Mica Mouse lost her house in a terrible storm, and now she trembles when the weather turns rough. She's not so different from other children who've experienced something very disturbing in their life or heard about tragic or frightening events in the news. Mica's father tells her the story of a brave blue rhinoceros who learns how to get through rough times with friendship, helpers, love, and by feeling your feelings. LeVar Burton has poured a lifetime of experience storytelling to children into The Rhino Who Swallowed a Storm, and the result is more than a book—it's a manual for finding the light in the midst of dark times.

Nineteen Eighty-Four George Orwell, 2021-01-09 *Nineteen Eighty-Four: A Novel*, often published as 1984, is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, *Nineteen Eighty-Four* centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

Death Star: Star Wars Legends Michael Reaves, Steve Perry, 2011-06-28 “THAT’S NO MOON.” –Obi-Wan Kenobi The Death Star’s name says it all, with bone-chilling accuracy. It is a virtual world unto itself—equipped with uncanny power for a singularly brutal purpose: to obliterate entire planets in the blink of an eye. Its annihilation of the planet Alderaan, at the merciless command of Grand Moff Tarkin, lives in infamy. And its own ultimate destruction, at the hands of Luke Skywalker, is the stuff of legend. But what is the whole story, and who are the players, behind the creation of this world-killing satellite of doom? The near extermination of the Jedi order cleared the way for Palpatine—power-hungry Senator and Sith Lord—to seize control of the Republic, declare himself Emperor, and usher in

a fearsome, totalitarian regime. But even with the dreaded Darth Vader enforcing Palpatine's sinister will, the threat of rebellion still looms. And the Emperor knows that only abject fear—and the ability to punish dissent with devastating consequences—can ensure his unchallenged control of the galaxy. Enter ambitious and ruthless government official Wilhuff Tarkin, architect of the Emperor's terrifying dream come true. From inception to completion, construction of the unprecedented Death Star is awash in the intrigues, hidden agendas, unexpected revelations, and daring gambits of those involved on every level. The brightest minds and boldest egos, the most ambitious and corrupt, the desperate and the devious, all have a stake in the Death Star—and its potential to control the fate of the galaxy. Soldiers and slaves, loyalists and Rebels, spies and avengers, the innocent and the evil—all their paths and fates will cross and intertwine as the Death Star moves from its maiden voyage to its final showdown. And a shadowy chapter of Star Wars history is stunningly illuminated in a thrilling, unforgettable adventure. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!
