DK Eyewitness Travel Guide: Amsterdam Christopher Catling,Robin Pascoe,2013-04-02 The DK Eyewitness Amsterdam Travel Guide will lead you straight to the best attractions Amsterdam has to offer. The guide includes unique cutaways, floorplans and reconstructions of the city's stunning architecture, plus 3D aerial views of the key districts to explore on foot. You'll find detailed listings of the best hotels, restaurants, bars and shops for all budgets in this fully updated and expanded guide, plus insider tips on everything from where to find the best markets and nightspots to great attractions for children. The uniquely visual DK Eyewitness Travel Guide also includes in-depth coverage of all the unforgettable sights. The DK Eyewitness Amsterdam Travel Guide shows you what others only tell you. Now available in PDF format.

Arts & Humanities Citation Index ,1997 A multidisciplinary index covering the journal literature of the arts and humanities. It fully covers 1,144 of the world's leading arts and humanities journals, and it indexes individually selected, relevant items from over 6,800 major science and social science journals.

Oedipus the King Sophocles,2015-08-09 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Form and Meaning in Drama H. D. F. Kitto,2014-02-03 Analysing six Greek tragedies - the Orestes trilogy, Ajax, Antigone and Philoctetes - and Hamlet, this book also contains a chapter on the Greek and the Elizabethan dramatic forms and one on religious drama. This is an important work from an author respected for a constructive and sensitive quality of criticism.

Troilus and Cressida William Shakespeare,2015-10-22 A revised edition of this intriguing and complex play, updated to cover recent critical thinking and stage history. Troilus and Cressida is a tragedy often labelled a problem play because of its apparent blend of genres and its difficult themes. Set in the Trojan Wars it tells a story of doomed love and honour, offering a debased view of human nature in war-time and a stage peopled by generally unsympathetic characters. The revised edition makes an ideal text for study at undergraduate level and above.

King Lear Jeffrey Kahan,2008-04-18 Is King Lear an autonomous text, or a rewrite of the earlier and anonymous play King Leir? Should we refer to Shakespeare's original quarto when discussing the play, the revised folio text, or the popular composite version, stitched together by Alexander Pope in 1725? What of its stage variations? When turning from page to stage, the critical view on King Lear is skewed by the fact that for almost half of the four hundred years the play has been performed, audiences preferred Naham Tate's optimistic adaptation, in which Lear and Cordelia live happily ever after. When discussing King

Lear, the question of what comprises 'the play' is both complex and fragmentary. These issues of identity and authenticity across time and across mediums are outlined, debated, and considered critically by the contributors to this volume. Using a variety of approaches, from postcolonialism and New Historicism to psychoanalysis and gender studies, the leading international contributors to *King Lear: New Critical Essays* offer major new interpretations on the conception and writing, editing, and cultural productions of *King Lear*. This book is an up-to-date and comprehensive anthology of textual scholarship, performance research, and critical writing on one of Shakespeare's most important and perplexing tragedies. Contributors Include: R.A. Foakes, Richard Knowles, Tom Clayton, Cynthia Clegg, Edward L. Rocklin, Christy Desmet, Paul Cantor, Robert V. Young, Stanley Stewart and Jean R. Brink

Pots & Plays Oliver Taplin, 2007-10-15 This interdisciplinary study opens up a fascinating interaction between art and theater. It shows how the mythological vase-paintings of fourth-century B.C. Greeks, especially those settled in southern Italy, are more meaningful for those who had seen the myths enacted in the popular new medium of tragedy. Of some 300 relevant vases, 109 are reproduced and accompanied by a picture-by-picture discussion. This book supplies a rich and unprecedented resource from a neglected treasury of painting.

Media Review Digest C. Edward Wall, 2002

Decline of the Corporate Community Eelke M. Heemskerk, 2007 Traditionally, much of big business in the industrialized Western world has been organized around particular corporate societies—notoriously referred to as “old boy” networks. With the recent drift toward a more liberal market economy, however, these networks have been showing signs of decline—in some cases, all but disappearing. Eelke M. Heemskerk combines formal network analysis and interviews with key members of the corporate elite in order to examine how this decline has affected Dutch capitalism. Even in a liberal market economy, however, corporate directors need social networks to communicate and coordinate their strategic decisions, and *Decline of the Corporate Community* considers the shift of the corporate elite to the new private and informal circles where networking takes place.
