An Introduction to Greek and Latin Palaeography Sir Edward Maunde Thompson, 1912

Seeing with Different Eyes Patrick Curry, Angela Voss

, 2009-05-05 *Seeing with Different Eyes: Essays in Astrology and Divination* represents the cutting-edge of contemporary thought and research on divination. The thirteen authors come from a variety of academic disciplines, ranging from anthropology and classics to English literature and religious studies, and all address the question of divination, astrology and oracles in a spirit of critical but sympathetic inquiry. The emphasis is on a participatory and reflexive approach which is firmly post-positivist, seeking to understand the divinatory act on its own terms within widely varying contexts - ancient Greek and Chaldean philosophy and theurgy, Theravadan Buddhism, Biblical studies, Elizabethan Hermeticism, Jacobean drama, Heideggerian philosophy, Medieval scholasticism, 19th century occultism, contemporary Guatemalan divination and Western medical practice. The authors are all teachers or researchers in the area of divination and symbolism, which is a new disciplinary focus developing at the University of Kent, Canterbury under the aegis of the MA programme in the Cultural Study of Cosmology and Divination. The essays in this volume originally contributed to an international conference of the same name held there in April 2006.

The Speeches in Vergil's Aeneid Gilbert Highet, 2015-03-08 In the Aeneid men, women, gods, and goddesses are characterized by the speeches assigned to them far more than by descriptions of their appearance or behavior. Most of the speeches are highly emotional and individualized, reminding us of the most powerful utterances of Greek tragedy. Gilbert Highet has analyzed all the speeches in the Aeneid, using statistical techniques as well as more traditional methods of scholarship. He has classified the speeches; identified their models in earlier Greek and Latin literature; analyzed their structure; and discussed their importance in the portrayal of character. He finds that Vergil used standard rhetorical devices with discretion, and that his models were poets rather than orators. Nevertheless, this study shows Vergil to have been a master dramatist as well as a great epic poet. Originally published in 1972. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Christian-Muslim Relations. A Bibliographical History. Volume 7 Central and Eastern Europe, Asia, Africa and South America (1500-1600) David Thomas, John A. Chesworth, 2015-08-17 *Christian-Muslim Relations. A Bibliographical History, volume 7 (CMR 7)* is a history of all the known works on relations from Central and Eastern Europe, Asia, Africa and South America in the period 1500-1600. Its detailed entries contain descriptions, assessments and comprehensive bibliographical details on individual works.

Late Antique Letter Collections Cristiana Sogno, Bradley K. Storin, Edward J. Watts, 2019-11-19 Bringing together an international team of historians, classicists, and scholars of religion, this volume provides the first comprehensive overview of the extant Greek and Latin letter collections of late antiquity (ca. 300-600 c.e.). Each chapter addresses a major collection of Greek or Latin literary letters, introducing the social and textual histories of each collection and examining its assembly, publication, and transmission. Contributions also reveal how collections operated as discrete literary genres, with their own conventions and self-presentational agendas. This book will fundamentally change how people both read these texts and use letters to reconstruct the social history of the fourth, fifth, and sixth centuries.

The Old Testament Richard S. Hess, 2016-11-15 A Respected Scholar Introduces Students to the Discipline of Old Testament Studies Richard Hess, a trusted scholar of the Old Testament and the ancient Near East, offers a substantial introduction to the Old Testament that is accessibly written and informed by the latest biblical scholarship. Hess summarizes the contents of the Old Testament, introduces the academic study of the discipline, and helps readers understand the complex world of critical and interpretive issues, addressing major concerns in the critical interpretation of each Old Testament book and key texts. This volume provides a fulsome treatment for students preparing for ministry and assumes no prior knowledge of the Old Testament. Readers will learn how each book of the Old Testament was understood by its first readers, how it advances the larger message of the whole Bible, and what its message contributes to Christian belief and the Christian community. Twenty maps, ninety photos, sidebars, and recommendations for further study add to the book's usefulness for students. Resources for professors are available through Baker Academic's Textbook eSources.

Paganism and Pagan Survivals in Spain Stephen McKenna, 2011-06-01 The purpose of the present study is to describe the struggle against paganism and pagan survival in Spain up to the fall of the Visigothic kingdom in 712. By paganism is here meant not only the worship of the pagan gods, but also the practices associated with pagan worship, such as astrology and magic. An attempt will be made to show the part that political, social and religious factors played in pagan survivals as well as to point out the various manifestations of paganism. This study, it is hoped, will throw light upon a phase of early Spanish history that has not hitherto been adequately treated. It will enable the reader to compare the paganism of Spain with that found in Africa, France, Germany and Italy, in as far as the extant sources and modern studies make such comparison possible.

Black Ships and Sea Raiders Jeffrey P. Emanuel, 2017-12-20 The end of the Bronze Age in the Eastern Mediterranean was a time of social, political, and economic upheaval - conditions reflected, in many ways, in the world of

Homer's Odyssey. Jeffrey P. Emanuel examines the Odyssey's Second Cretan Lie (xiv 191 - 359) in the context of this watershed transition, with particular emphasis on raiding, warfare, maritime technology and tactics, and the evidence for the so-called 'Sea Peoples' who have been connected to the events of this period. He focuses in particular on the hero's description of his frequent raiding activities and on his subsequent sojourn in the land of the pharaohs, and connections between Odysseus' false narrative and the historical experiences of one particular Sea Peoples group: the 'Sherden of the Sea.'

Catechetical Discourse Saint Gregory (of Nyssa), 2020-10 This complex work is also known for its ambiguous relationship to Origen's universalism, perhaps including the idea that the devil himself will be saved. The translator's introduction places this question, and a clear understanding of the Catechetical Discours

1 Kings 12 "€" 22 "€" *Concordia Commentary* Walter Maier III, 2019-05 The book of Kings is a history, written in a selective manner, for the sake of theology. Primarily covering more than 380 years of the history of Israel and its monarchy, from the last part of David's rule to the end of the kingship in Judah, the book of Kings also emphasizes prophets. Despite this concentration, the main subject of this body of literature is still God. This history presents God - the holy, righteous, just, merciful, compassionate, gracious omnipotent, and omniscient Deity - in relationship with Israel. Keeping in the Biblically faithful, Gospel-centered tradition of the acclaimed Concordia Commentary series, this newest addition to the series displays God as the Ruler of the nations, the God of chastisement and punishment, but also the God of deliverance and salvation.
