Slide Jill Hathaway,2012-03-27 Vee Bell is certain of one irrefutable truth—her sister's friend Sophie didn't kill herself. She was murdered. Vee knows this because she was there. Everyone believes Vee is narcoleptic, but she doesn't actually fall asleep during these episodes: When she passes out, she slides into somebody else's mind and experiences the world through that person's eyes. She's slid into her sister as she cheated on a math test, into a teacher sneaking a drink before class. She learned the worst about a supposed friend when she slid into her during a school dance. But nothing could have prepared Vee for what happens one October night when she slides into the mind of someone holding a bloody knife, standing over Sophie's slashed body. Vee desperately wishes she could share her secret, but who would believe her? It sounds so crazy that she can't bring herself to tell her best friend, Rollins, let alone the police. Even if she could confide in Rollins, he has been acting distant lately, especially now that she's been spending more time with Zane. Enmeshed in a terrifying web of secrets, lies, and danger and with no one to turn to, Vee must find a way to unmask the killer before he or she strikes again.

Here's the perfect book for anyone who's ever been afraid to go into the deep end, off the high dive, or go down the big slide. Come on—slide, already! Children will be drawn to the bold, cheerful art and the soft, puffy cover. The rounded corners and strong paper stock will make it difficult for children to rip.

The Summer Slide Karl Alexander,Sarah Pitcock,Matthew C. Boulay,2016 This book is an authoritative examination of summer learning loss, featuring original contributions by scholars and practitioners at the forefront of the movement to understand—and stem—the “summer slide.” The contributors provide an up-to-date account of what research has to say about summer learning loss, the conditions in low-income children’s homes and communities that impede learning over the summer months, and best practices in summer programming with lessons on how to strengthen program evaluations. The authors also show how information on program costs can be combined with student outcome data to inform future planning and establish program cost-effectiveness. This book will help policymakers, school administrators, and teachers in their efforts to close academic achievement gaps and improve outcomes for all students. Book Features: Empirical research on summer learning loss and efforts to counteract it. Original contributions by leading authorities. Practical guidance on best practices for implementing and evaluating strong summer programs. Recommendations for using program evaluations more effectively to inform policy. Contributors: Emily Ackman, Allison Atteberry, Catherine Augustine, Janice Aurini, Amy Bohnert, Geoffrey D. Borman, Claudia Buchmann, Judy B. Cheatham, Barbara Condcliffe, Dennis J. Condrón, Scott Davies, Douglas Downey, Ean Fonseca, Linda Goetze, Kathryn Grant, Amy Heard, Michelle K. Hosp, James S. The Long Slide Tucker Carlson,2021-08-10 INSTANT NEW YORK TIMES BESTSELLER From the host of Tucker Carlson Tonight on Fox News and the New York Times bestselling author of *Ship of Fools*, a collection of nostalgic writings that underscore America’s long slide from innocence to orthodoxy. Thirty years ago, Tucker Carlson got his first job out of college fact checking for a quarterly magazine, and he went on to write for many other publications before becoming the primetime Fox News host he is today. In *The Long Slide*, Tucker delivers a few of his favorite pieces—annotated with new commentary and insight—to memorialize the tolerance and diversity of thought that the media used to celebrate instead of punish. In snapshots spanning the 1990s to today, he’ll take you on a visit to Africa with Al Sharpton and members of the Nation of Islam to stop the civil war in Liberia in 2003, inside the (not-so-) secret armies of Operation Iraqi Freedom, and on the campaign trail with Donald Trump in 2016. In case you missed it the first time around, you’ll also learn about the aesthetic merits of British colonialism, the second shift at a baked bean factory, the unexpected charm of James Carville, and the simple beauty of rural western Maine. With his signature wit and 20/20 hindsight, Tucker investigates in this patriotic and memorable collection a question on all of our minds: Has America really changed that much in recent decades? The answer is, unequivocally, yes.

Baby's Very First Slide and See Animals Fiona Watt,2015-04 Part of a brand new series, from the team that brought you *Baby's Very First Play Books*, this engaging, interactive board book is specially designed for very young children, full of vivid colours, stylish illustrations and friendly animals. Simple slider mechanisms allow a picture to be transformed, as a bush baby peers out from his tree trunk home, some meerkats pop up from their underground burrows, a monkey swings through the trees.

The Slide Area Anthony Slide,1992 The Slide Area is a monthly book review column by film historian Anthony Slide which has appeared in *Classic Images* since January 1989. This anthology collects over 300 reviews published in the column through December 1991. For each book, the reviewer provides bibliographic data, information as to content, and his own inimitable commentary, which combines both a thorough knowledge of the subject to hand and an understanding of each title's relative merit. Lillian Gish has called Slide Our preeminent historian of the silent film era, and the Los Angeles Times has described him as a one-man publishing phenomenon. This anthology will be useful both to librarians and to researchers in tracking down film and television books of the past three years, many of which have not been reviewed in library-oriented publications. Indexes.

Fast Slide Melanie Jackson,2010-10-01 Clay would much rather work as a lifeguard at the beach than at Safari Splash, the new water park in town. He's certain the summer will drag along, despite his position at the Boa, the park's fastest slide. The summer job starts to get interesting when he learns that someone has been wandering the park in a lynx costume, scaring the staff. When forty thousand dollars is stolen from the till, and his friends are under suspicion for the theft, boring is starting to look good. But Clay is certain that the mask and the thefts are connected, and he's determined to solve the crime.

The Black Slide J.W. Ocker,2022-08-16 An ominous new slide on the playground leads to a world of fear in *The Smashed Man of Dread End* author J.W. Ocker's latest middle grade horror, perfect for fans of R.L. Stine and *Scary Stories to Tell in the Dark*. Griffin Birch isn't known for being brave, but there's something about the new black slide on the elementary school playground that's made him curious. Against his better judgement, he just has to follow his best friend Laila down. But the Black Slide is no ordinary piece of playground equipment. What Griffin and Laila find at the other end of this strange portal is a cruel world, populated by bloodthirsty creatures on a quest to become immortal. And it's up to Griffin to save himself, his best friend—and the future of earth itself. Fans of classic horror will devour this creepy adventure packed with more twists and turns than the ominous black slide itself.

Hollywood Unknowns Anthony Slide,2012-09-05 Extras, bit players, and stand-ins have been a part of the film industry almost from its conception. On a personal and a professional level, their stories are told in *Hollywood Unknowns*, the first history devoted to extras from the silent era through the present. *Hollywood Unknowns* discusses the relationship of the extra to the star, the lowly

position in which extras were held, the poor working conditions and wages, and the sexual exploitation of many of the hardworking women striving for a place in Hollywood society. Though mainly anonymous, many are identified by name and, for perhaps the first time, receive equal billing with the stars. And Hollywood Unknowns does not forget the bit players, stand-ins, and doubles, who work alongside the extras facing many of the same privations. Celebrity extras, silent stars who ended their days as extras, or members of various ethnic groups--all gain a deserved luster in acclaimed film writer Anthony Slide's prose. Chapters document the lives and work of extras from the 1890s to the present. Slide also treats such subjects as the Hollywood Studio Club, Central Casting, the extras in popular literature, and the efforts at unionization through the Screen Actors Guild from the 1930s onwards. Slide chronicles events such as John Barrymore's walking off set in the middle of the day so the extras could earn another day's wages, and Cecil B. DeMille's masterful organizing of casts of thousands in films such as Cleopatra. Through personal interviews, oral histories, and the use of newly available archival material, Slide reveals in Hollywood Unknowns the story of the men, women, and even animals that completed the scenes on the silver screen.
