Tell Your Life Story Dan Bar-On,2006-09-15 Describes Dan Bar-On's method of using storytelling as both a qualitative biographical research method and as an intervention, to bring people from opposite sides of an abyss to a dialogue. Such work needs slow pace and long-term commitment, with a special combination of a scientific rigorous analysis with a sensitive approach toward the people one approaches.

Shiva Parvati KAMALA CHANDRAKANT,1971-04-01 A powerful demon threatens the gods in their heaven. They need a saviour, who, Lord Brahma decrees, will be the son born to Shiva and Parvati. But Shiva – a badly-dressed, untidy, solitary ascetic – seems to enjoy bachelorhood. Even Parvati’s unmatched beauty aided by Kama, the god of love, seems unequal to the task of enchanting the stern lord. This illustrated classic is based on Kumara Sambhava of Kalidasa.

Astronomy In Ancient Indian Belief Systems Chandrashekar B U, A perspective that origins of ancient Gods of India are based on sky constellations The ancient Gods of India have been worshipped through several millennia and have infused faith, spirituality, and mystique in humankind. The Gods come fully equipped with their divine vehicles, weapons and elaborate belief systems. Billions of devotees all around the world follow many of these beliefs even in this present era. The puzzling belief systems generate wonder/curiosity, and they pose questions. Where is Mount Mēru, where the churning of the ocean occurred? From this churning arose Kāmadhēnu, the holy cow and the pot of Amrita. What signifies Amrita, the heavenly nectar? Where are Amrita and Kāmadhēnu now? Where did the book of Ayurveda originate from? Why do we see Lord Vishnu in a sleeping posture on the Giant serpent Ādishēsha & Lakshmi Devi floating in an ocean? Why are rivers holy? How did Ganga travel from Heaven to Earth? What is Akasha Ganga’s meaning? Why do we celebrate Basant Panchami by flying kites? Why are Shiva and Parvati represented together in iconography with a single body? Why is Akshaya Tritiya called so? Whom does Keerthimukha, the demon head depicted on the Gopura/peak of a temple entrance represent? What is the strange hybrid fish/ crocodile/ creature coming out of Keerthimukha’s mouth? What does the Nataraja dance posture indicate? Why is the Lord of wealth Kubēra not worshipped anymore? Why is Shiva wearing the moon on his head and associated with his drum, the Damaru? Why does Lakshmi have eight forms (Ashtalakshmi)? Why is Vishnu called Padmanābha, The Lord Who Has A Lotus Shaped Navel? What is Thōrana, the set of mango leaves tied together hanging on the top of Indian doors? How really did all these ancient Gods of India and belief systems originate? Did the Indians alone perceive it? Did the beliefs of ancient civilizations In the Indus valley, Mesopotamian, Egyptian, etc. have shared origins? Can some of these answers be found in Astronomy? Yes, read this book to find out further!

The Mind and its Stories Patrick Colm Hogan,2003-09-29 There are profound, extensive, and surprising universals in literature, which are bound up with universals in emotion. Hogan maintains that debates over the cultural specificity of emotion are misdirected because they have ignored a vast body of data that bear directly on the way different cultures imagine and experience emotion - literature. This is the first empirically and cognitively based discussion of narrative universals. Professor Hogan argues that, to a remarkable degree, the stories people admire in different cultures follow a limited number of patterns and that these patterns are determined by cross-culturally constant ideas about emotion. In formulating his argument, Professor Hogan draws on his extensive reading in world literature, experimental research treating emotion and emotion concepts, and methodological principles from the contemporary linguistics and the philosophy of science. He concludes with a discussion of the relations among narrative, emotion concepts, and the biological and social components of emotion.

Sona's Tales Letha Sushil (Sona),2018-03-30 To the civilian, life in the services seems to be full of glamour and glitter ... But what is it like in reality? Is it just the (perceived) comforts, privileges, household staff, dedicated healthcare services, parties, et al? What is it actually like for the people living this life, far removed from their native roots, especially for the wives, who have to adjust to a totally different life style, while maintaining the prestige of their husbands’ positions, and taking care of the families’ needs? This collection of real life stories is a narration by one such Navy wife, covering her transition from a sheltered young girl in the southern city of Thiruvananthapuram, to her life in the major metropolises, and even abroad, as the wife of a very senior officer. Written with sensitivity and gentle humour, the stories are a great read, throwing light on the private lives of these guardians of our frontiers, which all of us have been curious to know about ...

The Short, Swift Time of Gods on Earth Donald Bahr,Juan Smith,William Smith Allison,Julian Hayden,2023-04-28 In the spring of 1935, at Snaketown, Arizona, two Pima Indians recounted and translated their entire traditional creation narrative. Juan Smith, reputedly the last tribesman with extensive knowledge of the Pima version of this story, spoke and sang while William Smith Allison translated into English and Julian Hayden, an archaeologist, recorded Allison's words verbatim. The resulting document, the Hohokam Chronicles, is the most complete natively articulated Pima creation narrative ever written and a rare example of a single-narrator myth. Now this extraordinary work, composed of thirty-six separate stories, is presented in its entirety for the first time. Beautifully expressed, the narrative constitutes a kind of scripture for a native church, beginning with the creation of the universe out of the void and ending with the establishment in the sixteenth century of present-day villages. Central to the story is the murder/resurrection of a god-man, Siuuhu, who summoned the Pimas and Papagos (Tohono O'odham) as his army of vengeance and brought about the conquest of his murderers, the ancient Hohokam. Donald Bahr extensively annotates the text and supplements it with other Pima-Papago versions of similar stories. Important as a social and historic document, this book adds immeasurably to the growing body of Native American literature and to our knowledge of the development of Pima-Papago culture.

Two Stories, One Person Debra And Sivan,2009-05 The story that you are about to read is a work of non-fiction. To fully understand the mental complexity of this illness, my story will be told through two different people, Debra and Sivan, both of my personalities. You will see how

they interact with each other's lives and how they often interpret a situation through different viewpoints. I'm hoping that as you read you will be able to discern between the two personalities.

Palm Lines Subrabharathi Manian,2023-05-04 Realistic writing is of two types. One reflects the life as it is! In this kind of writing, the trials and tribulations of the individual, the problems of various relationships, and incidents alone are portrayed. Such writings describe only particular incidents. That's why writers of this type concentrate on improving their skills and the nuances of their writing. Such writings play an important role in moving the language to the next stage.

Vignettes Relating to Kathakali and Shakespeare Mohan Gopinath,Vellinezhi Achuthan Kutty,Nagesh Bharadwaj,Asha Prabhakaran,Sabina Zacharias,2022-01-05 This book is written for all lovers of the performing arts, especially those who love Kathakali, the dance drama of Kerala, the southern state in India. Open Secrets Israel Shahak,1997-02-20 Israel's foreign policy is perceived to be essentially a defensive one by the international community. Why then is it the only nuclear power which refuses to sign the Non-Proliferation Treaty? What are its true foreign and nuclear policies? Using the Hebrew press as his main source, veteran human rights campaigner Israel Shahak reveals Israel's strategic foreign policy as presented through its own domestic media: ie what other Israeli Jews are told. He argues that the Israeli government, with the support of the US Jewish lobby, are conducting a global policy aiming to control virtually the whole of the Middle East for their own purposes.

It's All about Choices Sivan Berko,2015-01-27 Sean had a difficult time in school today because even friends can sometimes say things that hurt our feelings and make us question our decisions in life. Sean's mother takes the moment to illustrate how each of us has our place in the world. She shows him how important our decisions are and how these choices shape not only our values, but can affect the values of those around us. A short heart-warming story that teaches why it's okay to be different and how each of us can make the world a little better every day with the choices we make.

Understanding Indian Movies Patrick Colm Hogan,2009-06-03 Indian movies are among the most popular in the world. However, despite increased availability and study, these films remain misunderstood and underappreciated in much of the English-speaking world, in part for cultural reasons. In this book, Patrick Colm Hogan sets out through close analysis and explication of culturally particular information about Indian history, Hindu metaphysics, Islamic spirituality, Sanskrit aesthetics, and other Indian traditions to provide necessary cultural contexts for understanding Indian films. Hogan analyzes eleven important films, using them as the focus to explore the topics of plot, theme, emotion, sound, and visual style in Indian cinema. These films draw on a wide range of South Asian cultural traditions and are representative of the greater whole of Indian cinema. By learning to interpret these examples with the tools Hogan provides, the reader will be able to take these skills and apply them to other Indian films. But this study is not simply culturalist. Hogan also takes up key principles from cognitive neuroscience to illustrate that all cultures share perceptual, cognitive, and emotional elements that, when properly interpreted, can help to bridge gaps between seemingly disparate societies. Hogan locates the specificity of Indian culture in relation to human universals, and illustrates this cultural-cognitive synthesis through his detailed interpretations of these films. This book will help both scholars and general readers to better understand and appreciate Indian cinema.

Anglophone Jewish Literature Axel Stähler,2007-09-14 Anglophone Jewish literature is not traditionally numbered among the new literatures in English. Rather, Jewish literary production in English has conventionally been classified as 'hyphenated' and has therefore not yet been subjected as such to the scrutiny of scholars of literary or cultural history. The collection of essays addresses this lack and initiates the scholarly exploration of transnational and transcultural Anglophone Jewish literature as one of the New English Literatures. Without attempting to impose what would seem to be a misguided conceptual unity on the many-faceted field of Anglophone Jewish literature, the book is based on a plurality of theoretical frameworks. Alert to the productive friction between these discourses, which it aims to elicit, it confronts Jewish literary studies with postcolonial studies, cultural studies, and other contemporary theoretical frameworks. Featuring contributions from among the best-known scholars in the fields of British and American Jewish literature, including Bryan Cheyette and Emily Miller Budick, this collection transcends borders of both nations and academic disciplines and takes into account cultural and historical affinities and differences of the Anglophone diaspora which have contributed to the formation and development of the English-language segment of Jewish literature.

Nourishing millions: Stories of change in nutrition: Synopsis Yosef, Sivan,Pandya-Lorch, Rajul,2016-06-29 In recent years, the world has seen unprecedented attention and political commitment to addressing malnutrition. Milestones such as the Scaling Up Nutrition (SUN) Movement, the Lancet Maternal and Child Nutrition Series, and the Second International Conference on Nutrition (ICN2) have marked the rapid rise of nutrition on the global policy and research agenda. These developments reverse years of relative neglect for nutrition. Undernutrition is a global challenge with huge social and economic costs. It kills millions of young children annually, stunts growth, erodes child development, reduces the amount of schooling children attain, and increases the likelihood of their being poor as adults, if they survive. Stunting persists through a lifetime and beyond—underweight mothers are more likely to give birth to underweight children, perpetuating undernutrition across generations. Undernutrition reduces global gross domestic product by US\$1.4–\$2.1 trillion a year—the size of the total economy of Africa south of the Sahara.

The Real Cassian Revisited Panayiotis Tzamalikos,2012-06-07 Following the discovery of a new Greek Father, namely, Cassian the Sabaite, who, by means of Medieval forgery, has been heretofore eclipsed by a figment known as 'John Cassian of Marseilles', this book casts new light on the Late Antique interplay between Hellenism and Christianity, sixth century Origenism, and Christian influence upon Neoplatonism.
