Road to Renewal Wayne Baxter,2017-08-24 Are you floundering in your walk with God? Does it feel like your prayers never accomplish anything? Are you struggling to make an impact in the lives of those around you? Are you desperate for spiritual renewal? One of the reasons many believers struggle in their Christian walk is because they don't know how to pray biblically. Through a clear, insightful, and practical exposition of Scripture, Road to Renewal takes the reader though seven prayers in the Bible that, when rightly understood and properly prayed, can help bring about spiritual renewal.

A History of the Labour Party from 1914 G. D. H. Cole,2018-12-07 First published in 1948, this book gives a full account of the development of the British Labour Party from its emergence as a national influence in the first world war to its return to power with an effective majority after the second world war. The study includes an epilogue which surveys the achievements of the party in the years after the 1945 election. This title will be of interest to scholars and students of history and politics.

Party and Society Cedric de Leon,2014-01-07 Political parties are central to democratic life, yet there is no standard definition to describe them or the role they occupy. Voter-centered theoretical approaches suggest that parties are the mere recipients of voter interests and loyalties. Party-centered approaches, by contrast, envision parties that polarize, democratize, or dominate society. In addition to offering isolated and competing notions of democratic politics, such approaches are also silent on the role of the state and are unable to account for organizations like Hamas, Hezbollah, and the African National Congress, which exhibit characteristics of parties, states, and social movements simultaneously. In this timely book, Cedric de Leon examines the ways in which social scientists and other observers have imagined the relationship between parties and society. He introduces and critiques the full range of approaches, using enlivening comparative examples from across the globe. Cutting through a vast body of research, de Leon offers a succinct and lively analysis that outlines the key thinking in the field, placing it in historical and contemporary context. The resulting book will appeal to students of sociology, political science, social psychology, and related fields.

Smash It! Francina Simone,2020-09-22 Refreshingly authentic and bold... Don't miss this smashing novel from Francina Simone, filled with heart, humor and a heroine to root for! Olivia "Liv" James is done with letting her insecurities get the best of her. So she does what any self-respecting hot mess of a girl who wants to SMASH junior year does... After Liv shows up to a Halloween party in khaki shorts—why, God, why?—she decides to set aside her wack AF ways. She makes a list—a F*ck-It list. 1. Be bold—do the thing that scares me. 2. Learn to take a compliment. 3. Stand out instead of back. She kicks it off by trying out for the school musical, saying yes to a date and making new friends. Life is great when you stop punking yourself! However, with change comes a lot of missteps, and being bold means following her heart. So what happens when Liv's heart is interested in three different guys—and two of them are her best friends? What is she supposed to do when she gets dumped by a guy she's not even dating? How does one Smash It! after the humiliation of being friend-zoned? In Liv's own words, "F*ck it. What's the worst that can happen?" A lot, apparently. #SMASHIT "Smash It! smashed it.—New York Times bestselling author Christine Riccio
