E. L. Young

STORM E. L. Young,2009 The teenaged geniuses of STORM, a secret organization dedicated to eliminating the world's misery through science and technology, head to the Swiss Alps seeking the last of six scientists whose Project FIREball is of interest to MI6, the CIA, and an unknown assassin.

Swiss National Forest Inventory - Methods and Models of the Fourth Assessment Christoph Fischer,Berthold Traub,2019-09-24 The Swiss National Forest Inventory (NFI) is a forest survey on national level which started in 1982 and has already reached its 5th survey cycle (NFI5). It can be characterized as a multisource and multipurpose inventory where information is mainly collected from terrestrial field surveys using permanent sample plots. In addition, data from aerial photography, GIS and forest service questionnaires are also included. The NFI's main objective is to provide statistically reliable and sound figures to stakeholders such as politicians, researchers, ecologists, forest service, timber industry, national and international organizations as well as to international projects such as the Forest Resources Assessment of the United Nations. For Switzerland, NFI results are typically reported on national and regional level. State of the art methods are applied in all fields of data collection which have been proven to be of international interest and have even served as a basis for other European NFIs. The presented methods are applicable to any sample based forest inventory around the globe. In 2001 the Swiss NFI published its methods for the first time. Since then, many methodological changes and improvements have been introduced. This book describes the complete set of methods and revisions since NFI2. It covers various topics ranging from inventory design and statistics to remote sensing, field survey methods and modelling. It also describes data quality concepts and the software framework used for data storage, statistical analysis and result presentation.

The Swiss Family Robinson Johann Wyss,1999-04-13 “For many days we had been tempest-tossed...the raging storm increased in fury until on the seventh day all hope was lost.” From these dire opening lines, a timeless story of adventure begins. One family will emerge alive from this terrible storm: the Robinsons—a Swiss pastor, his wife, and four sons, plus two dogs and a shipload of livestock. Inspired by Daniel Defoe’s Robinson Crusoe, this heartwarming tale portrays a family’s struggle to create a new life on a strange and fantastic tropical island. There each boy must learn to utilize his own unique nature as their adventures lead to difficult challenges and amazing discoveries, including a puzzling message tied to an albatross’s leg. But it is in the ingenuity and authenticity of the family itself, and the natural wonders of this exotic land that have made The Swiss Family Robinson, first published at the beginning of the nineteenth century, one of the most enduring and imitated stories of shipwreck and survival.

The Swiss Family Robinson Johann David Wyss,2008-03-25 “For many days we had been tempest-tossed...the raging storm increased in fury until on the seventh day all hope was lost.” From these dire opening lines, a timeless story of adventure begins. One family will emerge alive from this terrible storm: the Robinsons—a Swiss pastor, his wife, and four sons, plus two dogs and a shipload of livestock. Inspired by Daniel Defoe’s Robinson Crusoe, this heartwarming tale portrays a family’s struggle to create a new life on a strange and fantastic tropical island. There each boy must learn to utilize his own unique nature as their adventures lead to difficult challenges and amazing discoveries, including a puzzling message tied to an albatross’s leg. But it is in the ingenuity and authenticity of the family itself, and the natural wonders of this exotic land that have made The Swiss Family Robinson, first published at the beginning of the nineteenth century, one of the most enduring and imitated stories of shipwreck and survival.

The southern and Swiss health resorts, their climate and medical aspect William Marcet,1883

Monthly Weather Review ,1995

1913 Florian Illies,2013-10-29 An International Bestseller “An absolute gem of a book.” —The Observer Just before one of its darkest moments came the twentieth century’s most exciting year . . . It was the year Henry Ford first put a conveyer belt in his car factory, and the year Louis Armstrong first picked up a trumpet. It was the year Charlie Chaplin signed his first movie contract, and Coco Chanel and Prada opened their first dress shops. It was the year Proust began his opus, Stravinsky wrote The Rite of Spring, and the first Armory Show in New York introduced the world to Picasso and the world of abstract art. It was the year the recreational drug now known as ecstasy was invented. It was 1913, the year before the world plunged into the catastrophic darkness of World War I. In a witty yet moving narrative that progresses month by month through the year, and is interspersed with numerous photos and documentary artifacts (such as Kafka’s love letters), Florian Illies ignores the conventions of the stodgy tome so common in “one year” histories. Forefronting cultural matters as much as politics, he delivers a charming and riveting tale of a world full of hope and unlimited possibility, peopled with amazing characters and radical politics, bristling with new art and new technology . . . even as ominous storm clouds began to gather. From the Hardcover edition.

The Climb Up to Hell Jack Olsen,1962 In the heart of the Swiss Alps stand the three majestic peaks of the Bernese Oberland, Europe's most famous mountain range. The highest, at 13,638 feet, is the Jungfrau. Next is the Mönch, at 13,465 feet. But it is the smallest, the Eiger, rising 13,038 feet above sea level, that is by far the deadliest. Called a living mountain for its constantly changing conditions-unpredictable weather, disintegrating limestone surfaces, and continuously falling rock and ice-its mile-high north wall is perhaps the most dangerous climb in the world. And that may be just what beckons elite Alpinists to scale the treacherous peak against the odds. In 1957, nearly forty years before the well-known Mount Everest tragedy, two teams of confident climbers set out to summit the north wall of the Eiger Mountain. Not long into their journey, onlookers could tell that the four men were headed for disaster. Soon rescue teams from all over Europe raced toward the Eiger-yet only one of the four climbers survived to face unfounded international accusations. In a story as fascinating as any novel, Jack Olsen creates a riveting account of daring adventure, heroic rescue, and one of the most baffling mysteries in the history of mountain climbing. KIRKUS REVIEW The forbidden, formidable north wall of the Eiger Mountain in the Bernese Alps, while it was first successfully climbed in 1938, has remained a supreme challenge to the most seasoned climber and in 1957 two teams of two Germans and two Italians again made the attempt with devastating results. while Corti, the only survivor, was perhaps talented- all were seemingly uninformed and ill-prepared, certainly for the wind and weather conditions which were to defeat them and make their rescue so difficult. Corti's partner, Longhi, was the first to entertain misgivings and was soon worn out, suffering frostbite as well; the Germans lost their food and were sustained chiefly by an innate, irrational mystique. Rescue crews were quickly organized, but only Corti, who looked like a live corpse, was salvaged; his partner had been left lower down- to die, and the bodies of the other two ropemates were only found months later. In the avalanche of blame, resentment (against the guides as well as Corti) to follow, no true judgement could be reached although Olsen, a Sports Illustrated staff writer, does absolve Corti after a final interview... The folly and the fascination of vertical Russian roulette, the courage compounded with stupidity, the doubts and recriminations which lingered on long after this disastrous ascent, all intensify the drama of this attempt and revive the furor it occasioned at the time. It will keep its readers on the ropes.

Swiss Family Robinson Johann David Wyss,2021-01-26 While traveling on a ship, a Swiss pastor, his wife and four sons encounter a violent storm that abruptly transports them to a tropical island. They attempt to navigate the desolate shore but face looming danger and an unforeseen presence. A family venture turns into a survival effort when a ship is damaged during a tropical storm. A father, mother and four sons stumble across a small island that appears to be uninhabited. They set up camp, complete with makeshift housing, to protect against the elements. While exploring the territory, they gather food and other creature comforts. During their stay, the family is met with various challenges that will test their faith in God and each other. The Swiss Family Robinson is Johann

David Wyss' literary masterpiece that's been passed down from generation to generation. The story found its biggest audience in the twentieth century with the 1960 feature film produced by Walt Disney Pictures. Since then, Wyss' message of family values and self-reliance have reached countless children and adults across the world. With an eye-catching new cover, and professionally typeset manuscript, this edition of *The Swiss Family Robinson* is both modern and readable.

Swiss Vendetta Tracee de Hahn, 2017-02-07 *Swiss Vendetta*, Tracee de Hahn's mesmerizing debut, is an emotionally complex, brilliantly plotted mystery set against the beautiful but harsh backdrop of a Swiss winter. Inspector Agnes Lüthi, a Swiss-American police officer in Lausanne, Switzerland, has just transferred to the Violent Crimes unit from Financial Crimes to try to shed all reminders of her old life following her husband's death. Now, on the eve of the worst blizzard Lausanne has seen in centuries, Agnes has been called to investigate her very first homicide case. On the lawn of the grand Château Vallotton, at the edge of Lac Léman, a young woman has been found stabbed to death. The woman, an appraiser for a London auction house, had been taking inventory at the château, a medieval fortress dripping in priceless works of art and historical treasures. Agnes finds it difficult to draw answers out of anyone—the tight-lipped Swiss family living in the château, the servants who have been loyal to the family for generations, the aging WWII survivor who lives in the neighboring mansion, even the American history student studying at the Vallotton château's library. As the storm rages on, roads become impassible, the power goes out around Lausanne, and Agnes finds herself trapped in the candlelit halls of the château with all the players of the mystery, out of her depth in her first murder case and still struggling to stay afloat after the death of her husband.

Postracial Resistance Ralina L. Joseph, 2018-10-09 How Black women in the spotlight negotiate the post-racial gaze of Hollywood and beyond From Oprah Winfrey, Michelle Obama, and Shonda Rhimes to their audiences and the industry workers behind the scenes, Ralina L. Joseph considers the way that Black women are required to walk a tightrope. Do they call out racism only to face accusations of being called “racists”? Or respond to racism in code only to face accusations of selling out? *Postracial Resistance* explores how African American women celebrities, cultural producers, and audiences employ postracial discourse—the notion that race and race-based discrimination are over and no longer affect people's everyday lives—to refute postracialism itself. In a world where they're often written off as stereotypical “Angry Black Women,” Joseph offers that some Black women in media use “strategic ambiguity,” deploying the failures of post-racial discourse to name racism and thus resist it. In *Postracial Resistance*, Joseph listens to and observes Black women as they perform and negotiate race in strategic ambiguity. Using three methods of media analysis—textual readings of the media's representation of these women; interviews with writers, producers, and studio executives; and audience ethnographies of young women viewers—Joseph maps the tensions and strategies that all Black women must engage to challenge the racialized sexism of everyday life, on- and off-screen.

Taken by Storm Kim Baldwin, 2014-09-15 The seventh in the Honor Series All Cameron Roberts and Blair Powell want is a small intimate wedding, but the paparazzi and a domestic terrorist have other plans. First Daughter Blair Powell and her lover Cameron Roberts, newly appointed deputy director of the Homeland Security Office, escape to a ski chalet in the Rockies after a harrowing attack by members of a domestic terrorism organization. Under orders from the White House, Blair reluctantly allows a member of the “enemy camp,” investigative reporter Dana Barnett, to join her inner circle in the hopes of limiting her media exposure. Dana isn't any happier about being pulled from her coverage of the escalating conflict in the Middle East to write a society “fluff piece,” although the presence of beautiful Dr. Emory Constantine does make the assignment a little more enticing. With the nation under attack, the world on the verge of war, and their personal lives the focus of intense public scrutiny, Cam and Blair come under fire both publicly and privately when an old nemesis resurfaces intent on finishing his holy mission—to kill Blair Powell.

Coastal Hazards Related to Storm Surge Rick Luettich, 2018-03-13 This book is a printed edition of the Special Issue Coastal Hazards Related to Storm Surge that was published in *JMSE*
The Swiss Family Robinson Johann David Wyss, 2001-08-22 When a Swiss couple and their four sons are shipwrecked on an isolated island, they adapt to their New Switzerland using many imaginative methods of farming and animal taming.

Listening Lessons in Music, Graded for Schools Agnes Moore Fryberger, 1916

The Swiss Family Robinson Johann David Wyss, 1898

The Swiss Family Robinson Johann D. Wyss, 2007-05-29 The authoritative original English version of a beloved classic. One of the world's best-loved stories of shipwreck and survival, *The Swiss Family Robinson* portrays a family's struggle to create a new life for themselves on a strange and fantastic tropical island. Blown off course by a raging storm, the family, a Swiss pastor, his wife, their four young sons, plus two dogs and a shipload of livestock, must rely on one another in order to adapt to their needs the natural wonders of their exotic new home. Inspired by Daniel Defoe's *Robinson Crusoe*, this classic story of invention and adventure has fired the imaginations of readers since it first appeared in 1812. Freely translated over the years, with major sections excised and new subplots added, the novel is published here in its original English translation, fully restored for a new generation of readers. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Revival: Swiss Neutrality (1946) Bonjour Edgar, 2019-01-15 Up to a generation ago, the Swiss citizen lived with a feeling of security in foreign relations which we can hardly credit today. Neutrality has come to be taken so much for granted as the fundamental principle of the Federal constitution, and had been so generally recognized in Europe, that it seemed unthreatened and even inviolable. It blended with the republican and democratic ideal to form a national myth of almost religious sanctity. As the axiom of Swiss foreign policy, it had certainly suffered attack both in theory and in fact, but since such crises had always been successfully overcome, Switzerland's faith in the inviolability of her neutrality had merely been confirmed. It was as if the country were girdled with high, protecting ramparts, behind which its people could go about their lawful occasions unmolested. It was in this period of calm in Switzerland's foreign relations that international law assiduously sought a formula for the theory of neutrality.

Inside Risk: A Strategy for Sustainable Risk Mitigation Scira Menoni, Claudio Margottini, 2011-05-17 This book comprises the main results of the Scenario (Support on Common European Strategy for sustainable natural and induced technological hazards mitigation) project, funded as a Specific Support Action under the VI FP. This book addresses three main needs: first, it constitutes an assessment of the situation of Europe as far as natural na-tech risks are considered; second, it suggests future research themes to be opened or widened so as to tackle new and emerging threats as well as changes in the potential response to risk governance, in order to improve the way scientific and technical expertise informs decision making regarding all fields of mitigation, ranging from structural to non structural measures, such as training, education and land use planning.

The History of Switzerland, for the Swiss People Heinrich Zschokke, 1855
