 This pioneering, monumental work utilizes the visionary legacy of Anne Catherine Emmerich and the spiritual scientific discoveries of Rudolf Steiner concerning various hidden facts of Christ's incarnation. Powell has established the dates and daily events of Jesus Christ on Earth. Further, he indicates their significance for our future. In part one, Powell gives a historical overview. Then, using esoteric sources and his own knowledge of sidereal astrology, he offers startling insights into the circumstances of the Christmas event and the incarnation. In part two, Powell offers a daily chronicle of the three-and-a-half-year ministry of Jesus Christ on Earth, dating the events with an unprecedented accuracy. Also, Powell correlates significant events in Christ's life with upcoming dates in the history of humankind and indicates that the living presence of the Christ is increasingly accessible to us.

**Judges 1** Mark S. Smith, Elizabeth M. Bloch-Smith, 2021-11-23 This groundbreaking volume presents a new translation of the text and detailed interpretation of almost every word or phrase in the book of Judges, drawing from archaeology and iconography, textual versions, biblical parallels, and extrabiblical texts, many never noted before. Archaeology also serves to show how a story of the Iron II period employed visible ruins to narrate supposedly early events from the so-called period of the Judges. The synchronic analysis for each unit sketches its characters and main themes, as well as other literary dynamics. The diachronic, redactional analysis shows the shifting settings of units as well as their development, commonly due to their inner-textual reception and reinterpretation. The result is a remarkably fresh historical-critical treatment of 1:1-10:5.
