Stud Kevin Conley, 2008-12-02 Every year, on Valentine's Day, the great Thoroughbred farms open their breeding sheds and begin their primary business. For the next one hundred and fifty days, the cries of stallions and the vigorous encouragement of their handlers echo through breeding country, from the gentle hills of Kentucky to the rich valleys of California. Stud takes us into this strange and seductive world of horse breeding. We meet the world's leading sire, Storm Cat, the Triple Crown winner, Seattle Slew, and a nearly unmanageable colt, Devil Begone, who has found peace and prosperity on the banks of the Rio Grande servicing desert mares like Patty O'Furniture. Cheap stud, top stud, old stud, wild stud, from the Hall of Fame horse to the harem stallion with his feral herd, Stud looks at intimate acts in idyllic settings and the billion-dollar business behind them.

Stud Kevin Conley, 2002-03-26 The most expensive thirty seconds in sports. Every year, on Valentine's Day, the great Thoroughbred farms open their breeding sheds and begin their primary business. For the next one hundred and fifty days, the cries of stallions and the vigorous encouragement of their handlers echo through breeding country, from the gentle hills of Kentucky to the rich valleys of California. First appearing as an article in The New Yorker, Stud takes you into this strange and seductive world. We move from Lexington's Overbrook Farm, where the world's leading sire, Storm Cat, a lightly raced eighteen-year-old, brings in around thirty million dollars a year; to the auction halls, where sheiks and bookies (known more casually as the Doobie Brothers and the Boys) bid millions for Storm Cat's well-bred offspring. We visit Three Chimneys, where the twenty-seven-year-old Triple Crown winner Seattle Slew, a senior citizen by equine standards, makes a rousing return to active duty after spinal surgery, and stroll through Running Horse Farm, on the banks of the Rio Grande, where a nearly unmanageable colt, Devil Begone, has found peace and prosperity servicing desert mares like Patty O'Furniture. Cheap stud, top stud, old stud, wild stud, from the Hall of Fame horse to the harem stallion with his feral herd, Stud looks at intimate acts in idyllic settings (and the billion-dollar business behind them), providing a voyeuristic glimpse of just how human the equine world can be.

Studs Terkel's Chicago Studs Terkel, 2017-05-02 In a blend of history, memoir, and photography, the Pulitzer Prize winner paints a vivid portrait of this extraordinary American city. Chicago was home to the country's first skyscraper (a ten-story building built in 1884), and marks the start of the famed Route 66. It is also the birthplace of the remote control (Zenith) and the car radio (Motorola), and the first major American city to elect a woman (Jane Byrne) and then an African American man (Harold Washington) as mayor. Its literary and journalistic history is just as dazzling, and includes Nelson Algren, Mike Royko, and Sara Paretsky. From Al Capone to the street riots during the Democratic National Convention in 1968, Chicago, in the words of Studs Terkel, "has—as they used to whisper of the town's fast woman—a reputation." Chicago was also home to Terkel, the Pulitzer Prize-winning oral historian, who moved to Chicago in 1922 as an eight-year-old and who

would make it his home until his death in 2008 at the age of ninety-six. This book is a splendid evocation of Studs Terkel's hometown in all its glory—and all its imperfection.

London, 1969. The hottest, hippest, wildest domain of hedonists and pleasure-seekers, where swingers swarm the clubs and discos in a high-stakes quest to live for the moment. At the centre of this decadent scene, one man plays all the angles, never missing a chance to score with the beautiful women who desire him - and walks the line between ecstasy and overload. Now the woman he wants the most knows his number - and may just call his bluff. Why everyone needs Jackie in their lives . . . 'No one does it better than Jackie' heat 'The definition of a class act' Graham Norton 'Scandalous. Outrageous. And completely fabulous!' Veronica Henry 'Jackie was absolutely marvellous, she was lovely. She was a very, very good writer' Jilly Cooper 'Jackie to me was the best writer of those risqué, amusing, fun novels - full of Hollywood characters and lots of sex' Barbara Taylor Bradford 'That smart, talented and gorgeous woman paved the road for many of us so that we could experience a smoother journey . . . with or without heels' Sandra Bullock

The Stud Collins Jackie, 2015-10-01 "Sex-filled, escapist, utterly unpretentious." - New York Times Jackie Collins beckons you to experience the hottest, wildest domain of pleasure-seekers in 1969 London in *The Stud*, where the desires and dalliances of the wife of a billionaire financier bring new meaning to the word debauchery. Former supermodel Fontaine Khaled needs more in her life than just being arm candy to her wealthy Arab businessman husband, Benjamin Khaled. A one-time jetsetter who traveled the world for thrills, she's climbing the walls to find the excitement her senior citizen spouse just can't provide. Sure, she spends his money and most of her time on partying, shopping, and her hot new nightclub, Hobo. But what she really craves is a young, sensual man who can deliver the goods. . . and the new manager of the club is ready to deliver. Tony Blake comes from the wrong side of the tracks but has been quickly scaling the ladder of social status thanks to his good looks, charm, and a body that won't quit. Self-described as a taller Tony Curtis with a touch of Michael Caine and Kris Kristofferson thrown into the mix, Tony can—and does—sleep with anyone who can bring him to the next level, including his sexy, insatiable boss. Fontaine knows he gets around, but she doesn't care . . . until Tony becomes enamored with the one woman he'd do best to stay away from. Now Tony's days of being Fontaine's stud—and staff—are numbered as he's about to learn a hard lesson in lines that should never be crossed. Told in the voices of these decadent and daring characters, *The Stud* is a fast, racy romp that's sure to delight! Already read *The Stud*? Stud Joel Sanders, 2020-03-13 Originally published in 1996, *Stud: Architectures of Masculinity* is an interdisciplinary exploration of the active role architecture plays in the construction of male identity. Architects, artists, and theorists investigate how sexuality is constituted through the organization of materials, objects, and human subjects in actual space. This collection of essays and visual projects critically analyzes the spaces that we habitually take for granted but that quietly participates in the manufacturing of maleness. Employing a variety of critical perspectives (feminism, queer theory, deconstruction, and psychoanalysis), *Stud*'s contributors reveal how masculinity, always an unstable construct, is coded in our environment. *Stud* also addresses the relationship between architecture and gay male sexuality, illustrating the resourceful ways that gay men have appropriated

and reordered everyday public domains, from streets to sex clubs, in the formation of gay social space.

Breeding Stud Sheep Murray Long,2008-06-25 Breeding Stud Sheep shows how to establish and manage a successful sheep stud. All aspects of stud breeding are covered, including where and how to buy your sheep, selecting the right breeding stock for your stud, flock management, nutrition, disease control, lambing problems, showing sheep, promotion and marketing, and selling stud genetics. The detailed step-by-step strategies will give the reader the ability to develop alternative approaches that best suit their situation. It also explains how new initiatives such as performance recording, DNA testing and modern reproductive techniques can be integrated with the old, time-honoured traditions of sheep breeding. Profiles of highly recognised stud breeders are included, detailing how they started and the strategies they have used to grow their stud sheep operations over many years. This book will help new breeders avoid the pitfalls and mistakes that can occur when starting a new stud venture, and show how to succeed in what is ultimately a tough but very rewarding industry.
