But beneath the shiny armor and flashy technology lies Tony Stark, brilliant inventor and eccentric playboy, struggling to balance his desires, addictions, and relationships with his duties as the Armored Avenger. *Iron Man and Philosophy* explores the many philosophical issues that emerge from the essential conflicts found in the decades of Iron Man stories in comics and movies. world? How does Tony’s alcoholism impact his performance as Iron Man, and what does it say about moral character? Ultimately, what can Iron Man teach us about the role of technology in society? As absorbing as Iron Man comic books and movies, Iron Man and Philosophy: Gives you a new perspective on Iron Man characters, story lines, and themes Shows what philosophical heavy hitters such as Aristotle, Locke, and Heidegger can teach us about Tony Stark/Iron Man Considers issues such as addiction, personal responsibility, the use of technology, and the role of government Whether you've been reading the comic books for years or have gotten into Iron Man through the movies, Iron Man and Philosophy is a must-have companion for every fan.
