In his debut book Eye of the Storm, Ryan shares his zig-zagging journey from farm boy to singer and songwriter, and the life events along the way that have shaped his relationship with God. From his insecurity with self-image, to his grief and fear during his mother's lengthy battle with cancer, to his high-stress days working as a paramedic, Ryan describes the many ways his faith was tested—and how each trial helped him become more reliant on Christ. Eye of the Storm will inspire, encourage, and challenge you to trust more deeply in God, confident that any struggle you face in life will help mold you into the person He wants you to become.

The Best Years of British Film Music, 1936-1958 Jan G. Swynnoe,2002 A study of the British contribution to film music, detailing the idiosyncracies of British film, and showing how the differences between it and Hollywood affected composers on both sides of the Atlantic. Jan Swynnoe's study is concerned with the special British contribution to film music, detailing how the idiosyncracies of British film, and of the British character, set it apart from its Hollywood counterpart. She shows how the differences between the two industries in all aspects of film making variously affected composers on both sides of the Atlantic. In the mid 1930s, when film composers in America were perfecting the formulae of the classical Hollywood score, film music in Britain scarcely existed; within a year or so, however, top British composers were scoring British films. How this transformation was brought about, and how established British concert composers, including Vaughan Williams and Arnold Bax, faced the challenge of the exacting and often bewildering art of scoring for feature film, is vividly described here, and the resulting scores compared with the work of seasoned Hollywood composers. JAN SWYNNOE researched the material on which her book is based over several years, at the same time pursuing her musical life as pianist, percussionist and composer.

But the picturesque lake holds Rayne's deepest secret, and a different kind of danger from a man she thought she'd never see again. If she's not careful, she could lose her band, her career, and her life. Ben Conner made his choice years ago, and it wasn't chasing after Rayne Evans. It took years, but he's recovered from her betrayal. Now she's come to him for help and he can't turn her away. But helping her could tear holes in the life he's built for a young boy and for himself. Practical Dreamers Mike Hoolboom, 2004-04-14 The streets are full of admirable craftsmen, but so few practical dreamers.' – Man Ray Welcome to the world of fringe movies. Here, artists have been busy putting queer shoulders to the wheels, or bending light to talk about First Nations rights (and making it funny, to boot), or demonstrating how a personality can be taken apart and put back together, all during a ten-minute movie which might take years to make. In *Practical Dreamers*, twenty-seven artists dish about how they get it done and why it matters. The conversations are personal, up close and jargon free, smart without smarting. Mike Hoolboom talks footage recycling with Alessa Cohene (*Supposed To*) and Jubal Brown (*Life Is Pornography*); investigates the documentaries of Donigan Cumming (*My Dinner With Weegee*); looks at the Middle East with Jayce Salloum (*This Is Not Beirut*); discusses identity with queer Asian avatars Richard Fung (*Dirty Laundry*), Midi Onodera (*The Displaced View*) and Ho Tam (*The Yellow Pages*), and First Nations vets Kent Monkman (*Blood River*) and Shelley Niro (*Honey Moccasin*); and addresses the visions of Peter Mettler (*Gambling, Gods and LSD*).
