*Stunt; the Story of the Great Movie Stunt Men* John Baxter,1974 The story of the men and women whose daring stunts have thrilled Hollywood's audiences - from the slapstick of the Keystone Kops to the present.

*Stuntwomen* Mollie Gregory,2015-11-19 They've traded punches in knockdown brawls, crashed biplanes through barns, and raced to the rescue in fast cars. They add suspense and drama to the story, portraying the swimmer stalked by the menacing shark, the heroine dangling twenty feet below a soaring hot air balloon, or the woman leaping nine feet over a wall to escape a dog attack. Only an expert can make such feats of daring look easy, and stuntwomen with the skills to perform -- and survive -- great moments of action in movies have been hitting their mark in Hollywood since the beginning of film. Here, Mollie Gregory presents the first history of stuntwomen in the film industry from the silent era to the twenty-first century. In the early years of motion pictures, women were highly involved in all aspects of film production, but they were marginalized as movies became popular, and more important, profitable. Capable stuntwomen were replaced by men in wigs, and very few worked between the 1930s and 1960s. As late as the 1990s, men wore wigs and women's clothes to double as actresses, and were even painted down for some performances, while men and women of color were regularly denied stunt work. For decades, stuntwomen have faced institutional discrimination, unequal pay, and sexual harassment even as they jumped from speeding trains and raced horse-drawn carriages away from burning buildings. Featuring sixty-five interviews, *Stuntwomen* showcases the absorbing stories and uncommon courage of women who make their living planning and performing action-packed sequences that keep viewers' hearts racing.

Stars, Stunts and Stories Carl Ciarfalio,Teri Ryan,2015-09-15 Veteran Hollywood stuntman Carl Ciarfalio shares behind-the-scenes tales about mega-stars and directors, gnarly stunts and powerful real-life moments-including the time he got run over for real by a half-ton truck. As compelling as your favorite action movie, *Stars, Stunts, and Stories* will have you turning the pages...and glued to your seat!

**Flying Sideways** Fred North,Peggy Pere North,2023-10-03 In his gripping, surprising, and wildly entertaining new memoir *Flying Sideways*, Fred North tells the incredible true story of how he became the most famous film stunt helicopter pilot in the world. As a young, misunderstood boy, Fred North was never a fan of the rules. Then, on an unremarkable day in 1969, a helicopter touched down in his hometown of Saint-Louis, Senegal, and turned his world upside down. Fifty years later, he's Hollywood's go-to stunt pilot with a world altitude record and over two hundred film credits to his name, including *Inception*, *James Bond: Spectre*, and *Fast X*. But a lot of incredible things happened in between. *Flying Sideways: The Story of the World's Most Famous Stunt Pilot* tells the thrilling but heartfelt story of how a misfit boy with nothing but a dream breaks the rules, beats the odds, and learns to bet on himself. Against a vibrant global backdrop that touches down everywhere from New York City to Mongolia to Madagascar, we follow Fred as he deserts the French Army (in roller skates), talks his way into flight school, becomes chief pilot for the world's greatest rally car and adventures races, gets mixed up with DEA in Miami, dodges death (many times), and—perhaps most improbably—falls in love. *Flying Sideways* is a nonstop thrill ride, reminding us that the most dangerous thing we can do with life is give up on it.

*The Full Burn* Kevin Conley,2011-01-15 In *The Full Burn*, acclaimed journalist Kevin Conley goes inside one of the coolest - and most dangerous - jobs in the world. With bravura storytelling and full access to many of the legends of the field, Conley gives a behind-the-scenes view of the stuntman's life: the history, the culture, and the tricks of the trade, showing how-and why-stuntmen do what they do. He even subjects himself to the stuntman's rite of passage -- the book's eponymous stunt -- in which he is doused in jellied gasoline and set aflame. This is truly immersion journalism at its finest.

**Doubling for McQueen and Redford** James C. Udel, 2021-11-04 Since Hollywood's first motion-picture, stunt players have given blood, sweat, and tears to the business. From high falls and horse gags to fist-fights, fire, water-work and automotive mayhem, this largely unsung group of action-performers has been making movie violence believable and telling stories through exciting sequences without so much as an Oscar category to acknowledge their work. This book follows the careers of Loren Janes and Mickey Gilbert, two fabled stunt practitioners born and trained during the pre-CGI film age, and shares their secrets of the trade while walking through five decades of movie magic. The fascinating and original conversations discuss some of Hollywood's most action-packed flicks such as *Spartacus*, *How the West Was Won*, *Bullitt*, *The Wild Bunch*, *Butch Cassidy and the Sundance Kid* and *Little Big Man*.

**The Reminiscing CHAMP** Harry Froboess, 2023-08-04 One of the pioneers of modern movie stuntmen was Harry Arias Froboess (1899-1985). Born in Bern, Switzerland Harry began swimming and diving at a very young age. He credits his mother with teaching him to be a jumping fish and his father with teaching him gymnastics. His athletic ability won him many championships as well as representing Switzerland in the Olympic Games. An outgrowth of his swimming and diving ability was his participation in stunts. He did stunt doubling for many stars in silent films. Froboess avoided the early issues with performing stunts by going through all security precautions and trying to assess all possible risks. His great breakthrough in the film business came with the *Harry-Hill* movies. In these movies he climbed from a train traveling at breakneck speed into an airplane, finally pulling himself up into a shackle balloon. He jumped from higher and higher bridges and towers into water which finally culminated in a leap from a Zeppelin from a height of 110m into the Bodensee. In another movie he threw himself down from a 60m high bridge together with a horse and this stunt was called the greatest movie sensation of the world (Cover photo).

*Stuntman!* Hal Needham, 2011-02-09 The classic no-holds-barred memoir from Hollywood's most legendary stuntman -- an inspiration for Brad Pitt's character Cliff Booth in *Once Upon a Time in Hollywood* -- is full of incredible stories as told by a real man of action (Arnold Schwarzenegger). Yep that's me, Hal Needham, on the cover doing a fire stunt. When you're on fire you don't dare breathe because if you do, you'll suck those flames right down your throat. I was Hollywood's highest paid stuntman so I should know. I wrecked hundreds of cars, fell from tall buildings, got blown up, was dragged by horses, and along the way broke 56 bones, my back twice, punctured a lung and knocked out a few teeth...I hung upside down by my ankles under a bi-plane in *The Spirit of St. Louis*, jumped between galloping horses in *Little Big Man*, set a world record for a boat stunt on *Gator*, jumped a rocket powered pick-up truck across a canal for a GM commercial, was the first human to test the car airbag-and taught John Wayne how to really throw a movie punch. Life also got exciting outside of the movie business. I had my Ferrari stolen right from under my nose, flew in a twin-engine Cessna with a passed out pilot, rescued the cast and crew from a Russian invasion in Czechoslovakia, and once took six flight attendants on a date. I owned the Skoal-Bandit NASCAR race team, the sound-barrier breaking Budweiser Rocket Car and drove a souped-up, fake ambulance in a little cross-country

race called The Cannonball Run, which became the movie I directed by the same name. Oh yeah, I also directed Smokey and the Bandit, Hooper and several other action/comedy movies that I liked a bunch. I was a sharecropper's son from the hills of Arkansas who became a Hollywood stuntman. That journey was a tough row to hoe. I continually risked my life but that was the career I chose. I was never late to the set and did whatever I had to do to get the job done. Hollywood's not all sunglasses and autographs. Let me tell you a few stories...

The Stunt Man Paul Brodeur, 1970

Movie Stunts & Special Effects Andrew Lane, 2014-11-20 Throughout film history, one of the fundamental fantasies portrayed on screen has been the kind of physical action few of us could ever experience in real life. The image of an 'every man' engaged in hand-to-hand, mortal combat, defending his family or even the world population against an overwhelming and malevolent force, speaks to our most primal instincts and thus became a mainstay of movie entertainment. In order to translate these deep-seated fantasies to the screen, filmmakers have been developing special skills and crafts for over 100 years. It is these skills that make 'movie magic' and have allowed audiences to take part in the primal hopes and fears we all possess. Movie Stunts & Special Effects: A Comprehensive Guide to Planning and Execution is designed to inform filmmakers on how to plan for and utilize these crafts by engaging and empowering filmmakers to better communicate with stunts and effects practitioners, and thereby enabling them to more fully realize their vision. Director/Producer Andrew Lane surveys fights, use of weapons, cars and vehicles, falls, the use of pyrotechnics, atmospheric effects, bullet hits, wounds and blood, among many other categories. Factors such as cost, time to implement, safety accommodations, and assessing the competence of those employed to plan and execute stunts and special effects are numerous and very specific. Each topic in Movie

Stunts & Special Effects is examined using narrative explanations and extensive interviews with world-renowned experts. Various stunts and special effects are explored in the context of how they are best captured by a camera and then editorially constituted in the final product.

**Sensational** Kim Todd, 2021-04-13 A gripping, flawlessly researched, and overdue portrait of America's trailblazing female journalists. Kim Todd has restored these long-forgotten mavericks to their rightful place in American history.—Abbott Kahler, author (as Karen Abbott) of *The Ghosts of Eden Park* and *Liar, Temptress, Soldier, Spy* A vivid social history that brings to light the “girl stunt reporters” of the Gilded Age who went undercover to expose corruption and abuse in America, and redefined what it meant to be a woman and a journalist—pioneers whose influence continues to be felt today. In the waning years of the nineteenth century, women journalists across the United States risked reputation and their own safety to expose the hazardous conditions under which many Americans lived and worked. In various disguises, they stole into sewing factories to report on child labor, fainted in the streets to test public hospital treatment, posed as lobbyists to reveal corrupt politicians. Inventive writers whose in-depth narratives made headlines for weeks at a stretch, these “girl stunt reporters” changed laws, helped launch a labor movement, championed women's rights, and redefined journalism for the modern age. The 1880s and 1890s witnessed a revolution in journalism as publisher titans like Hearst and Pulitzer used weapons of innovation and scandal to battle it out for market share. As they sought new ways to draw readers in, they found their answer in young women flooding into cities to seek their fortunes. When Nellie Bly went undercover into Blackwell's Insane Asylum for Women and emerged with a scathing indictment of what she found there, the resulting sensation created opportunity for a whole new wave of writers. In a time of few jobs and few rights for women, here was a path to lives of excitement and meaning. After only a decade of headlines and fame, though, these trailblazers faced a vicious public backlash. Accused of practicing “yellow journalism,” their popularity waned until “stunt reporter” became a badge of shame. But their influence on the field of journalism would arc across a century, from the Progressive Era “muckraking” of the 1900s to the personal “New Journalism” of the 1960s and '70s, to the “immersion journalism” and “creative nonfiction” of today. Bold and unconventional, these writers changed how people would tell stories forever.
