What Was That All About? Jerry Scott, Jim Borgman, 2017-10-17 What Was That All About? is the perfect celebration of Zits' twentieth anniversary! Always spot-on, sometimes chaotic, and often messy comic moments are immortalized by the true-to-life give and take between Jeremy and his often befuddled parents. Authors Jerry Scott and Jim Borgman have sifted through the highlights (and some lowlights!) over the life of the strip and have created a unique behind-the-scenes, insightful view into the history of Zits. They have selected their all-time favorite cartoons to fill the collection along with special features, including stories about: • How they met in Sedona, Arizona, and came up with the crazy idea of creating Zits • The teenagers in their own lives • Choosing the title Zits • Strips that newspapers declined to publish, or words they censored, etc. • Creating a Zits Sunday strip • Sucks, bites, and blows: staking out territory on the comic page • Fish paste and other reasons our kids don't want to travel with us anymore Excerpts from their sketchbooks will also be shown. This is the book every fan of Zits has ever wanted!

Quilt As-You-Go Made Modern Jera Brandvig, 2014-10-01 Learn to create modern quilts more quickly and easily than ever with this popular method, featuring thirteen projects and twenty-five bonus ideas. Do you believe rules were meant to be broken? If so, this improvisational quilt-as-you-go technique is for you. Instead of dealing with precise paper patterns and cutting measurements, you'll learn how to piece fabric onto small, manageable batting blocks. Let your creative juices flow as you quilt directly on the blocks (not the whole quilt!), whether in large abstract zigzags or small structured stitches. After the blocks have been joined, all you need to do is add backing fabric and binding, and--voila!--it's finished! A modern approach to quilting that's fresh, fun, and simpler than it sounds; it will change the way you quilt (for the better) Great for moms or anyone with a busy schedule--these thirteen projects are easy to transport because they make it simple to pick up where you left off Go your own way: This method allows you to use a pattern or improvise, creating a wide variety of design options

Save money! Learn how to finish your own quilts without the use of a longarm professional "Quilting is easier than ever with Jera Brandvig's modern spin on the popular quilt-as-you-go technique." –Modern Quilts Unlimited "Quilt-as-you-go (QAYG) is one of those techniques that every quilter is curious about trying, but can be daunting as the process is so different to the traditional process of making a quilt top and then quilting it. . . . The book introduces the technique very thoroughly, so you can clearly understand the difference between traditional piecing and quilting and QAYG. Then there's a great selection of gorgeous quilts that are sure to appeal to the modern quilter. A must if you've ever thought about trying QAYG and haven't had a clue where to start." –Make Modern Magazine

40: A Doonesbury Retrospective 1980 to 1989 G. B. Trudeau, 2012-06-12 The second volume of this retrospective anthology covers the Pulitzer prize-winning cartoon strip from 1980 to 1989. On October 26, 1970, G.B. Trudeau introduced the world to a college jock named B.D. and his inept and geeky roommate, Mike Doonesbury. Fourteen thousand strips later, Doonesbury has become one of the most beloved and acclaimed comic strips in history. Over the years, the world of Doonesbury grew uniquely vast, sustained by an intricately woven web of relationships—over forty major characters spanning three generations. The complete 40: A Doonesbury Anthology presents more than 1,800 comic strips that chart key adventures and cast connections over the last four decades. Dropped in throughout this rolling narrative are twenty detailed essays in which Trudeau contemplates his characters, including portraits of core characters such as Duke and Honey, Zonker, Joanie, and Rev. Sloan, as well as more recent additions, such as Zipper, Alex, and Toggle. Trudeau also includes an annotated diagram that maps the mind-boggling matrix of character relationships. This second volume of the four-volume e-book edition of 40 covers the years 1980 to 1989 for the celebrated cartoon strip.
