Sugar Skull Denise Hamilton,2003-03-25 From the Edgar, Anthony, Macavity, and Willa-nominated author Denise Hamilton comes SUGAR SKULL Acclaimed by award committees and critics for her groundbreaking *The Jasmine Trade*, Denise Hamilton returns with a penetrating new Eve Diamond crime novel sure to confirm her reputation as a rising star. Los Angeles Times reporter Eve Diamond usually works out of the paper's San Gabriel Valley

bureau, but she's taking a weekend shift downtown when a distraught Vincent Chevalier breaks through security and demands her help. His fifteen-year-old daughter, Isabel, is missing, and the cops won't go looking for her until forty-eight hours have passed. The man thinks he knows where she might be -- with some runaways in a dismal squat in East Hollywood. He wants Eve as his witness when he enters the squat and tries to bring Isabel home. Eve senses a possible story: Why would a privileged young girl from Pasadena spend time with the down-and-outs in East Hollywood? But there will be no interview with Isabel. Isabel is dead, her body wrapped in a dirty futon and abandoned in a derelict basement. Eve's questions have only begun. What brought the blond-haired teenager to such a tragic, early demise? Did a man named Finch, who's had past arrests for drugs, burglary, and theft, have something to do with Isabel's murder? What about her father? There's something unsettling about him. And what was Isabel's relationship with Paolo Langdon, her schoolmate and the son of a socialite hostess and a prominent politician? Even as Eve must fight against powerful forces that want her off the story, she finds herself emotionally drawn to the brooding scion of a Mexican music-promotion titan. It's dangerous to mix professional with personal, but Silvio Aguilar is hard to resist. And in his world, in the little sugar skull confections that commemorate the Mexican Day of the Dead, Eve may find some clue to a killer. Written with the authenticity and bold strokes that Denise Hamilton has made her own, *Sugar Skull* is much more than a triumphant crime novel -- it's a dazzling portrait of a city full of diversity. Rich with nuance and insight, this is compelling, illuminating crime writing at its best.

Sugar Skulls Lisa Mantchev, Glenn Dallas, 2015 Welcome to Cyrene, a city where energy is currency and music is the lifeblood of its young citizens. Everyone lives on the grid, and the residents of the world's largest playground are encouraged to pursue every physical and emotional pleasure imaginable. Vee is the lead singer

of the Sugar Skulls, an all-girl band that is Corporate's newest pet project. Micah haunts the city like a ghost after an overdose of a deadly illegal street drug knocks him off the grid. When Micah and Vee forge an immediate, undeniable connection, their troubled worlds collide. Trading concert stages for Cyrene's rooftops and back alleys, they have to evade vicious thugs and Vee's possessive manager as they unravel the mysteries connected to their dark pasts. And before the curtain falls, Micah and Vee will bring the city to its knees in their desperate bid for love, home, and a future together.

A Shit Storm Lisa Gillis, 2015-03-12 I'm Tristan Loren aka J.J. aka son of Jackal's Jack Storm and I have two problems right now—don't laugh. College is about to begin, and I don't want to go. Also, I've somehow graduated high school a virgin. Tristan Loren is the first to admit he's lived a privileged life. However, the top schools, the best games and phones and cars, the finest of whatever his heart desired has come with strangers yelling for his attention and camera flashes in his face. Even when his father retires the rock star life and moves the family from L.A., their lives are rarely incognito. His classmates have visions of college life in the fall following senior year, while his fantasy is a normal existence. Whatever normalcy is, he's sure it's not graduating with honors--and his virginity. Aside from having a paranoid mom who has made it her mission to see that he's never alone with a girl, he wants his first time to be with someone who doesn't know him as Jack Storm-of-the-multi-platinum-Jackal Junior. Chasing the vision of a woman and a world who doesn't know of him takes him from the sunshiny suburbs of Dallas to the snowy streets of Detroit. Getting his V card swiped and finding his own identity comes with an entirely different price tag. A Shit Storm can stand alone but for fans of Six Silver Strings Series, this novel is the first in the E-String Set and includes scenes with characters from G-Strings and D-Strings with several appearances of Jack and Marissa Storm.

The Skull SarahKali Tamas DelaCroix,Salem

Blackthorn,2024-01-03 Carlyle Alexander, a forensic artist suffering from psychosis, falls in love with the image of a young woman who was a victim to a serial killer. Through reconstructing the visage on a skull that was recovered, Carlyle falls in love with the victim who he believes he shares a unique and supernatural bond. Carlyle vows to avenge his beloved by pursuing the perpetrator and bestowing 'justice' when the Florida Justice System of Zephyrhills fails to make their case against him. As one maniac pursues another the question of what happens when two separate psychoses collide, each believing that the other is the villain in their own delusion. With both believing that they were called to kill for a higher purpose, they relentlessly hunt one another to try and complete the mission their delirium had set forth. As Carlyle's mental state deteriorates, the former artist battles his own manic episodes and insurmountable personal demons, leading the reader to both empathize yet detest his decisions. While the serial killer continues to prey upon women in the area, Carlyle befriends many young women connected to the case who will inevitably be twisted into his 'accomplices,' who aid him in his tireless pursuit to avenge his beloved with the ultimate goal of returning her to life, demonstrating the extent to which his

mental state had depreciated. The story delves into topics such as feminism, matriarchal religions, aesthetics, drug use, cults, necrophilia, and untreated mental illness. The Skull, the first book in the trilogy, seemingly concludes with the serial killer being slain and Carlyle apparently having committed suicide. The format of the book is a letter by Carlyle which acts as his manifesto, diary, confession, and ultimately his suicide letter addressed to the major detective on the case of the serial killer who becomes increasingly more suspicious of Carlyle, even believing that he is the serial killer himself.
