More than anything, Nate's family needs the money—his dad's been downsized, his mom's working two jobs, and they're on the verge of losing their house. Throw Like a Girl Jennie Finch,Ann Killion,2011-08-01 The evidence is overwhelming: sports help girls grow into strong women. Both scientific studies and anecdotal evidence confirm that athletic girls not only grow up to be healthier; they learn teamwork, gain inner confidence, and grow into society's leaders. Sports help preteen and teenage girls make the right choices in a society that is sending them incredibly mixed messages about who they are supposed to be. Yet no one is speaking directly to these girls. Jennie fills the role of girlfriend, big sister, team captain, and mentor. A smart, credible, and accomplished voice from an athlete who is strong and feminine, fiercely competitive, and fashionably cool, Jennie is someone young women will listen to and take to heart. Jennie's message: Believe in yourself. Go for it, girls.

Don't Throw the Book at Them Harry Box,2014-09-09 Don't Throw the Book at Them addresses one of the most vital issues in contemporary missions. It is a

manual for cross-cultural missionaries and national church leaders ministering in societies based on oral rather than written communication. Harry Box is a former missionary and researcher in Papua New Guinea and among the Aborigines of Central Australia. In this book, he explains the distinct characteristics of oral societies, how they differ from literacy-oriented societies, Jesus' ministry to oral communicators, and why effective presentation of the Christian message demands that Western Christians change their approach to orality. He goes beyond case studies and analysis, allowing the reader to develop a detailed plan for communication.

The Throw Danny Hicks, 2022-12-19 In this first book from Superstar Judo's guide to Throwing for Ippon, *The Throw* explores the different Tachi-waza systems used by many of the world's greatest judoka. Understand how Olympic and world champions have developed their unique judo identities, with remarkable insights into their separate philosophies and approaches to scoring Ippon. Find out how Japan's triple World and Olympic Champion Toshihiko Koga revolutionised the sport in the late 1980s and early 1990s, when he showed his incredible reverse style of judo to the world. Understand the incredible Total Judo system developed by Dutch Olympic Champion Mark Huizinga that was used to break a number of international judo records. Great Britain's Craig Fallon reveals how his do-or-die attitude influenced his judo, whilst France's Darcel Yandzi talks about the importance of movement and technique, and how he incorporates music into his coaching. Korea's greatest ever fighter – triple World and Olympic Champion Ki-Young Jeon – remained unbeaten on the global stage. Don't miss out on his incredible judo method, which includes multiple grip changes, feints and combinations. USA's double Olympic and World Champion Kayla Harrison emphasises the balance between physical and mental preparation. The off-the-grip style of judo is best represented by France's triple world and Olympic Champion Lucie Décosse. For a classical approach, there is nobody better to look at than Japan's Keiji Suzuki. The double world and Olympic Champion made Ashi-waza an art form in men's heavyweight judo. In contrast to Suzuki are the very unorthodox styles of Georgian and Mongolian judo. With an introduction to five different judoka, this is chance to learn about unusual grips and entries of attack. *The Throw*, and *Book 2 – The Grip*, are essential reading, forming the basis to all remaining books in the series. Incredible photographic sequences accompany most of the technique variations. These come from Fighting Films' vast archive, with many of the images being shown for the first time. Fighting Films has been closely working alongside the world's greatest judoka for over 30 years. *Throwing for Ippon* is the first project where all of this international technical expertise is compiled in one place. Presented by Superstar Judo, Fighting Films' online coaching subscription site, the techniques can also be viewed in video format by clicking on a QR code at

either the start or end of each book. The author is Fighting Films partner Danny Hicks, who was IJF TV Director from 2009-2017. This guide is an essential for all judoka. Whether you just want to learn the basics of a throw or be inspired by numerous different variations from the world's best, *Throwing for Ippon* reveals the techniques that are proven to work at the very highest level.

Free Throw Tom Amberry, 1996-09-13 On November 15, 1993, a white-haired, 72-year-old gentleman named Dr. Amberry stepped up to the free throw line and into the Guinness Book of World Records by sinking 2,750 shots in a row. He ended his 12-hour streak without a miss, stopping only because they had to close the gym for the night. In *Free Throw*, he reveals his secrets. Beginning with the proper mechanics of the shot, he then explains the importance of the mental game and shares his techniques to help players stay on target even while under pressure. Combining these mental and physical elements, he presents a unique and straightforward 7-step method that teaches readers how to become a 90% free throw shooter. The free throw is the Achilles heel of the basketball player -- many players are great from the floor but lousy at the line. *Free Throw* is the only book to address this important skill. Clearly written, with principles that are easy to put into practice, it is an indispensable manual for all basketball players and coaches.

The Trolley Problem, or Would You Throw the Fat Guy Off the Bridge? Thomas Cathcart, 2013-09-10 A trolley is careering out of control. Up ahead are five workers; on a spur to the right stands a lone individual. You, a bystander, happen to be standing next to a switch that could divert the trolley, which would save the five, but sacrifice the one--do you pull it? Or say you're watching from an overpass. The only way to save the workers is to drop a heavy object in the trolley's path. And you're standing next to a really fat man.... This ethical conundrum--based on British philosopher Philippa Foot's 1967 thought experiment--has inspired decades of lively argument around the world. Now Thomas Cathcart, coauthor of the New York Times bestseller *Plato and a Platypus Walk into a Bar*, brings his sharp intelligence, quirky humor, and gift for popularizing serious ideas to "the trolley problem." Framing the issue as a possible crime that is to be tried in the Court of Public Opinion, Cathcart explores philosophy and ethics, intuition and logic. Along the way he makes connections to the Utilitarianism of Jeremy Bentham, Kant's limits of reason, St. Thomas Aquinas's fascinating Principle of Double Effect, and more. Read with an open mind, this provocative book will challenge your deepest held notions of right and wrong. Would you divert the trolley? Kill one to save five? Would you throw the fat man off the bridge?

A Stone's Throw Fiona Shaw, 2013-04-01 'The people you love, they just slip away ... I won't let you do that' A man and his young son set out on a journey one snow-struck day. Another man skims stones across the sea with his daughter. Three generations separate them, but one loss connects them - sixty years apart, but no more than a stone's throw. In between these two men is Meg. Like everyone, she's made choices in her life; and mostly she's proud of them. But that doesn't mean she isn't haunted by what might have been . . . Set in England and Africa, opening during World War Two, *A Stone's Throw* is about how secrets linger and the price we pay to keep them. Most of all, it's about the choices we make, about consequences - and how we must, finally, let go of the past and face the future.

Robert B. Parker's Stone's Throw Mike Lupica, 2021-09-07 Paradise is rocked by the mayor's untimely death in the latest novel starring police chief Jesse Stone. The town of Paradise receives a tragic shock when the mayor is discovered dead, his body lying in a shallow grave on a property on the lake. It's ostensibly suicide, but Jesse's has his doubts . . . especially because the piece of land where the man was found is the subject of a contentious and dodgy land deal. Two powerful moguls are fighting over the right to buy and develop the prime piece of real estate, and one of them has brought in a hired gun, an old adversary of Jesse's: Wilson Cromartie, aka Crow. Meanwhile, the town council is debating if they want to sacrifice Paradise's stately character for the economic boost of a glitzy new development. Tempers are running hot, and as the deaths begin to mount, it's increasingly clear that the mayor may have standing in the wrong person's way.
