Sua Sponte Dick Couch,2013-07-02 Sua Sponte Latin for “Of Their Own Accord” The 75th Ranger Regiment’s Motto Army Rangers are not born. They are made. The modern 75th Ranger Regiment represents the culmination of 250 years of American soldiering. As a fighting force with our nation’s oldest and deepest tradition, the Regiment traces its origins to Richard Rogers’s Rangers during the prerevolutionary French and Indian War, through the likes of Francis Marion and John Mosby, to the five active Ranger battalions of the Second World War, and finally, to the four battalions of the current Ranger regiment engaged in modern combat. Granted unprecedented access to the training of this highly restricted component of America’s Special Operations Forces in a time of war, retired Navy captain Dick Couch tells the personal story of the young men who begin this difficult and dangerous journey to become Rangers. Many will try, but only a select few will survive to serve in the 75th Ranger Regiment. Sua Sponte follows a group of these aspiring young warriors through the crucible that is Ranger training and their preparation for direct-action missions in Afghanistan against America’s enemies, anywhere, any time, and under any conditions. Il pescatore e la sua anima Oscar Wilde,2023-11-06 Un giovane pescatore imprigiona per sbaglio una sirena nella sua rete. La lascia andare in cambio di una promessa: ogni giorno, la sirena tornerà da lui e canterà per attirare i pesci. Giorno dopo giorno, i due si innamorano, ma il giovane non può seguirla in fondo al mare, perché, diversamente da lei, ha un’anima umana. L’unico modo che ha di realizzare il suo sogno, perciò, è sbarazzarsi della sua anima. Ma è una scelta che avrà delle conseguenze.

Apologia Pro Vita Sua Saint John Henry Newman,1907

Apologia Pro Vita Sua and Six Sermons John Henry Newman,2008-01-01 This newly edited version of John Henry Newman's *Apologia Pro Vita Sua* sheds new light on Newman's celebrated account of his passage from the Church of England to the Roman Catholic Church and repositions his narrative within the context of transformative religious journeys of other Victorian intellectuals. Frank M. Turner is the first historian of Victorian thought, religion, and culture to edit Newman's classic autobiographical narrative. Drawing on extensive research in contemporary printed materials and archives, Turner's powerfully revisionist Introduction reevaluates and challenges the historical adequacy of previous interpretations of Newman's life and of the *Apologia* itself. He further presents Newman's volume as a response to ultramontane assertions of papal authority in the 1860s. In addition to numerous explanatory textual annotations, the volume includes an Appendix featuring six important Anglican sermons that providesignificant insights into Newman's thought during the years recounted in the *Apologia*.
