Hyperbole and a Half Allie Brosh, 2013-10-29 #1 New York Times Bestseller
“Funny and smart as hell” (Bill Gates), Allie Brosh’s *Hyperbole and a Half* showcases her unique voice, leaping wit, and her ability to capture complex emotions with deceptively simple illustrations. FROM THE PUBLISHER: Every time Allie Brosh posts something new on her hugely popular blog *Hyperbole and a Half* the internet rejoices. This full-color, beautifully illustrated edition features more than fifty percent new content, with ten never-before-seen essays and one wholly revised and expanded piece as well as classics from the website like, “The God of Cake,” “Dogs Don’t Understand Basic Concepts Like Moving,” and her astonishing, “Adventures in Depression,” and “Depression Part Two,” which have been hailed as some of the most insightful meditations on the disease ever written. Brosh’s debut marks the launch of a major new American humorist who will surely make even the biggest scrooge or snob laugh. We dare you not to. FROM THE AUTHOR: This is a book I wrote. Because I wrote it, I had to figure out what to put on the back cover to explain what it is. I tried to write a long, third-person summary that would imply how great the book is and also sound vaguely authoritative—like maybe someone who isn’t me wrote it—but I soon discovered that I’m not sneaky enough to pull it off convincingly. So I decided to just make a list of things that are in the book: Pictures Words Stories about things that happened to me Stories about things that happened to other people because of

me Eight billion dollars* Stories about dogs The secret to eternal happiness*
*These are lies. Perhaps I have underestimated my sneakiness!

Helping Children Become the Heroes of their Stories Amanda

Seyderhelm, 2022-09-23 Whether it's the anxiety of social isolation, the loss of routine or a breakdown in formal educational support, the COVID-19 pandemic has affected children in countless ways. Teachers, therapists and parents frequently find themselves ill-equipped to help children struggling with the difficult feelings that these situations, and others like them, give rise to. This essential guide provides a therapeutic toolkit to enable children to tell their stories and to regain some control over their mental health and wellbeing. The toolkit introduces a therapeutic story template, alongside guided support and examples focusing on three therapeutic skill sets: active listening, reflection and handling questions. Designed for use with children both individually and in class groups, the storytelling toolkit will enable children to see themselves as the hero of their own story, and life, and to reinstate a sense of optimism and self-empowerment in the face of the pandemic challenge. This resource provides a practical toolkit which

can be used both inside and outside the classroom to help children to tell their lockdown stories. It will be valuable reading for teachers, SENCOs, therapists, mental health leads and parents.
