Shorty & Clem Michael Slack,2017-04-25 The creator of the award-winning app Scruffy Kitty, Michael Slack, brings young readers a fresh, dynamic duo: an energetic dinosaur and a cranky but loving bird who both pack lots of silly noises and fuzzy surprises in this vibrantly illustrated friendship story. Meet Shorty & Clem! Shorty is a really short dinosaur. A shortysaurus, to be exact. Clem is a blue quail. A quail is some kind of bird. While Clem is out, a package arrives at the door with his name on it. Shorty gets super excited and finds the box irresistible. What’s inside? A race car...trampoline...bongos...monkeys? He REALLY wants to open it but, he knows that it’s Clem’s. Should he open the box? Of course not! Instead, he jumps on it like a trampoline—THUMP!—and bangs on it like a drum—BOOM BADA BOOM!—until he finally opens it. That’s when Clem comes home. Shorty is sure he’s done something terrible, but Clem proves to him that best friends are the best surprises of all!

**Condition** Christopher Gonzalez,2022-11-03 As you begin to read this, you start to remember. That fateful day, you may have been eating dinner, on your phone, coming home from work or school, or watching TV, when the Emergency Broadcast System emerged on every media outlet available. THIS IS NOT A TEST, the screen read. Lock every entrance, gather necessities, DO NOT go outside, and remain calm. Further instructions will soon follow. Zombies are a fickle creature; they're always changing. These zombies... They're unlike anything you've ever seen. The reality of having seen something that gruesome makes your heart race again. You remember the way they looked at first and having to study them to keep your spot at the top of the chain. You look around. You've established yourself again, reading a book you found to kill some time. Making the zombie apocalypse, simply something that you've experienced, among many other things. Now, let's get to that book! October 30, 2015, 7:58 p.m. That's when it all began for everyone, the awful sounds of the emergency alarms filling the air with panic. No one had a certain plan, just hopes for the best and quick wits. Robert Duncan was on a farm where he worked, fixing machines. His regular life would instantly change, and the world would flip on itself. The things he would do, the people he would meet, and the items he would obtain were not in his imagination. This is his story, just as you would have one, and what became of him...

*Arrest-Proof Yourself* Dale C. From what to do if a cop asks to search the car to dealing with a racial slur or how to handle a roach in the ashtray, this handbook details the nuances of dealing with the police. This revised and expanded edition of Arrest-Proof Yourself includes more than 100 pages of new information to reflect changes in police technique and “proactive policing.” More than 50 pages are dedicated to weaponry—including how to legally own and handle guns and knives and which firearms to use for self-defense—and updates examine topics such as the current surveillance state and the ability of police to track movements and activities using data drawn from cell phones and computers. Sprinkled with not only moral outrage but also the weird humor that permeates law enforcement, this

urgent, eye-opening exposé has stories from 30 years of case files, making it the go-to guide to police procedures for all Americans.

**Out of Touch** Leia Howard,2018-12-17 Touch of Gray is an urban fantasy series featuring Gray Graham, a touch clairvoyant. She is one of the thousands of Psycepts, psychics or those with enhanced perception, that were genetically identified by the US government. Rather than stay in America with the possibility that she could be drafted into service or compelled to use her gifts to benefit US agencies at the expense of her freedom, Gray sought asylum in the Greater Tribal Council of the Americas (GT). The GT is a country formed following the American Civil War when various Native American / Alaskan or First Nation tribes formed an alliance and fought non-native settlers to a standstill. The GT and its neighbors the US, Canada, and Mexico are geographic allies with different ideologies. The GT grants permanent resident status to Psycepts like Gray, upon certain conditions. In exchange for her living in the GT, Gray assists police with missing persons or homicide cases. The difference is that Gray chooses which petitions she accepts and her contract has an expiration date. Gray has lived in the GT for fifteen years and has kept herself away from most of the Psycept concerns. It seems as if the rest of the world has forgotten Psycepts and moved on. However, nothing is that easy and events conspire to drag Psycepts, and Gray, back into the wider world.

**Super Boys** Brad Ricca,2013-06-04 In time for the 75th anniversary of the Man of Steel, comes the first comprehensive literary biography of Joe Shuster and Jerry Siegel, creators of the DC Comics superhero Superman and the inspiration for Michael Chabon's Kavalier and Clay Drawing on ten years of research in the trenches of Cleveland libraries, boarded-up high schools, and secret, private collections, and a love of comic books, Brad Ricca's Super Boys is the first ever full biography about Superman's creators. Among scores of new discoveries, the book reveals the first stories and pictures ever published by the two, where the first Superman story really came from, the real inspiration for Lois Lane, the template for Superman's costume, and much, much more. Super Boys also tracks the boys' unknown, often mysterious lives after they left Superman, including Siegel's secret work during World War II and never-before-seen work from Shuster. Super Boys explains, finally, what exactly happened with the infamous check for \$130 that pulled Superman away from his creators—and gave control of the character to the publisher. Ricca also uncovers the true nature of Jerry's father's death, a crime that has always remained a mystery. Super Boys is the story of a long friendship between boys who grew to be men and the standard that would be impossible for both of them to live up to.
