Immunities of Special Missions/Immunités des missions spéciales Council of Europe,2019-03-25

Special missions play an increasing and crucial role in international diplomacy and yet the international law governing them remains to some extent uncertain. This book is based on the responses of States to the questionnaire of the Council of Europe Committee of Legal Advisers on Public International Law (CAHDI) on 'Immunities of special missions', considered against the background of the 1969 United Nations Convention on Special Missions, key judicial decisions and national legislation on special mission immunity, government statements, and other state practice and evidence of *opinio juris*. The book presents and analyses the international law and practice governing special missions, while identifying remaining areas of uncertainty. This volume contains an up-to-date analysis of the law and

practice of special missions, based on information from a wide range of States. It aims to provide a practical guide on this issue for governments, judges, practitioners, academics and students alike.

Immunités des missions spéciales Les missions spéciales jouent un rôle croissant et crucial sur la scène diplomatique internationale et pourtant, le droit international qui les régit reste dans une certaine mesure incertain. Ce livre s'appuie sur les réponses des Etats au questionnaire du Comité des conseillers juridiques sur le droit international public (CAHDI) du Conseil de l'Europe sur les « immunités des missions spéciales », à la lumière de la Convention des Nations Unies sur les missions spéciales de 1969, de la législation nationale et de la jurisprudence sur l'immunité des missions spéciales, des déclarations gouvernementales et d'autres pratiques étatiques et la preuve de l' opinio juris . L'ouvrage présente et analyse le droit international et la pratique régissant les missions spéciales, tout en identifiant les domaines où des incertitudes subsistent. Ce volume contient une analyse à jour de la législation et de la pratique relatives aux missions spéciales, basée sur des informations provenant de nombreux Etats. Il vise à fournir un guide pratique sur cette question pour

les gouvernements, les juges, les praticiens, les universitaires et les étudiants.

L'Organisation spéciale de la fédération de France du FLN Daho Djerbal,2022-03-03 La part
réservée à l'Organisation Spéciale dans l'histoire de la Fédération de France du FLN a laissé dans
l'ombre une dimension importante de la lutte de libération en territoire français. Entre les différents

tenants de la lutte armée un contentieux est né que le temps n'a pas aidé à résoudre. L'Organisation Spéciale de la Fédération de France du FLN était-elle un détachement de l'organisation civile contrôlé par le comité fédéral ou une organisation militaire dépendant d'autres centres de décision ? Pour les membres de la Spéciale, il n'y a pas l'ombre d'un doute, ils étaient des djounoud de l'ALN. Cet ouvrage restitue la parole des principaux acteurs qui, par leurs témoignages, apportent des éclairages sinon des faits que ni les rapports de la Fédération de France du FLN, ni ceux de la police française n'ont révélés. En faisant l'effort douloureux pour se remémorer et trouver les mots pour dire les faits, les membres de la Spéciale racontent leur histoire. Leur identité est dans cette histoire, elle est cette histoire. Indissolublement liées, se combinent leur origine sociale, leurs relations personnelles, mille rencontres et avatars de leur existence ; on y trouve le pays, la famille, l'école, le travail, le milieu dans lequel ils ont évolué. Le projecteur de l'historien Daho Djerbal a été installé au ras du concret et de l'agir social, en déconstruisant la position de surplomb du « savant » afin de mieux restituer les compétences communes des acteurs. En mettant de l'ordre dans la relation des faits, les récits des

uns et des autres produisent du sens pour eux-mêmes et pour toutes celles et tous ceux qui aujourd’hui en prennent connaissance. À PROPOS DE L'AUTEUR Maître de conférences en histoire contemporaine au Département d'Histoire, Université d'Alger 2, Daho Djerbal est, depuis 1993, directeur de la revue Naqd, d'études et de critique sociale. Après une dizaine d'années de travaux en histoire économique et sociale, il s'oriente vers le recueil de témoignages d'acteurs de la lutte de libération nationale en Algérie. Il travaille aussi à la relation entre Histoire et Mémoire.
