

Star Of David&sorty

JG Myers

The Star of David Rudolph Brasch,1999

The Star of David Robert A. Norman,2016-12-19 Today the Star of David is the universally recognized Jewish symbol, but was that always the case? In this fascinating work that includes dozens of full color photographs, Dr. Norman explores the use of the hexagram through its use in Judaism, Christianity, and Islam, as well as in Buddhism and Eastern philosophies. What was it about the hexagram that made it so attractive in multiple faith traditions? He explains that the earliest documented use of the hexagram is in Capernaum in the sixth century, and was displayed prominently in Prague in the thirteenth century, but it did not become the defining symbol of Judaism until the 1930s, when Nazis forced the Jews to wear a yellow hexagram to indicate their Jewishness. The Star took on new meaning at that point, and then when it was adorned on the flag of the State of Israel in 1948, it took its place as one of the great religious symbols.

Stars of David Abigail Pogrebin,2007-12-18 Sixty-two of the most accomplished Jews in America speak intimately—most for the first time—about how they feel about being Jewish. In unusually candid interviews conducted by former 60 Minutes producer Abigail

Pogrebin, celebrities ranging from Sarah Jessica Parker to Supreme Court Justice Ruth Bader Ginsburg, from Larry King to Mike Nichols, reveal how resonant, crucial or incidental being Jewish is in their lives. The connections they have to their Jewish heritage range from hours in synagogue to bagels and lox; but every person speaks to the weight and pride of their Jewish history, the burdens and pleasures of observance, the moments they've felt most Jewish (or not). This book of vivid, personal conversations uncovers how being Jewish fits into a public life, and also how the author's evolving religious identity was changed by what she heard. · Dustin Hoffman, Steven Spielberg, Gene Wilder, Joan Rivers, and Leonard Nimoy talk about their startling encounters with anti-Semitism. · Kenneth Cole, Eliot Spitzer, and Ronald Perelman explore the challenges of intermarriage. · Mike Wallace, Richard Dreyfuss, and Ruth Reichl express attitudes toward Israel that vary from unquestioning loyalty to complicated ambivalence. · William Kristol scoffs at the notion that Jewish values are incompatible with Conservative politics. · Alan Dershowitz, raised Orthodox, talks about why he gave up morning prayer. · Shawn Green describes the pressure that comes with being baseball's Jewish star. · Natalie Portman questions the

ostentatious bat mitzvahs of her hometown. · Tony Kushner explains how being Jewish prepared him for being gay. · Leon Wieseltier throws down the gauntlet to Jews who haven't taken the trouble to study Judaism. These are just a few key moments from many poignant, often surprising, conversations with public figures whom most of us thought we already knew. "When my mother got her nose job, she wanted me to get one, too. She said I would be happier."—Dustin Hoffman "It's a heritage to be proud of. And then, too, it's something that you can't escape because the world won't let you; so it's a good thing you can be proud of it." —Ruth Bader Ginsburg "My wife [Kate Capshaw] chose to do a full conversion before we were married in 1991, and she married me as a Jew. I think that, more than anything else, brought me back to Judaism."—Steven Spielberg "As someone who was born in Israel, you're put in a position of defending Israel because you know how much is at stake."—Natalie Portman

Lone Stars of David Hollace Ava Weiner, Kenneth Roseman, 2007 An essay collection of lively written, lavishly illustrated, and well-documented narratives on the history and culture of Texas Jews.

King David Jonathan Kirsch, 2009-07-22 David, King of the

Jews, possessed every flaw and failing a mortal is capable of, yet men and women adored him and God showered him with many more blessings than he did Abraham or Moses. His sexual appetite and prowess were matched only by his violence, both on the battlefield and in the bedroom. A charismatic leader, exalted as a man after God's own heart, he was also capable of deep cunning, deceit, and betrayal. Now, in *King David: The Real Life of the Man Who Ruled Israel*, bestselling author Jonathan Kirsch reveals this commanding individual in all his glory and fallibility. In a taut, dramatic narrative, Kirsch brings new depth and psychological complexity to the familiar events of David's life--his slaying of the giant Goliath and his swift challenge to the weak rule of Saul, the first Jewish king; his tragic relationship with Saul's son Jonathan, David's cherished friend (and possibly lover); his celebrated reign in Jerusalem, where his dynasty would hold sway for generations. Yet for all his greatness, David was also a man in thrall to his passions--a voracious lover who secured the favors of his beautiful mistress Bathsheba by secretly arranging the death of her innocent husband; a merciless warrior who triumphed through cruelty; a troubled father who failed to protect his daughter from rape and whose beloved son Absalom rose against him in armed

insurrection. Weaving together biblical texts with centuries of interpretation and commentary, Jonathan Kirsch brings King David to life in these pages with extraordinary freshness, intimacy, and vividness of detail. At the center of this inspiring narrative stands a hero of flesh and blood--not the cartoon giant-slayer of sermons and Sunday school stories or the immaculate ruler of legend and art but a magnetic, disturbingly familiar man--a man as vibrant and compelling today as he has been for millennia.

Stars of David Scott R. Benarde, 2003 A fascinating look into how Judaism has shaped and influenced the makers of rock music over the past fifty years.

The Story of King David David M. Gunn, 1978-01-01

The Catholic Encyclopedia , 1914

Number the Stars Lois Lowry, 1990-08 In 1943 Copenhagen, the Germans begin their campaign to relocate the Jews of Denmark. So Annemarie Johansen's parents take in her best friend Ellen Rosen and pretend that she is a part of their family.

David and the Philistine Woman Paul Boorstin, 2017-07-28

Nara is a young Philistine woman who has given up hope of ever finding a husband. No man will take a wife who towers head and shoulders above him. She lives in isolation with her father, until she

is discovered by the Philistine priests. They betroth her to Goliath, to give him warrior sons. What happens when Nara's fate collides with that of David, who is destined to face Goliath in combat, will forever transform how you experience this pivotal moment in the Bible... Boorstin re-imagines David's dangerous path from shepherd to charismatic leader, interweaving his life not only with Nara's, but with key Biblical characters including King Saul, and Saul's daughter Michal, who will later become David's wife. While faithful to the spirit of the Bible, Boorstin reads between the lines of the ancient narrative to bring immediacy, relevance and even greater meaning to the life of the young Israelite who would become the most beloved character in the Old Testament. David and the Philistine Woman combines exciting storytelling and rich characters to fashion an unforgettable epic.

Shield of David Yigal Allon, 1970 [This book] is not a study in depth of the growth of Israel's armed forces, nor is it a historical analysis of the military doctrines which those forces developed. It is rather a sketch, a profile of the people and events which moulded first the resistance movement and then the army of the Jewish State--Author's note.

The Star of Redemption Franz Rosenzweig, 1985-08-31 The

Star of Redemption is widely recognized as a key document of modern existential thought and a significant contribution to Jewish theology in the twentieth century. An affirmation of what Rosenzweig called “the new thinking,” the work ensconces common sense in the place of abstract, conceptual philosophizing and posits the validity of the concrete, individual human being over that of “humanity” in general. Fusing philosophy and theology, it assigns both Judaism and Christianity distinct but equally important roles in the spiritual structure of the world, and finds in both biblical religions approaches toward a comprehension of reality.

Encyclopedia of the Holocaust Dr Robert Rozett, 2013-11-26

Encyclopedia of the Holocaust is a comprehensive, authoritative one-volume reference that provides reliable information on this ignoble and frightening episode of modern history. It features eight essays on the history of the Holocaust and its antecedents, as well as coverage of such topics as the history of European Jewry, Jewish contributions to European culture, and the rise of anti-semitism and Nazism. The essays are followed by more than 650 entries on significant aspects of the Holocaust, including people, cities and countries, camps, resistance movements, political actions, and outcomes. More than 300 black-and-white

photographs from the archives at Yad Vashem bear witness to the horrors of the Nazi regime and at the same time attest to the invincibility of the human spirit. Best Specialist Reference Work of the Year - Reference Reviews UK

Max Baer and the Star of David Jay Neugeboren, 2016 Mixing fictional and historical characters this haunting story is about Max Baer's life in and out of the boxing ring.

The Cracking of the Bible: The Divine Pattern Revealed
George Kidd, Jr., 2014-11-26 The Holy Bible, a compilation of stories, precepts, and adages over the course of a specific time period in human history that was given to men via divine inspiration. There have been various translations of it over time, some in part, from Hebrew to Greek in the form of the Septuagint (LXX) to the Latin Vulgate to the King James Version of 1611. What is stated in the Bible shows and demonstrates God's various facets and HIS versatility but He is consistent as well. Based on the Gregorian calendar it is the dawn of the 21st century. Some call the time that we are in the information age. The time has now come to REVEAL some of God's consistency or HIS pattern in the Bible which has been hidden for so long.

The David Story: A Translation with Commentary of 1 and 2

Samuel Robert Alter,2009-10-21 A masterpiece of contemporary Bible translation and commentary.—Los Angeles Times Book Review, Best Books of 1999 Acclaimed for its masterful new translation and insightful commentary, *The David Story* is a fresh, vivid rendition of one of the great works in Western literature. Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious, calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody. Historical personage and full-blooded imagining, David is the creation of a literary artist comparable to the Shakespeare of the history plays.

A Picture Book of Anne Frank David A. Adler,2018-01-01 The narrator, reading with clarity and precision, tells the well-known story of the Jewish girl and her family who hid during the Holocaust...[This] high-quality read-along...[is] excellent for school and public libraries. - Booklist

City of David Ahron Horovitz,2009 The Story of Ancient Jerusalem.

The Story of the Jews David Goldberg,2014 Tracing its origins

back to the Biblical patriarch Abraham approximately 3,500 years ago, redeemed from Egyptian slavery by Moses and bound to the One God at Mt Sinai around 1250 BC, the religion of the Jews - Judaism - gave birth to two other monotheistic faiths of Christianity and Islam. This book tells their story from ancient times onwards.

A Stone of Hope David L. Chappell, 2009-12-07 The civil rights movement was arguably the most successful social movement in American history. In a provocative new assessment of its success, David Chappell argues that the story of civil rights is not a story of the ultimate triumph of liberal ideas after decades of gradual progress. Rather, it is a story of the power of religious tradition. Chappell reconsiders the intellectual roots of civil rights reform, showing how northern liberals' faith in the power of human reason to overcome prejudice was at odds with the movement's goal of immediate change. Even when liberals sincerely wanted change, they recognized that they could not necessarily inspire others to unite and fight for it. But the prophetic tradition of the Old Testament--sometimes translated into secular language--drove African American activists to unprecedented solidarity and self-sacrifice. Martin Luther King Jr., Fannie Lou Hamer, James Lawson, Modjeska Simkins, and other black leaders believed, as

the Hebrew prophets believed, that they had to stand apart from society and instigate dramatic changes to force an unwilling world to abandon its sinful ways. Their impassioned campaign to stamp out the sin of segregation brought the vitality of a religious revival to their cause. Meanwhile, segregationists found little support within their white southern religious denominations. Although segregationists outvoted and outgunned black integrationists, the segregationists lost, Chappell concludes, largely because they did not have a religious commitment to their cause.
