Sport and the Transformation of Modern Europe Alan Tomlinson,Christopher Young,Richard Holt,2013-06-17 In the modern era, sport has been an important agent, and symptom, of the political, cultural and commercial pressures for convergence and globalization. In this fascinating, inter-disciplinary study, leading international scholars explore the making of modern sport in Europe, illuminating sport and its cultural and economic impacts in the context of the supra-state formations and global markets that have re-shaped national and trans-national cultures in the later twentieth century. The book focuses on the emergence and expansion of media markets, high-performance sport's transformation by, and effects upon, Cold War dynamics and relations, and the implications of the Treaty of Rome for an emerging European identity in sport as in other areas (for example, the influence of soccer's governing body in Europe, UEFA, and its club and international competitions). It traces the connections between the forces of ideological division, economic growth, leisure consumption, European integration and the development of European sport, and examines the role of sport in the changing relationship between Europe and the US. Illuminating a key moment in global cultural history, this book is important reading for any student or scholar working in international studies, modern history or sport.

More Than Just a Game Kathryn Jay,2006-04-18 Every aspect of the sporting world has exploded since 1945. In this book, Jay takes a look at how sports has become a multibillion-dollar industry as well as a major influence on--and reflection of--American society. 25 illustrations.

Championship Ball Clair Bee,2017-11-16 The basketball season was opening at Valley Falls High and Chip Hilton, star center of last year's varsity, had his leg in a cast. In spite of Doc Jones' encouraging words, it looked like curtains for a sports career which had started out so brilliantly under Coach Hank Rockwell's canny tutelage. It was a bitter dose to swallow for a youngster with Chip's strong spirit and will to win. Many a kid in his shoes would have given in to self-pity and let the circumstances throw him. But because he loved the game and because of his loyalty to the Rock and to the school, Chip swallowed his pride and took over the uninspiring job of managing the basketball team. This is the story of Chip Hilton, manager, who with one bum leg and an unquenchable spirit,

won the state championship for his team over all contenders, and won an even greater victory over himself. CLAIR BEE, one of the most famous athletes in American collegiate history -- and later a winning coach -- has drawn upon his own experiences for two of the most unforgettable characters in sports' fiction: Chip Hilton, the hero, and Hank Rockwell, the understanding coach.
