Star's Storm S. E. Smith, New York Times and USA TODAY Bestselling author of Science Fiction, Urban Fantasy, and Paranormal Romance brings another action, adventure, and suspense-filled story to transport readers out of this world. Star Strauss has always been a fighter. From the time she was born prematurely to her life on the road as a circus performer. She has never let her small stature keep her from achieving her dreams. She is one of the best aerial performers in the world. Her love of being up high and flying free has helped her overcome the challenges she faces when she is on the ground. Only her circus family, her sister, and her best friend have ever really understood her need for freedom. Her life changes when she finds herself on a distant world where every creature seems to tower over her. Jazin Ja Kel Coradon is the third son of the ruling House of Kassis. He is known not only for his skills as a fierce warrior, but for his knowledge of communication, security, and weapons systems. This knowledge has increased the effectiveness of the Kassis defenses protecting their world from attack from a new group of rebels who threaten their very existence. He will fight until his last breath to protect his people. His life changes when he meets a tiny creature who is unlike anything he has ever seen. She is tiny, delicate, and beautiful. The problem is she is also the strongest, most stubborn female he has ever met. She refuses to do what he tells her, she defies him at every turn, and doesn't seem to understand that all he wants to do is protect her. If he could just get her to stay in the nice safe bubble he has created for her, his life would be so much simpler! Star had enough of people back home trying to put her in a glass box, she wasn't about to let anyone on an alien world try to put her in one! When the man she loves is kidnapped, she will do what she does best. She will use her skills as a performer to rescue him from the men determined to extract the information they need to bring down the Kassis defense system before they kill him. Sometimes being small has its advantages. The enemy never expects a pint-size female to have the strength of a warrior and a stubborn warrior is about to find out he has a partner who can stand tall with him in the face of danger. Now in its current mission to the Delta Quadrant, Captain Chakotay and Fleet Commander Afsarah Eden must unravel why three Federation starships—the U.S.S. Quirinal, Planck, and Demeter—have suddenly been targeted without provocation and with extreme prejudice by the powerful Children of the Storm...with thousands of Starfleet lives at stake from an enemy that the Federation can only begin to comprehend...

With care and control, she becomes the Celestial Storm, now she just needs to rework the name.

The Storm Book Charlotte Zolotow, 1989-01-15 It is a day in the country, and everything is hot and still. Then the hazy sky begins to shift. Something is stirring, something soundless.

A Storm in the Stars Don Zancanella, 2022-08-16 In London, early in the nineteenth century, five-year-old Mary Godwin, daughter of philosopher William Godwin, plays with her sister Fanny, mourns her deceased mother, and marvels as a hot air balloon lands not far from the Thames. Nearby, in Sussex, eleven-year-old Percy Shelley entertains his three sisters by telling them stories and performing tricks with chemicals and fire. A few years later Mary and Percy meet and fall in love in the Godwin bookshop near Black Friar's Bridge. At first their romance seems doomed—Percy is a well-known atheist and already has a wife, and Mary is only seventeen and under the care of her father and his overbearing second wife. But they consider such impediments trivial and are soon on their way to Ireland, to Switzerland, and across Europe (with Mary's flighty half-sister Claire in tow). Upon reaching Lake Geneva they find lodgings near where the notorious poet Lord Byron and his peculiar personal physician John Polidori are staying—the same Lord Byron Claire seduced back in London, her reasoning being that if Mary can have a poet, why can't she? And so begins the summer when Mary Shelley will begin writing her novel about a man who brings to life a creature of his own making, Percy and Lord Byron will debate politics and poetry in the midst of lightning storms, Polidori will begin writing his novel about a man with a taste for human blood, and snow will fall in the middle of July.

A Star in My Life Victory Storm, 2020-03-01 What's gonna happen when you've just run the risk of breaking Marc Hailen's nose, the actor known to have just insured his body for ten million dollars? Berenice didn't think she has ever felt the need to answer a question like that, but the adverse fate, together with the hostile quadrature and constellations, has led her to encounter one of the most handsome, famous and well-to-do men at the time! Will Berenice be able to find a solution to hold off the pompous and arrogant nature of the star Marc Hailen, without falling in love with him? Just behind him there was one of the posters stuck up by fans of the actors starring in *The Supremacy*, the movie that was being shot in those days. It just took a few seconds for her to match perfectly the image of the actor Marc Hailen with that one of the man being in front of her. She opened her mouth to speak, but she was barely able to make sounds. "Well, what now?" he went on, more and more irritated, making Berenice's brain go haywire. This last one was reviewing all the articles and videos that she had seen about him. "You insured your body for ten million dollars," was the one thing she could say with a feeble voice. "That's right. And now, unless you want to spend the rest of your life paying for your mistakes, I would advise you to give me some ice and a coffee. At once."

His classmates have visions of college life in the fall following senior year, while his fantasy is a normal existence.
