Weathering The Storm Stella Rainbow,2022-03-24 From roommates who barely see each other to finding their happily ever after, Luke and Scott have a tough storm to weather. Luke Escaping a madman with your life barely intact and your ability to trust shattered changes you. It changed me. I didn't remember who I was before him, my past a murky shadow, and everything in the future looked the same. Until an ad for a roommate led me to Scott. Scott made me feel safe. He made me feel... happy. But should I allow myself to drop my walls around him when the last man I let in left me bleeding and scared of my own shadow? Scott Being lonely was nothing new to me. Other than my best friend and his small family, I had no one in the world and I was okay with that. Or at least, that was what I thought. But then Luke showed up, looking to rent a room, and something about the beautiful man with his oversized hoodie and eyes full of warniness made me want to get to know him better. Something made me want to earn his trust, to see joy and adoration shine in those gray eyes. But should I let him get close when I've lost too many people already? Weathering the Storm is a 70k contemporary MM romance featuring two men with haunted pasts, reading sessions that include cookies and bonding, a three-legged cat named Tressa, and a beautiful slow burn romance.

A year ago, beloved cheerleader Stella Blackthorn vanished without a trace. Devastated, her younger sister, Iris, launched her own investigation, but all she managed to do was scare off the police’s only lead and earn a stern warning: Once she turns eighteen, more meddling means prison-level consequences. Then, a year later, the unthinkable happens. Iris’s ex-girlfriend, Heather, goes missing, too—just after dropping the polarizing last episode of her true crime podcast all about Iris’s sister. This time, nothing will stop Iris and her amateur sleuthing agency from solving these disappearances. But with a suspicious detective watching her every move, an enemy-turned-friend-turned-maybe-more to contend with, and only thirty days until she turns eighteen, it’s a race against the clock for Iris to solve the most dangerous case of her life.

Instead, she's expected to rob a temple and steal the Ring of Twelve, an artifact with the power to control natural disasters. It's also the only thing standing between the explorers and a cult of mages raising a storm that will destroy the world's magic--and usher in a new order forged in forbidden blood arts. Even if Faryn manages to avoid the temple's traps and retrieve the ring, wielding it will require a mage of unique and terrible ability. Someone like Faryn's cousin Cora. Cora thinks she's going on her honeymoon until her husband reveals their marriage is a sham and forces her to join the temple expedition. There, the magical bond legalizing their marriage mingles with the desert's own enchantment and stirs Cora's slumbering powers to life.
