**The Storm That Stopped** Alison Mitchell,2015-09-22 Third in the 'Tales that Tell the Truth' series comes The Storm that Stopped Based on the account of Jesus calming the storm from Mark chapter 4, this dramatic storybook will teach children about who Jesus really is, as they witness his power over nature. Stunningly illustrated by Catalina Echeverri, author and illustrator of several bestselling children's books as well as the first two storybooks from the 'Tales that Tell the Truth' series: The Christmas Promise and The One O'Clock Miracle. *The Way the Storm Stops* Michelle Meadows,2003-10 A gentle story that turns a booming thunderstorm into a soothing lullaby Pitter, pitter Plam, plam On my windowpane- Hiss, hiss Tatter, tatter Falls the pounding rain Thunderstorms make the most exciting sounds, though they can sometimes be a little scary, especially for small children. Mommies also make wonderful sounds, but they are warm and safe and the best comfort of all at the end of a blustery day. This lyrical, rhythmic bedtime story takes the fear out of the unexpected and provides a reassuring antidote for children. A wonderful read-aloud that preschoolers will enjoy.

*Sudden Storm* Clark Heckert,2018-07-02 Prior to the dissolution of the Soviet Union in 1991, the Russian Politburo is using the vast resources of their space program to secretly modify weather in the fertile Ukraine when they realize their illegal harvest boosting operation is about to be discovered by the United Nations. In a desperate move to prevent discovery by the Global Climate Survey System, the Politburo votes to use their weather modifying system to create a series of devastating hurricanes off Cape Canaveral, the launch site of the U.N. Survey System. Their actions start a snowball of events, pitting ex-Navy SEAL Keith Maddox against his nemesis Nilolai Pronin, a ruthless KGB agent with a grudge from his failed post-war mission in Vietnam. The story moves across three continents as Keith, his business partner Marty, retired Admiral Jessel, and a band of his father's World War Two Austrian resistance fighters struggle to expose the Soviet plot before the dangerous chemicals released from the Russian-made storms destroy the Earth's ozone layer. But with the Soviets releasing a final mega-storm out of desperation, and Pronin blocking him at every turn, can Keith and his friends stop the monstrous hurricane before it's too late and the ozone is destroyed?

*The Last Storm* Tim Lebbon,2022-07-19 A gripping, terrifying road trip through the heat of the post-apocalyptic American desert from the author of Netflix's The Silence. This action-packed and thought-provoking eco-nightmare will appeal to fans of Benjamin Percy, Christopher Golden and Josh Malerman. With global warming out of control, large swathes of North America have been struck by famine and drought and are now known as the Desert. A young woman sets out across this dry, hostile landscape, gradually building an arcane apparatus she believes will bring rain to the parched earth. Jesse lives alone, far from civilization. Once, he too made rain, but he stopped when his abilities caused fatalities, bringing down not just rain but scorpions, strange snakes and spiders. When his daughter Ash inherited this tainted gift, Jesse did his best to stop her. His attempt went tragically wrong, and he believes himself responsible for her death. But now his estranged wife Karina brings news that Ash is still alive. And she's rainmaking again. Terrified of what she might bring down upon the desperate communities of the Desert, they set out to find her. But Jesse and Karina are not the only ones looking for Ash. As the storms she conjures become more violent and deadly, some follow her seeking hope. And one is hungry for revenge.

*A Pearl in the Storm* Tori Murden McClure,2009-04-07 “Unlike Hemingway’s The Old Man and the Sea, Tori Murden McClure’s true story of a woman and the sea and a boat named American Pearl is one of victory. . . If you want to be inspired, read this book. You won’t stop till you’ve finished.” — Sena Jeter Naslund, author of Ahab's Wife In this thrilling memoir by the first woman to row solo across the Atlantic Ocean, Tori McClure finds that what she is looking for lies not in a superhuman show of strength, but rather in embracing what it means to be human. In the end, I know I rowed across the Atlantic to find my heart, but in the beginning, I wasn't aware that it was missing. In June 1998, Tori McClure began rowing across the Atlantic Ocean solo in a twenty-three-foot plywood boat with no motor or sail. Within days she lost all communication with shore but decided to forge ahead -- not knowing that 1998 would turn out to be the worst hurricane season on record in the North Atlantic. When she was nearly killed by a series of violent storms, Tori was forced to signal for help and head home in what felt like disgrace. But then her life changed in unexpected ways. She was hired by Muhammad Ali, who told her she did not want to be known as the woman who almost rowed across the Atlantic. And at thirty-five, Tori fell in love. A Pearl in the Storm is Tori's enthralling story of high adventure—and of her personal quest to discover that embracing her own humanity was more important than superhuman feats.

**Heavy Weather** Bruce Sterling,2011-08-17 Bruce Sterling, one of the founding fathers of the cyberpunk genre, now presents a novel of vivid imagination and invention that proves his talent for creating brilliant speculative fiction is sharper than ever. Forty years from now, Earth's climate has been drastically changed by the greenhouse effect. Tornadoes of almost unimaginable force roam the open spaces of Texas. And on their trail are the Storm Troupers: a ragtag band of computer experts and atmospheric scientists who live to hack heavy weather -- to document it and spread the information as far as the digital networks will stretch, using virtual reality to explore the eye of the storm. Although it's incredibly addictive, this is no game. The Troupers' computer models suggest that soon an F-6 will strike -- a tornado of an intensity that exceeds any existing scale; a storm so devastating that it may never stop. And they're going to be there when all hell breaks loose.

**Every Storm** Lori Wick,2004-07-15 New from Lori Wick, this stand-alonestory shows how unexpected changes can set the perfect course for love. 1945, WWII—When Lieutenant Donovan Riggs experiences trouble with his PT boat, the sailors of Every Storm make an unscheduled stop...and a surprising discovery. Lorraine Archer is an American teacher living and working in Australia. While on a flight with her sister, her daydreams are disrupted by the sounds of the plane going down. Lorri ends up alone on a deserted island in the Pacific. And just when she loses all hope of being found...Donovan and his crew arrive. Neither Donovan nor Lorri suspect that their encounter is the beginning of something very certain...a future not left to chance, but to faith.

**The Storm Before the Calm** Talbot Davis,2015-09-15 In this five-week study, Davis addresses life’s turbulent, trying moments by looking at some of Scripture’s most significant “storm stories.” By turning the popular phrase, “the calm before the storm” on its head, The Storm Before the Calm presents a unique take on the significance of life’s storms—grief, job loss, relationship failures, etc.—and how faith in Christ helps us weather them. Davis's message is clear and challenging: life’s storms prepare us for the calm that follows. Discussion questions at the end of each chapter are designed to help leaders of small groups. Also available when purchasing the book is access to a free video trailer and an audio recording of the author's sermons as another way to experience the weekly message.
