*A History of Surrey* Peter Brandon,2022-03-17 Surrey affords good examples of prosperous peasant life at the woodland margin in the Middle Ages and had some of the best developed industry before the Industrial Revolution. The landscape gardening which has made the county unrivalled in its still beautifully contrived scenery is a major contribution to the arts of Western Europe. Dr. Brandon is meticulous in charting Surrey's growth ... detailed but not dull ... Surrey Advertiser.

**A History of Surrey (1900)** Henry Elliot Malden,2008-06-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

*Surrey* Ian Nairn,Nikolaus Pevsner,Bridget Cherry,2002-01-01 Surrey's architecture is a constantly surprising mix of the rural and urban with many of its most important buildings, such as the seventeenth-century Ham House, found amongst the outgrowth of London itself. The landscape gardens of Painshill and Claremont attest to Surrey's popularity in the eighteenth century and the county's enthusiasm for follies and remarkable garden buildings. More recent architecture includes notable early works by Lutyens, with gardens by Gertrude Jekyll, inspired by the rich stock of late medieval farmhouses and tile-hung cottages in the county's southern villages. Among interwar suburban housing there are some exceptional Modernist homes, such as The Homewood by Patrick Gwynne. Church architecture in Surrey includes work by all of the great names of the Gothic Revival; not least of its surprises is the luminous and spacious interior of Guildford Cathedral.
