Before the Storm: Star Wars Legends (The Black Fleet Crisis)

Michael P. Kube-Mcdowell,2011-06-28 In the blockbuster

bestselling tradition of Heir to the Empire comes this thrilling

addition to the Star Wars(r) saga, as peace gives way to a new

threat... It is a time of tranquillity for the New Republic. The

remnants of the Empire now lie in complete disarray, and the

reemergence of the Jedi Knights has brought power and prestige

to the fledgling government on Coruscant. Yesterday's Rebels have

become today's administrators and diplomats, and the factions that

fought against imperial tyranny seem united in savoring the fruits of

peace. But the peace is short-lived. A restless Luke must journey

to his mother's homeworld in a desperate and dangerous quest to

find her people. An adventurous Lando must seize a mysterious

spacecraft that has weapons of enormous destructive power and

an unknown mission. And Leia, a living symbol of the New

Republic's triumph, must face down a ruthless leader of the

Duskhan League, an arrogant Yevetha who seems bent on a

genocidal war that could shatter the fragile unity of the New

Republic...and threaten its very survival. Features a bonus section

following the novel that includes a primer on the Star Wars

expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Star Wars Stormtroopers Ryder Windham, Adam

Bray, 2017-10-24 Foreword by John Boyega Just in time for the next blockbuster, Star Wars: The Last Jedi, this unique and beautifully designed compendium with removable features traces one of the franchise's most iconic characters—the stormtrooper—from initial development through all nine Star Wars movies to their many iterations in TV, comics, videogames, novels, and pop-culture. Star Wars: A New Hope, the very first installment in the beloved science-fiction series, introduced the Imperial stormtroopers—the army of the fearsome and tyrannical Galactic Empire. Charged with establishing Imperial authority and suppressing resistance, these terrifying, faceless, well-disciplined soldiers in white have become a universal symbol of oppression. Star Wars Stormtroopers explores these striking warriors and their evolution in depth for the first time. Ryder Windham and Adam Bray trace the roots of their creation and design, and explore how these elite troops from a galaxy far, far away have been depicted in movies, cartoons, comics, novels, and merchandizing. Filled with photographs, illustrations, story boards, and other artwork, this

lavish officially licensed book comes complete with removable features, including posters, stickers, replica memorabilia and more, making it an essential keepsake for every Star Wars fan, as well as military, design, and film aficionados.

The Approaching Storm Alan Dean Foster, 2002 In the years since the events of Star Wars: The Phantom Menace, the Republic has continued to crumble, and more and more, the Jedi are needed to help the galactic government maintain order. As Star Wars: Episode II opens, Obi-Wan Kenobi and Anakin Skywalker have just returned from a mission on a world called Ansion. Written by beloved Star Wars veteran Alan Dean Foster, and starring a new character from the upcoming movie, The Approaching Storm tells the story of that daring mission. The Republic is decaying, even under the leadership of Supreme Chancellor Palpatine, who was elected to save the galaxy from collapsing under the forces of discontent. On the tiny but strategic planet of Ansion, a powerful faction is on the verge of joining the growing secessionist movement. The urban dwellers wish to expand into the prairies outside their cities—the ancestral territory of the fierce, independent Ansion nomads. If their demands are not met, they will secede—an act that could jump-start a chain reaction of withdrawal and

rebellion by other worlds of the Republic. At the Chancellor's request, the Jedi Council sends two Jedi Knights, Obi-Wan Kenobi and Luminara Unduli, to resolve the conflict and negotiate with the elusive nomads. Undaunted, Obi-Wan and Luminara, along with their Padawans Anakin Skywalker and Barriss Offee, set out across the wilderness. Many perils lie waiting to trap them. The Jedi will have to fulfill near-impossible tasks, befriend wary strangers, and influence two great armies to complete their quest, stalked all the while by an enemy sworn to see the negotiations collapse and the mission fail . . .

99 Stormtroopers Join the Empire Greg Stones,2017-07-25

Ninety-nine Stormtroopers join the Empire, and then their troubles begin. One takes a lunch break in the carbon freezing chamber. Two underestimate a princess. One picks the wrong time to ask for a promotion. And one interrupts Lord Vader's private time, failing him for the last time. As the trooper count ticks down, how will the last one fare as he receives a very special assignment?
