Squishy Crushy Something Kieran Frank, Jayden never expected he'd be the type to develop a squish on a boy, never mind a full-blown crush. It started with Kail, a boy with looks and popularity and all-around awesomeness. Developing a squish on Kail might've been natural for Jayden, of course, as anyone could fall for that boy. But it's now three years later, the summer before senior year, and Jayden's squish on Kail has grown into a crush that he can no longer ignore. And this crush is leading Jayden to make decisions he knows he'll regret later. But Kail isn't the only one Jayden is having squishy crushy troubles with. He used to be friends with Ollie, but when Ollie got too deep into religion, it drove Jayden away. Now, Ollie is back and he seems much more open-minded—not to mention much more attractive—and Jayden can't help but develop a squish. But could it turn into a crush? Jayden is caught between two squishy crushes—the crush on the boy that he knows is toxic, and the potential crush that could make or break a friendship—and he doesn't know what to do. The right choice could bring him happiness, but if he makes the wrong choice he could lose everything.
