

Tall

Karen L Nourse

Tall Jez Alborough,2007 Illustrations and just a few words depict how various jungle animals help a very little monkey to feel that he is tall.

The Tall Book Arianne Cohen,2009-07-01 The Tall Book is a celebration of the tall-advantaged, which notes and explores the myriad benefits that come with living large--from the simple pleasures of being able to see over crowds at a parade, to the professional joys of earning more money, and having others perceive you as a natural leader. The Tall Book also offers well-researched explanations into the great unanswered questions of tallness, including: Why are people tall to begin with? How have tall people figured throughout history? Why are CEOs so tall? And how does tallness affect the dating game? Filled with illustrative graphics, charts, and piles of tall miscellanea and factoids, The Tall Book is a wonderful and much-needed exploration of life from on high.

Up, Tall and High Ethan Long,2012-02-16 Three side-splitting stories in one great picture book! In three laugh-out-loud situations, an irresistible cast of colorful birds illustrate the concepts of up, tall and high. First, a short peacock proves that he may not be tall, but he definitely isn't small. Then, a resourceful bird helps his penguin friend find a way to fly. Finally, two birds want to live in the same tree, but what goes up must come down! Each short story features a flap that reveals a surprise twist. With fun fold-outs, easy-to-read text, and a hilarious cast of characters, these stories beg preschoolers and emerging readers to act them out again and again.

Hundred Feet Tall Benjamin Scheuer,2020-02-11 Guess How Much I Love You meets Someday in this gentle read-aloud picture book that shows us that with just the right amount of care and support, even the smallest of seeds can grow to stand one hundred feet tall. Thanks for the love that you've shown me Right now I'm so very small But with water and light I will keep gaining height And then one day I'll stand at a hundred feet tall Hundred Feet Tall is a tender ode to the power of unconditional, immutable love. Because no matter how small you are now, with patience and persistence, with encouragement and devotion, you, too, will someday grow strong.

Stand Tall Joan Bauer,2005-08-16 Tree, a six-foot-three-inch twelve-year-old, copes with his parents' recent divorce and his failure as an athlete by helping his grandfather, a Vietnam vet and recent amputee, and Sophie, a new girl at school.

Stand Tall, Molly Lou Melon Patty Lovell,2011-06-29 Be yourself like Molly Lou Melon no matter what a bully may do. Molly Lou Melon is short and clumsy, has buck teeth, and has a voice that sounds like a bullfrog being squeezed by a boa constrictor. She doesn't mind. Her grandmother has always told her to walk proud, smile big, and sing loud, and she takes that advice to heart. But then Molly Lou has to start in a new school. A horrible bully picks on her on the very first day, but Molly Lou Melon knows just what to do about that.

The Tall Book of Christmas Dorothy Hall Smith,2006 An illustrated collection of stories, poems, and songs celebrating the spirit of Christmas.

There's No Dream Too Tall Amie Dean,2020-05-07 Believe in Yourself and Your Dream Will Find You! Every child is born with unique gifts and strengths, and as they grow, those begin to influence their interests and hobbies. As adults, we can sometimes see these gifts and tell our kids what they could or should be when they grow up. The problem is, kids can internalize our ideas for them as something they should want too. In There's No Dream Too Tall, Amie Dean offers a different approach allowing kids the freedom to decide for themselves. Whether they want to be a teacher, a chef, a firefighter, a homemaker, or an architect, kids can look at their unique strengths and gifts and find their own way towards a future they will love. The world is wide open; there's no dream too tall. For a boy or a girl, whether big or quite small! There are millions of choices no end to the list. So, look deep in yourself and consider your gifts. By showing kids that their different strengths can help them become who they want to be, we give them the power and permission to dream. And when we do that, they will believe that no matter how tall their dreams may be, they have what it takes to reach them!

Why Do I Have to Be So Tall? Karen L Nourse,2015-09-21 Eight-year-old Tina is tall, too tall, she thinks. She's even taller than her older sister! If people didn't always comment on her height or her shoe size, maybe she wouldn't feel so awkward. Her parents try to encourage her by pointing out why being tall is a good thing, but Tina just wants to be like everybody else. One day after school, a neighborhood friend invites Tina to join his kickball team. But what if she's a terrible player? What if her long legs and big feet get in the way? Does she dare try? *Why Do I Have To Be So Tall?* is an inspiring tale about learning to value yourself as you are and recognize that everyone is special, including you, and you will never know if you are good at something until you try it.

Tall Tall Tree Anthony D. Fredericks,2017-09-01 Tall Tall Tree is a tribute to the last remaining old-growth redwood forests that stand along the northern Californian coast. The perfect forest book for kids, Tall Tall Tree includes accurate scientific information about redwood trees and the habitat they create, making this book important for young readers at home and in the classroom. Tall Tall Tree is the perfect California book for kids eager to learn about the state and its surrounding environment. With its counting format and rhyming text, this book doubles as a counting book for kids and young readers. There's a world teeming with life that very few people ever see. Take a peek at some of the animals that make their home in a Tall Tall Tree—a magnificent coast redwood. Count the animals, one through ten—chipmunks chattering, bats roosting, slugs sliding, and many more. Tony Frederick's playful rhyme makes this a book young children will want to look at and listen to again and again, while early readers will enjoy reading it on their own. The turn of every page reveals a unique perspective on the redwood's many moods, illustrated with Chad Wallace's stunning colors. Enriching STEAM activities complement the content. Come discover and explore this wild and magic world! Parents, teachers, gift givers, and many others will find: backmatter includes further information about redwood trees and the animals that live there An explore more section for teachers & parents includes STEAM activities and further learning websites A book for young readers learning how to count!

The Tall Buildings Reference Book David Parker,Antony Wood,2013-04-12 As the ever-changing skylines of cities all over the world show, tall buildings are an increasingly important solution to accommodating growth more sustainably in today's urban areas. Whether it is residential, a workplace or mixed use, the tower is both a statement of intent and the defining image for the new global city. The Tall Buildings Reference Book addresses all the issues of building tall, from the procurement stage through the design and construction process to new technologies and the building's contribution to the urban habitat. A case study section highlights the latest, the most innovative, the greenest and the most inspirational tall buildings being constructed today. A team of over fifty experts in all aspects of building tall have contributed to the making of the Tall Buildings Reference Book, creating an unparalleled source of information and inspiration for architects, engineers and developers.

Mr. Tall Tony Earley,2014-08-26 In Mr.Tall, his first story collection in two decades, Tony Earley brings us seven rueful, bittersweet, riotous studies of characters both ordinary and mythical, seeking to make sense of the world transforming around them. He demonstrates once again the prodigious storytelling gifts that have made him one of the most accomplished writers of his generation. In the title story, a lonely young bride terrifyingly shares a remote mountain valley with a larger-than-life neighbor, while the grieving widow of The Cryptozoologist is sure she's been visited by a Southern variant of Bigfoot. Have You Seen the Stolen Girl? introduces us to the ghost of Jesse James, who plagues an elderly woman in the wake of a neighborhood girl's abduction. In Haunted Castles of the Barrier Islands a newly empty-nest couple stumbles through an impenetrable Outer Banks fog seeking a new life to replace the one they have lost, while Yard Art follows the estranged wife of a famous country singer as she searches for an undiscovered statue by an enigmatic artist. In the concluding novella, Jack and the Mad Dog, we find Jack-the giant killer of the stories-in full flight from threats both canine and existential. Earley indelibly maps previously undiscovered territories of the human heart in these melancholy, comic, and occasionally strange stories. Along the way he leads us on a journey

from contemporary Nashville to a fantastical land of talking dogs and flying trees, teaching us at every step that, even in the most familiar locales, the ordinary is never just that.

Me Tall, You Small ,2017 A series of ... vignettes in the daily life of a pair of weasels, parent and child. Whether they are having a bubble bath, kicking a soccer ball, or eating ice cream together, simple paired phrases showcase their loving--and amusingly realistic--relationship. After a fall: You boo-boo. Me bandage. At bedtime: Me tired. You wired--Provided by publisher.

Stand Tall Joan Bauer,2005-08-16 Tree, a six-foot-three-inch twelve-year-old, copes with his parents' recent divorce and his failure as an athlete by helping his grandfather, a Vietnam vet and recent amputee, and Sophie, a new girl at school.

The Tall People Ethan Renoe,2017-09-21 This collection of short stories contains everything from the mundane to the weird; the ordinary to the eerie. With 14 writers contributing to this volume, The Tall People will take you on a literary tour of the world unique to their experiences, their passions, and their imaginations. Come discover who the Tall People are and meet the mad pig farmer. Read about showgirls whose blood gives others the ability to fly, or the dead returning to the land of the living. Read testimonies of others' struggles with depression, romance, grief and loss, and realize you are not alone. Explore the world (and other planets) through our eyes and see what you find. Whether it's a lazy summer read or a quest for original inspiration, you're bound to have a good time with The Tall People.

Tall Men, Short Shorts Leigh Montville,2022-05-24 This part memoir, part sports story (Wall Street Journal) from the New York Times bestselling author of The Big Bam chronicles the clash of NBA titans over seven riveting games—Celtics versus Lakers, Russell versus Chamberlain—covered by one young reporter. Welcome to the 1969 NBA Finals! They don’t set up any better than this. The greatest basketball player of all time - Bill Russell - and his juggernaut Boston Celtics, winners of ten (ten!) of the previous twelve NBA championships, squeak through one more playoff run and land in the Finals again. Russell’s opponent? The fearsome 7’1” next-generation superstar, Wilt Chamberlain, recently traded to the LA Lakers to form the league’s first dream team. Bill Russell and John Havlicek versus Chamberlain, Jerry West and Elgin Baylor. The 1969 Celtics are at the end of their dominance. The 1969 Lakers are unstoppable. Add to the mix one newly minted reporter. Covering the epic series is a wide-eyed young sports writer named Leigh Montville. Years before becoming an award-winning legend himself at The Boston Globe and Sports Illustrated, twenty-four-year-old Montville is ordered by his editor at the Globe to get on a plane to L.A. (first time!) to write about his luminous heroes, the biggest of big men. What follows is a raucous, colorful, joyous account of one of the greatest seven-game series in NBA history. Set against a backdrop of the late sixties, Montville’s reporting and recollections transport readers to a singular time – with rampant racial tension on the streets and on the court, with the emergence of a still relatively small league on its way to becoming a billion-dollar industry, and to an era when newspaper journalism and the written word served as the crucial lifeline between sports and sports fans. And there was basketball – seven breathtaking, see-saw games, highlight-reel moments from an unprecedented cast of future Hall of Famers (including player-coach Russell as the first-ever black head coach in the NBA), coast-to-coast travels and the clack-clack-clack of typewriter keys racing against tight deadlines. Tall Men, Short Shorts is a masterpiece of sports journalism with a charming touch of personal memoir. Leigh Montville has crafted his most entertaining book yet, richly enshrining luminous players and moments in a unique American time.

Why Am I so Small? Why Am I so Tall? Betsy Marino,2017-01-13 The story Why Am I So Small? Why Am I So Tall? is about characters going through life being too short and too tall to do all the things they want. Throughout the story, the characters begin to find themselves in different situations where being small or being tall start to work in their favor. By the end of the story, the characters realize there is always a purpose for the way you look, either being too short or being too tall.

Sarah, Plain and Tall Patricia MacLachlan,1987-09-04 Did Mama sing every day? Caleb asks his sister Anna. Every-single-day, she answers. Papa sang, too. Their mother died the day after Caleb was born. Their house on the prairie is quiet now, and Papa doesn't sing anymore. Then Papa puts an ad in the paper, asking for a wife, and he receives a letter from one Sarah Elisabeth Wheaton, of Maine. Papa, Anna, and Caleb write back. Caleb asks if she sings. Sarah decides to come for a month. She writes Papa: I will come by train. I will wear a yellow bonnet. I am plain and tall, and Tell them I sing. Anna and Caleb wait and wonder. Will Sarah be nice? Will she like them? Will she stay?

Tall Tales about the Mind and Brain Sergio Della Sala,2007 Does listening to Mozart make us more intelligent? Does the size of the brain matter? Can we communicate with the dead? This book presents a survey of common myths about the mind & brain. It exposes the truth behind these beliefs, how they are perpetuated, why people believe them, & why they might even exist in the first place.

Ten Feet Tall Brandon Farbstein,2018-11
