*Crying in H Mart* Michelle Zauner, 2021-04-20 #1 NEW YORK TIMES BESTSELLER • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—“in losing her mother and cooking to bring her back to life, Zauner became herself” (NPR). • CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BESTSELLER LIST In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely,

and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

**Salt, Fat, Acid, Heat** Samin Nosrat, 2017-04-25 Now a Netflix series New York Times Bestseller and Winner of the 2018 James Beard Award for Best General Cookbook and multiple IACP Cookbook Awards Named one of the Best Books of 2017 by: NPR, BuzzFeed, The Atlantic, The Washington Post, Chicago Tribune, Rachel Ray Every Day, San Francisco Chronicle, Vice Munchies, Elle.com, Glamour, Eater, Newsday, Minneapolis Star Tribune, The Seattle Times, Tampa Bay Times, Tasting Table, Modern Farmer, Publishers Weekly, and more. A visionary new master class in cooking that distills decades of professional experience into just four simple elements, from the woman declared America's next great cooking teacher by Alice Waters. In the tradition of *The Joy of Cooking* and *How to Cook Everything* comes *Salt, Fat, Acid, Heat*, an ambitious new approach to cooking by a major new culinary voice. Chef and writer Samin Nosrat has taught everyone from professional chefs to middle school kids to author Michael Pollan to cook using her revolutionary, yet simple, philosophy. Master the use of just four elements--Salt, which enhances flavor; Fat, which delivers flavor and generates texture; Acid, which balances flavor; and Heat, which ultimately determines the texture of food--and anything you cook will be delicious. By explaining the hows and whys of good cooking, *Salt, Fat, Acid, Heat* will teach and inspire a new generation of cooks how to confidently make better decisions in the kitchen and cook delicious meals with any ingredients, anywhere, at any time. Echoing Samin's own journey from culinary novice to award-winning chef, *Salt, Fat Acid, Heat* immediately bridges the gap between home and professional kitchens. With charming narrative, illustrated walkthroughs, and a lighthearted approach to kitchen science, Samin demystifies the four elements of good cooking for everyone. Refer to the canon of 100 essential recipes--and dozens of variations--to put the lessons into practice and make bright, balanced vinaigrettes, perfectly caramelized roast vegetables, tender braised meats, and light, flaky pastry doughs. Featuring 150 illustrations and infographics that reveal an atlas to the world of flavor by renowned illustrator Wendy MacNaughton, *Salt, Fat, Acid, Heat* will be your compass in the kitchen. Destined to be a classic, it just might be the last cookbook you'll ever need. With a foreword by Michael Pollan.

**The Economics of Sustainable Food** Nicoletta Batini, 2021-06-08 *The Economics of Sustainable Food* details the true cost of food for people and the planet. It illustrates how to transform our broken system, alleviating its severe financial and human burden. The key is smart macroeconomic policy that moves us toward methods that protect the environment like regenerative land and sea farming, low-impact urban farming, and alternative protein farming, and toward healthy diets. The book's multidisciplinary team of authors lay out detailed fiscal and trade policies, as well as structural reforms, to achieve those goals. Chapters discuss strategies to make food production sustainable, nutritious, and fair, ranging from taxes and spending to education, labor market, health care, and pension reforms, alongside regulation in cases where market incentives are unlikely to work or to work fast enough. The authors carefully consider the different needs of more and less advanced economies, balancing economic development and sustainability goals. Case studies showcase successful strategies from around the world, such as taxing foods with a high carbon footprint, financing ecosystems mapping and conservation to meet scientific targets for healthy biomes permanency, subsidizing sustainable land and sea farming, reforming health systems to move away from sick care to preventive, nutrition-based care, and providing schools with matching funds to purchase local organic produce.--Amazon.

*The Sioux Chef's Indigenous Kitchen* Sean Sherman, 2017-10-10 2018 James Beard Award Winner: Best American Cookbook Named one of the Best Cookbooks of 2017 by NPR, The Village Voice, Smithsonian Magazine, UPROXX, New York Magazine, San Francisco Chronicle, Mpls. St. Paul Magazine and others Here is real food—our indigenous American fruits and vegetables, the wild and foraged

ingredients, game and fish. Locally sourced, seasonal, “clean” ingredients and nose-to-tail cooking are nothing new to Sean Sherman, the Oglala Lakota chef and founder of The Sioux Chef. In his breakout book, *The Sioux Chef’s Indigenous Kitchen*, Sherman shares his approach to creating boldly seasoned foods that are vibrant, healthful, at once elegant and easy. Sherman dispels outdated notions of Native American fare—no fry bread or Indian tacos here—and no European staples such as wheat flour, dairy products, sugar, and domestic pork and beef. The Sioux Chef’s healthful plates embrace venison and rabbit, river and lake trout, duck and quail, wild turkey, blueberries, sage, sumac, timsula or wild turnip, plums, purslane, and abundant wildflowers. Contemporary and authentic, his dishes feature cedar braised bison, griddled wild rice cakes, amaranth crackers with smoked white bean paste, three sisters salad, deviled duck eggs, smoked turkey soup, dried meats, roasted corn sorbet, and hazelnut-maple bites. *The Sioux Chef’s Indigenous Kitchen* is a rich education and a delectable introduction to modern indigenous cuisine of the Dakota and Minnesota territories, with a vision and approach to food that travels well beyond those borders.
